## LOCAL NOTICE TO MARINERS

**District: 1**

**Week: 47/16**

COASTAL WATERS FROM EASTPORT, MAINE TO SHREWSBURY, NEW JERSEY

NOTES:

- (1) Unless otherwise indicated, missing and destroyed structures are presumed to be in the immediate vicinity of assigned position. Mariners should proceed with caution.
- (2) The Local Notice to Mariners is a weekly edition.
- (3) Inquiries, published articles or Information: mail to: LNM@uscg.mil
- (4) The U.S. Coast Pilot supplements the navigational information shown on nautical charts.
- (5) The Coast Pilot, along with its corrections, are available online at <http://www.nauticalcharts.noaa.gov/nsd/cpdownload.htm>.

The Local Notice to Mariners is available online at <http://www.navcen.uscg.gov/?pageName=InmDistrict&region=1>  
The updated 2016 Light List is available online at: <http://www.navcen.uscg.gov/?pageName=lightListWeeklyUpdates>  
Information on Private Aids to Navigation is available at: <http://www.usharbormaster.com/>  
Reports of Channel conditions can be found at the Army Corps of Engineers website at:  
<http://www.nan.usace.army.mil/Missions/Navigation/ControllingDepthReports.aspx> .  
NOAA Tides and Currents can be found at: <http://tidesandcurrents.noaa.gov/> .

The United States Coast Guard Navigation Information Service (NIS), operated by the USCG Navigation Center, is staffed 24 hours a day, 7 days a week. The NIS provides information on the current operational status, effective policies, and general information for GPS and DGPS. The NIS also disseminates Safety Broadcasts (BNM), Local Notice to Mariners (LNM), and the latest Notice Advisory to Navstar Users (NANU). NANU notices can be obtained via email subscription through the USCG Navigation Center website: <http://cgls.uscg.mil/mailman/listinfo/nanu> . In addition, the NIS investigates all reports of degradation or loss of GPS, DGPS or AIS service. Users are encouraged to report all degradation or loss of radio navigation services to the NIS via any of the following: Phone: (703) 313-5900, mail to: [tis-sg-nisws@uscg.mil](mailto:tis-sg-nisws@uscg.mil) , or on the internet at: <http://www.navcen.uscg.gov> .

PLEASE IMMEDIATELY REPORT DISCREPANCIES IN AIDS TO NAVIGATION TO THE NEAREST COAST GUARD UNIT

COMMANDER, FIRST COAST GUARD DISTRICT (dpw)  
408 Atlantic Avenue, Boston, Massachusetts 02110-3350  
Telephone: (617) 223-8356  
24 Hour FAX: (617) 223-8291  
<http://www.uscg.mil/d1/prevention/Marineinfoeregulations.asp>

---

All bearings are in degrees TRUE - All times are in Local Time unless otherwise noted.

### ABBREVIATIONS

**A through H**

ADRIFT - Buoy Adrift  
AICW - Atlantic Intracoastal Waterway  
AI - Alternating  
B - Buoy  
BKW - Breakwater  
bl - Blast  
BNM - Broadcast Notice to Mariner  
bu - Blue  
C - Canadian  
CHAN - Channel  
CGD - Coast Guard District

**I through O**

I - Interrupted  
ICW - Intracoastal Waterway  
IMCH - Improper Characteristic  
INL - Inlet  
INOP - Not Operating  
INT - Intensity  
ISL - Islet  
Iso - Isophase  
kHz - Kilohertz  
LAT - Latitude  
LB - Lighted Buoy

**P through Z**

PRIV - Private Aid  
Q - Quick  
R - Red  
RACON - Radar Transponder Beacon  
Ra ref - Radar reflector  
RBN - Radio Beacon  
REBUILT - Aid Rebuilt  
RECOVERED - Aid Recovered  
RED - Red Buoy  
REFL - Reflective  
RRL - Range Rear Light

C/O - Cut Off	LBB - Lighted Bell Buoy	RELIGHTED - Aid Relit
CONT - Contour	LHB - Lighted Horn Buoy	RELOC - Relocated
CRK - Creek	LGB - Lighted Gong Buoy	RESET ON STATION - Aid Reset on Station
CONST - Construction	LONG - Longitude	RFL - Range Front Light
DAYMK/Daymk - Daymark	LNM - Local Notice to Mariners	RIV - River
DBN/Dbn - Daybeacon	LT - Light	RRASS - Remote Radio Activated Sound Signal
DBD/DAYBD - Dayboard	LT CONT - Light Continuous	s - seconds
DEFAC - Defaced	LTR - Letter	SEC - Section
DEST - Destroyed	LWB - Lighted Whistle Buoy	SHL - Shoaling
DISCON - Discontinued	LWP - Left Watching Properly	si - silent
DMGD/DAMGD - Damaged	MHz - Megahertz	SIG - Signal
ec - eclipse	MISS/MSNG - Missing	SND - Sound
EST - Established Aid	Mo - Morse Code	SPM - Single Point Mooring Buoy
ev - every	MRASS - Marine Radio Activated Sound Signal	SS - Sound Signal
EVAL - Evaluation	MSLD - Misleading	STA - Station
EXT - Extinguished	N/C - Not Charted	STRUCT - Structure
F - Fixed	NGA - National Geospatial-Intelligence Agency	St M - Statute Mile
fl - flash	NO/NUM - Number	TEMP - Temporary Aid Change
Fl - Flashing	NOS - National Ocean Service	TMK - Topmark
G - Green	NW - Notice Writer	TRLB - Temporarily Replaced by Lighted Buoy
GIWW - Gulf Intracoastal Waterway	OBSCU - Obscured	TRLT - Temporarily Replaced by Light
HAZ - Hazard to Navigation	OBST - Obstruction	TRUB - Temporarily Replaced by Unlighted Buoy
HBR - Harbor	OBSTR - Obstruction	USACE - Army Corps of Engineers
HOR - Horizontal Clearance	Oc - Occulting	W - White
HT - Height	ODAS - Anchored Oceanographic Data Buoy	Y - Yellow

**Additional Abbreviations Specific to this LNM Edition:**

SNNE- U.S. Coast Guard Sector Northern New England  
 SBOS- U.S. Coast Guard Sector Boston  
 SENE- U.S. Coast Guard Sector Southeastern New England  
 SLIS- U.S. Coast Guard Sector Long Island Sound  
 SNEW- U.S. Coast Guard Sector New York

AIS - Automatic Identification System  
 AtoN - Aids to Navigation  
 LLNR - Light List Number  
 NM - Nautical Mile

---

**SECTION I - SPECIAL NOTICES**

This section contains information of special concern to the Mariner.

---

**NOTICE TO ALL PRIVATE BOATS AT SEA**

United States laws and regulations require that ALL private boats arriving from a foreign port or place MUST report to the Bureau of Customs and Border Protection IMMEDIATELY upon their arrival into the United States. Every person entering the United States must be seen in person for immigration purposes by a Customs and Border Protection officer, except those participating in the I-68 -Canadian Border Boat Landing Program-. However, holders of form I-68 are still required to report their arrival into the United States to the Bureau of Customs and Border Protection. Masters and passengers must provide proof of citizenship or legal immigration status, and be in possession of a valid passport and visa, if required. Citizens of countries that are participants in the Visa Waiver Program are not eligible to seek admission to the United States under that program via private vessel. Once your boat is anchored or tied, you are considered to have entered the United States. No one may leave the vessel until Customs and Border Protection grants permission. The only exception to this requirement is to report arrival. In order to fulfill the requirement to immediately report a private boat arrival, the master of the vessel must contact the nearest Customs and Border Protection Office, or if the arrival occurs after business hours, the nearest 24 hour port of entry. Upon reporting, you may be required to proceed to a staffed port for inspection by Customs and Border Protection. Failure to comply with these requirements could result in serious criminal and civil penalties, including seizure of the boat. International mariners are urged to report any suspicious or illegal activity to the Bureau of Customs and Border Protection at 1-800-BE-ALERT.

LNM 09/15

**NY/NJ – OPERATION CLEAR CHANNEL IN THE PORT OF NY/NJ**

The Operation Clear Channel program is designed to educate boaters about the hazards of operating small vessels and personal watercraft in the confines of navigational channels used by larger commercial ships. Federal Navigation Rules, also known as the "Rules of the Road", address this safety concern by giving commercial vessels priority, or right-of-way, over smaller vessels when navigating in narrow channels. An average of 1,400 commercial vessels navigate the waters of the Port of NY/NJ every day and the masters of these vessels, while always on the lookout,

cannot always see smaller vessels operating within the channels.

Recreational boaters should keep a sharp lookout and always be prepared to give way to ships constrained in their ability to maneuver, especially when operating within close proximity of a channel. U.S. Coast Guard units in New York and New Jersey actively promote boater awareness through vessel enforcement patrols and visits to local marinas. The U.S. Coast Guard focuses Operation Clear Channel efforts on high-traffic regions, such as Ambrose Channel, Sandy Hook Channel and Raritan Bay, but patrols all of New York Harbor in an effort to promote awareness. Mariners interested in increasing their knowledge of boating safety, including the "Rules of the Road", should consider a U.S. Coast Guard Auxiliary boating safety course. Course information is available online at <http://www.cgaux.org> in the "Take a Boating Course" section, or by calling 1-800-336-BOAT. Further information can be found at <http://thesafeharbor.us/index.html>

LNM 02/15

#### SAFE BOATING VIDEO FOR THE PORT OF NY & NJ

This free online educational resource for safe boating in the Port of NY & NJ is a cooperative effort by the I BOAT NJ program through NJ DOT and U.S. Coast Guard Sector New York. The project contains a feature length 26 minute safety video describing the challenges of the multi user Port environment and 5 sub chapters: Paddlers, Motor Boaters, Sailors, Pilots and Operation Clear Channel. Its mission is to increase safety and awareness in the Port and its target is recreational boaters who transit and operate in the Port. It can be found online at <http://thesafeharbor.us/index.html>. Please distribute far and wide.

LNM 07/15

#### US NOTICE TO MARINERS (NTM)

The US Notice to Mariners provides timely marine safety information for the correction of all US Government navigation charts and publications from a wide variety of sources both foreign and domestic. To ensure the safety of life at sea, the information published in the Notice to Mariners is designed to provide for the correction of unclassified nautical charts, the Unclassified NGA/DLIS Catalog of Hydrographic Products, United States Coast Pilots, NGA List of Lights, USCG Light Lists, and other related nautical publications produced by NGA, NOS and the U.S. Coast Guard. The US Notice to Mariners will contain only those chart corrections of interest to ocean going vessels. It is available online at [http://msi.nga.mil/NGAPortal/MSI.portal?nfpb=true&pageLabel=msi\\_portal\\_page\\_61](http://msi.nga.mil/NGAPortal/MSI.portal?nfpb=true&pageLabel=msi_portal_page_61). NTM 01 – Special Paragraphs includes information on: America's Waterway Watch program asking those who work, live, or recreate on or near the water to be aware of suspicious activity, The Prudent Mariner and the use of floating Aids to Navigation, and Northern Right Whales.

LNM 07/15

#### MARINER ALERT-SHIP/WHALE COLLISIONS

Collisions between vessels and whales are a threat to a number of endangered large whale species – most notably, the right whale. The United States has established measures to reduce this threat. A vessel speed restriction requires that vessels 65 feet or greater in length travel 10 knots or less in certain areas and on a rolling basis at certain times where endangered right whales may be present: [http://www.fisheries.noaa.gov/pr/pdfs/shipstrike/compliance\\_guide.pdf](http://www.fisheries.noaa.gov/pr/pdfs/shipstrike/compliance_guide.pdf) . This rule applies within 20 nautical miles around all major ports and in other locations along the U.S. eastern seaboard. Temporary voluntary speed limits also may be imposed in other areas when an aggregation of three or more right whales is confirmed. In addition, ships 300 gt and greater are required to report their location and speed to a USCG shore station in certain prescribed areas: <http://www.nmfs.noaa.gov/pr/shipstrike/msr.htm> . A computer-based interactive guide and training resource for mariners is available at: <http://www.greateratlantic.fisheries.noaa.gov/shipstrike/doc/mtr.html> . The guide provides information on endangered whales, recommended navigational actions when operating in whale habitat, a guide to reporting sightings of dead or injured right whales, and related information. Additional steps mariners can take to help reduce the chances of hitting a right whale can be found at: [http://www.nero.noaa.gov/shipstrike/doc/guidelines%20placard\\_high.pdf](http://www.nero.noaa.gov/shipstrike/doc/guidelines%20placard_high.pdf) .

## SECTION II - DISCREPANCIES

This section lists all reported and corrected discrepancies related to Aids to Navigation in this edition. A discrepancy is a change in the status of an aid to navigation that differs from what is published or charted.

---

## SECTION IV - CHART CORRECTIONS

---

This section contains corrections to federally and privately maintained Aids to Navigation, as well as NOS corrections.

This section contains corrective actions affecting chart(s). Corrections appear numerically by chart number, and pertain to that chart only. It is up to the mariner to decide which chart(s) are to be corrected. The following example explains individual elements of a typical chart correction.

Chart Number	Chart Edition	Edition Date	Last Local Notice to Mariners	Horizontal Datum Reference	Source of Correction	Current Local Notice to Mariners
12327	91st Ed.	19-APR-97	Last LNM: 26/97	NAD 83		27/97
Chart Title: NY-NJ-NEW YORK HARBOR - RARITAN RIVER						
Main Panel 2245 NEW YORK HARBOR						
(Temp)	ADD	NATIONAL DOCK CHANNEL BUOY 3			CGD01 at 40-41-09.001N	074-02-48.001W
	Corrective Action	Object of Corrective Action			Position	

(Temp) indicates that the chart correction action is temporary in nature. Courses and bearings are given in degrees clockwise from 000 true. Bearings of light sectors are toward the light from seaward. The nominal range of lights is expressed in nautical miles (NM) unless otherwise noted.

Warwick Narrows East End Buoy 6 (LLNR 19330)

Charts: 13221 13224

LNM: 21/16

**SECTION VI - PROPOSED CHANGES**

Periodically, the Coast Guard evaluates its system of aids to navigation to determine whether the conditions for which the aids to navigation were established have changed. When changes occur, the feasibility of improving, relocating, replacing, or discontinuing aids are considered. This section contains notice(s) of non-approved, proposed projects open for comment. SPECIAL NOTE: Mariners are requested to respond in writing to the District office unless otherwise noted (see banner page for address).

**PROPOSED WATERWAY PROJECTS OPEN FOR PUBLIC COMMENT**

<b><u>Proposed Project(s)</u></b>	<b><u>Closing</u></b>	<b><u>Docket No.</u></b>	<b><u>Ref. LNM</u></b>
None			

**Proposed Change Notice(s)**

**ME-YARMOUTH (REVISED)**

The U.S. Coast Guard (USCG) is planning to remove the steel lattice tower and tank-house which served as Cousins Island Light on Spruce Point in Yarmouth, Maine where it was utilized for navigation guidance by vessel operators on Casco Bay until it was discontinued as a federal aid to navigation in 2000.

Through discussion with the Maine State Historic Preservation Officer (ME SHPO), it was determined that the Cousins Island Light structure is eligible for listing in the National Register of Historic Places (Register) under Criterion A of the Secretary of the Interior's Standards for its significance in the areas of transportation and maritime history.

The current plan is to demolish this structure after historic recordation is completed. However, before that action is taken, we request any comments regarding suggestions for off-site preservation of the tower or any information about individuals or organizations that may have an interest in preserving this structure. For questions or to provide comments, please reply by December 22, 2016 to:

email: [CEUP.ENV@uscg.mil](mailto:CEUP.ENV@uscg.mil) or mail to

U.S. Coast Guard

Warwick, Rhode Island 02886-1379

LNM: 47/16

**NY-NEW YORK**

**SAFETY AND SECURITY ZONES - NEW YORK MARINE INSPECTION AND CAPTAIN OF THE PORT ZONE**

SUMMARY: The Coast Guard is requesting public comments from any and all waterway users regarding the permanent security zone that encompasses all waters within 150 yards of the bridge connecting Liberty State Park and Ellis Island. The Coast Guard is considering restoring navigational access to the waterway between Ellis Island and Liberty State Park by modifying the security zone around the Ellis Island Bridge. The proposed modification of the security zone would increase navigational safety in New York Harbor by allowing vessels to transit under the Ellis Island Bridge, rather than being required to transit the Anchorage Channel.

DATES: Comments and related material regarding the ANPRM must be received by the Coast Guard on or before January 3, 2017.

ADDRESSES: Comments may be submitted by identifying docket number USCG-2016-0799 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

Charts: 12334 12335

LMN: 46/16

**NY-HUDSON RIVER-KINGSTON-YONKERS-ANCHORAGE GROUNDS (REVISED)**

SUMMARY: The Coast Guard is considering establishing new anchorage grounds in the Hudson River from Yonkers, NY, to Kingston, NY. We are considering this action after receiving requests suggesting that anchorage grounds may improve navigation safety along an extended portion of the Hudson River, which currently has no anchorage grounds, allowing for a safer and more efficient flow of vessel traffic. The Coast Guard is seeking comments and information about the operational need for new anchorage grounds and what form possible regulations should take.

DATES: Comments and related material must be received by the Coast Guard on or before December 6, 2016.

ADDRESSES: You may submit comments identified by docket number USCG-2016-0132 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the

SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this document, call or email Mr. Craig Lapiejko, Waterways Management Branch at Coast Guard First District, telephone 617-223-8351, email [craig.d.lapiejko@uscg.mil](mailto:craig.d.lapiejko@uscg.mil).

LMN: 36/16

**NEW YORK AND NEW JERSEY-FIRST DISTRICT-NEW YORK HARBOR (Chart 12327)-SWASH CHANNEL**

The U.S. Coast Guard is considering making the following change to Aids to Navigation:

CHANGE Romer Shoal Light (LLNR 35070) nominal range from 15NM to 13NM. The Coast Guard intends to use a more power efficient LED lantern that will flash instead of rotate.

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 17 February 2016 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-178. E-mail can be sent to: [D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL](mailto:D01-SMB-DPWPUBLICCOMMENTS@USCG.MIL).

LMN: 44/16

**CT- LONG ISLAND SOUND (Connecticut) - First District- BODKIN ROCK TO HARTFORD (Chart 12377)-CONNECTICUT RIVER**

The U.S. Coast Guard is considering making the following changes to Aids to Navigation to this waterway:

DISESTABLISH the following ranges on the Connecticut River:

Connecticut River Range C (LLNR 23270/23275)

Connecticut River Range D (LLNR 23025/23030)

Connecticut River Range E (LLNR 23165/23170)

Connecticut River Range G (LLNR 23220/23225)

Connecticut River Range J (LLNR 23270/23275)

CHANGE Connecticut River Range D Front Light (LLNR 23025) to Connecticut River Light 67 (LLNR 23225) Quick Green flashing light with green dayboards.

CHANGE Connecticut River Range E Front Light 102 (LLNR 23165) to Connecticut River Light 102 (LLNR 23165) Red 2.5s flashing light with red dayboards.

CHANGE Connecticut River Range G Front Light 116 (LLNR 23220) to Connecticut River Light 116 (LLNR 23220) Red 2.5s flashing light with red dayboards.

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 24 Feb 2017 to complete the process. In order to most effectively consider your feedback and improve or data collection when responding to this proposal, please include size and type of vessel, recreational or

commercial, and distance from aid that you start looking for it, and if and how you use the signal. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-16-141. E-mail can be sent to: D01-SMB-DPWPUBLICComments@uscg.mil.

LNM: 20/16

**MA-IPSWICH BAY TO GLOUCESTER HARBOR (Chart 13279)-GLOUCESTER INNER HARBOR**

The U.S. Coast Guard is cancelling without action the proposed changes to this waterway (Project number 01-16-127):

DISESTABLISH Gloucester Inner Harbor Junction Lighted Buoy GH (LLNR 9920)  
RELOCATE Gloucester Inner Harbor North Channel Buoy 2 (LLNR 9935)

---

## SECTION VII - GENERAL

This section contains information of general concern to the Mariners. Mariners are advised to use caution while transiting these areas.

---

### SUMMARY OF GENERAL PROJECTS STILL IN EFFECT

Enclosure

LNM: 47/16

#### CT-THAMES RIVER

Dredging will be done in Ship Berth & Turning Basin from November 28, 2016 - January 31, 2017. The hours of operation will be 7 days a week, 24 hours a day. On scene will be the dredge MICHIGAN, tugs MARY ALICE, EMILY ANN & THOMAS D WITTE and dump scows W-4002, W-4403, W-4004 that will be monitoring VHF-FM channels 13 and 16 and working channel 78.

LNM: 47/16

#### MA-COHASSET HARBOR (REVISED)

Dredging will be done in the following position 42-14'-56.58N, 70\*-47'-00.18W from October 28, 2016 - January 31, 2017. The hours of operation will be 7 days a week, 24 hours a day. On scene will be the dredge TRITON, scow JEANNE, tugs JEAN PIERRE & KODIAK, push boat FALCON and skiffs STIPRUMAS & WOODEN that will be monitoring VHF-FM channel 10. Marine Contractors will add small strobes on the offshore mooring buoy so that crews can more easily locate. Mooring location is 42 15 28.38006N 70 46 40.82195W and is a 5' diameter round steel ball that is white with blue stripe. Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.

LNM: 47/16

#### NY-JONES INLET

Diving to deploy scientific instruments and hydrographic survey work is being done in Point Lookout until December 18, 2016. Deployment of the scientific instruments will be conducted outside of Alder Channel on its west side in (PA) 40 35' 38" N 73 34' 22" W. On scene will be survey boat MARTHAJEAN and crew boat R/V MORGAN that will be monitoring VHF-FM channels 16 and 13. Mariners are requested to proceed with caution at their slowest safe speed after passing arrangements have been made.

LNM: 47/16

#### NY-WALLABOUT BAY

Debris removal will be done at the Brooklyn Navy Yard from November 28 - December 31, 2016. The hours of operation will be Monday - Friday, 7:00 am - 4:00 pm. On scene will be barges.

LNM: 47/16

#### MA- PLYMOUTH, KINGSTON AND DUXBURY HARBORS (Chart 13253)-GREEN HARBOR

The U.S. Coast Guard is conducting a Waterways Analysis and Management System Study on Green Harbor Waterway System. The study focuses on the existing aids to navigation system, waterborne commerce, marine casualty information, and future development projects. The purpose of this study is to determine the navigational requirements of vessels operating in this waterway. Individual operators and interested maritime industry representatives are requested to provide comment and feedback prior to January 20th, 2017.

Comments and feedback answering the below questions can be emailed to: D01-SG-SecBos-WWM@uscg.mil with Green Harbor WAMS as the subject line.

1. What special environmental conditions exist in this waterway? (Weather, current visibility, marine life, ect)?
2. What is the hardest part of navigating this waterway safely? (Sea conditions, shoaling submerged hazards, vessel traffic etc.)?
3. Which aids to navigation do you feel are the most critical in your transits and why?
4. What, if anything would help you improve the safety of this transit?
5. Vessel Type:
6. Navigational Tools used:
7. Transit Frequency:
8. Please list any other organizations, groups, or individuals (including points of contact & email address) that might also be interested in these waterways
9. Open Comments/Information:

## BRIDGE SECTION

### COAST GUARD HAS GRANTED APPROVAL FOR THE FOLLOWING BRIDGE DEVIATION AND REGULATION CHANGES:

<u>BRIDGE/WATERWAY</u>	<u>MILE</u>	<u>33CFR Sect.</u>	<u>DEVIATION/RULE</u>	<u>EFF.DATE</u>
Captree State Pkwy/State Boat Channel	30.7	117.799(i)	Temporary Deviation	9/6/2016-12/16/2016
Marine Pkwy Bridge/Jamaica Bay	3.0	117.795(a)	Temporary Deviation	11/15/2016-5/13/2017
Rte. 1&9/Hackensack River	2.0	117.723	Temporary Deviation	3/1/2014-9/20/2017
Pulaski Bridge/Newtown Creek	0.6	117.801(g)	Temporary Deviation	11/15/2016-12/02/2016
Spuyten Duyvil Bridge/Harlem River	7.9	117.789(d)	Temporary Deviation	12/09/2016-12/11/2016

**MAINE – PENOBSCOT RIVER – Bridge Replacement** – Construction to the Route 155/6 Bridge across the Penobscot River is in progress. There will not be any obstruction in the navigation channel. All work will be from the temporary trestle located outside the navigation channel. This work will be completed by **December 2017**. Mariners should use caution when transiting the area.  
Charts 13309 LNM 47/16 (CGD1)

**MAINE – ST GEORGE RIVER – Bridge Replacement** – Construction to the Wadsworth Street Bridge across St George River is in progress. There will be a construction barge positioned up stream of the bridge. A clear path for small boat traffic will be maintained throughout the project. Contractor hours will be 7 a.m. to 5 p.m. daylight hours Monday through Friday. The contractor can be contacted at 207-594-9565. This work will be completed by **June 2017**. Mariners should use caution when transiting the area.  
Charts 13301 LNM 47/16 (CGD1)

**MAINE – KENNEBUNK RIVER – Bridge Replacement** – Construction to the Matthew J. Lanigan Route 9 Bridge across Kennebunk River will commence on **October 10, 2016** and continue through **May 24, 2017**. Contractor hours will be 7 a.m. to 5 p.m. daylight hours Monday through Friday. Information concerning the project can be directed to Maine DOT John P. Auger at 207-592-7816. Mariners should use caution when transiting the area.  
Charts 13286 LNM 47/16 (CGD1)

**MAINE AND NEW HAMPSHIRE – PORTSMOUTH TO DOVER AND EXETER – PISCATAQUA RIVER – Bridge Construction** – Bridge construction to replace the Sarah M. Long Bridge will continue through **May 2019**. Barges will be located at the bridge in various locations throughout the project. A Regulated Navigation Area surrounding the Bridge is in place. Requests for information can be directed to USCG Sector Northern New England at 207-347-5015. Questions concerning bridge construction should be directed to Mr. Kaven Philbrook, the project manager with Cianbro at 207-487-3311 or Mr. Ronald Taylor, ME DOT Resident Engineer at 207-446-2885. For information about the Regulated Navigation Area in the vicinity of the Sarah M. Long Bridge contact the Coast Guard at [NNewaterways@uscg.mil](mailto:NNewaterways@uscg.mil) or view the document, docket number USCG-2014-0554 at [www.regulations.gov](http://www.regulations.gov). Mariners should use caution when transiting the area.  
Chart 13285 LNM 47/16(CGD1)

**MAINE AND NEW HAMPSHIRE – PORTSMOUTH TO DOVER AND EXETER – PISCATAQUA RIVER – Bridge Construction** – Bridge construction to install a temporary tidal turbine on pier #2 facing Portsmouth on the Memorial Bridge will commence on **November 20, 2016** between Portsmouth, New Hampshire and Kittery, Maine and will continue through **December 15, 2016**. A 40x15 barge will be located outside the shipping channel. No waterway closures have been requested. Questions concerning bridge construction should be directed to Mr. Geof Tortoriello, the project manager with Pepperell Cover Marine at 207-242-5201, or Mr. Bob Landry, NH DOT at 603-271-3921. Mariners should use caution when transiting the area.  
Chart 13283 LNM 47/16(CGD1)

**MASSACHUSETTS – NEWBURYPORT HARBOR AND PLUM ISLAND SOUND – MERRIMACK RIVER – Bridge Construction** – Construction of the new Whittier I-95 Bridge across the Merrimack River, mile 6.0, between Newburyport and Amesbury, Massachusetts will continue through the **fall of 2016**. Tug and barges used for the construction will be operating in both the Federal and Steamboat Channels. The two channels will remain open at all times; however, they will be reduced in horizontal width. The main Federal channel will be reduced to approximately 145 feet in width and the Steamboat channel will be reduced to approximately 86 feet in width. Both channels will be marked by day boards on temporary steel support structures located on the edge of the reduced channel and with quick flashing red lights during times of reduced visibility. It is recommended that vessel traffic hail the tug Katahdin via VHF-FM Channel 16 or 13 before transiting the bridge. Mariners are urged to transit at the slowest safe speed to minimize wake and should use caution when transiting the area.  
Chart 13282 LNM 47/16 (CGD1)

**MASSACHUSETTS – BOSTON HARBOR – CHARLES RIVER – Bridge Construction** – Construction is ongoing and will continue through **May 30, 2017**, at the Longfellow Bridge across the Charles River, mile 1.5, between Boston and Cambridge, Massachusetts. Work barges will be deployed at various locations outside the main navigation channel rehabilitating the support piers. Working hours are 6 a.m. to 5 p.m. Monday through Saturday. Questions should be directed to the contractor, J.F. White, Mr. Greg Labrum, via land line at 508-879-4700 or cell phone at 617-719-7150. Mariners should use caution when transiting the area. Chart 13272 LNM 47/16 (CGD1)

**MASSACHUSETTS – BOSTON INNER HARBOR – CHARLES RIVER – Bridge Rehabilitation** – Construction to the Anderson Memorial Bridge, mile 5.1, Charles River is in progress. There are barges operating in the navigation channel. Mariners can contact Massachusetts DOT Resident Engineer Mr. Roderick Connelly at 617-981-2564 for the barge locations. Spans may be closed for repairs while others remain open. The project will be completed by **June 2017**. Mariners should use caution when transiting the area. Chart 13272 LNM 47/16 (CGD1)

**MASSACHUSETTS – BOSTON INNER HARBOR – CHARLES RIVER – Bridge Repairs** – Masonry repairs to the Eliot Bridge, mile 5.9, Charles River are ongoing. There will be barges operating in the navigation channels throughout the project. At least one channel will remain clear at all times. Mariners can contact the contractor at 617-212-2565 for the barge locations. Mariners should use caution when transiting the area. Chart 13272 LNM 47/16 (CGD1)

**MASSACHUSETTS - BOSTON HARBOR – WEYMOUTH FORE RIVER - Bridge Construction** – Bridge construction at the new Route 3A highway bridge, mile 0.0, across the Weymouth Fore River between Quincy and Weymouth, Massachusetts is ongoing and will continue through **March 2017**. The new span and the temporary span will open per regulation except for announced closures necessary for the construction of the bridge. Work vessels may be present from time to time and can be contacted on VHF-FM Channel 13 or by calling the contractor Mr. Jim Jones at 617-719-7174. Mariners should check for Safety Marine Information Broadcasts and use caution while transiting the area. Chart 13270 LNM 47/16 (CGD1)

**MASSACHUSETTS - OAK BLUFFS HARBOR – LAGOON POND – Bridge Construction/Channel Closure** – Massachusetts Department of Transportation (MASS DOT) is completing the new Beach Road drawbridge over Lagoon Pond in Martha's Vineyard, Massachusetts. The draw will open on signal from **September 16, 2016, through May 14, 2017** if at least twenty-four (24) hours advance notice is given by calling the number posted at the bridge (508-693-1212). Mariners are urged to use caution while navigating through the bridge. MASS DOT's project engineer is Mr. Michael McGrath who can be contacted at 508-884-4282. MASS DOT's contractor is The Middlesex Corporation. The contractor's on-scene workboats monitor VHF channels 13 and 16. Mr. Jamie Doyle, project manager for The Middlesex Corporation, can be reached at 617-306-8208 or through MV Central Communication bridge tender at 508-693-1212. Questions regarding navigation issues may be addressed to Mr. Edward G. LeBlanc at Coast Guard Sector Southeastern New England, 401-435-2351. Chart 13237 LNM 47/16 (CGD1)

**MASSACHUSETTS – NANTUCKET SOUND – BASS RIVER – Bridge Repairs** – Bridge repairs are underway at the Route 28 Bridge mile 1.7, across the Bass River at Dennis-Yarmouth, Massachusetts and will continue through **November 30, 2016**. Normal working hours will be during daylight, Monday through Friday. No work is planned for the main navigation channel. A 20x50 and two 10x20 work barges will be in the vicinity of the bridge during the project. A 6 foot reduction in vertical clearance and 6 foot horizontal clearance reduction near bridge pilings will occur. Any questions concerning the bridge repairs should be directed to the contractor, SPS New England Inc., Mr. Dan Jolda at 774-696-2645. Mariners should use caution when transiting the area. Chart 13229 LNM 47/16 (CGD1)

**MASSACHUSETTS - HAVERILL - MERRIMACK RIVER - Bridge Rehabilitation** - Construction on the Massachusetts Bay Transportation Authority (MBTA) Bridge in Haverhill, MA at mile 19.9 of the Merrimack River will commence on or about **June 18, 2016** and run through **November 2018** during spring to fall each year. Construction barges will be operating and stored in the navigation channels. Hours of construction operations are Monday through Friday between 6:30 a.m. and 5:00 p.m. The navigation channel will be reduced in width, but available at all times for navigation. Any questions concerning the bridge should be directed to the contractor, Cianbro Corporation, Mr. Brayden Sheive at 207-553-6676. Mariners should exercise caution when transiting the area. Chart 13282 LNM 47/16 (CGD1)

**MASSACHUSETTS – BOSTON INNER HARBOR – MYSTIC RIVER – Bridge Repairs** – Bridge repairs are underway at the Cradock Bridge mile 5.1, across the Mystic River at Boston, Massachusetts and will continue through **Fall 2018**. Working hours will

be 7 a.m. to 3:30 p.m., Monday through Friday. The main channel has temporarily shifted to the northern most span and will be relocated until the summer of 2018. A temporary bridge is in place with working floats and silt booms in the area. Questions concerning the bridge should be directed to the contractor, Zoppo Corp, Mr. Andy Greenlaw at 617-839-9121. Mariners should use caution while transiting the area.

Chart 13272LNM 47/16 (CGD1)

**RHODE ISLAND – MASSACHUSETTS – NARRAGANSETT BAY – TAUNTON RIVER - Bridge Painting and Vertical Clearance Reduction** – Cleaning and painting operations are underway at the I-195/Rt-79 (Braga Bridge) at mile 0.4, across the Taunton River between Fall River and Somerset, Massachusetts. Painting operations will continue through **July 2017**. A paint containment platform reduces the vertical clearance by approximately 10 feet. The containment system will be in place through early **2017**. Three work barges (124' x 62') (90' x 30') and (20' x 8') will be positioned at various locations outside the main navigation channel. Working hours will be 7 a.m. to 10 p.m., Monday through Friday. Mariners should use caution while transiting the area. Chart 13221 LNM 47/16 (CGD1)

**RHODE ISLAND - POINT JUDITH HARBOR - Bridge Replacement** - Construction of the Great Island Road Bridge located approximately 0.85 miles above the mouth of Point Judith Pond is in progress. There will not be any obstruction in the navigation channel. Hours of construction are Monday through Friday between 7:00 a.m. and 3:30 p.m. This work is scheduled to be completed by **April 2017**. Mariners should use caution when transiting the area.

Charts 13219 LNM 47/16 (CGD1)

**RHODE ISLAND - PROVIDENCE RIVER - Bridge Construction** – Construction of the Providence River Pedestrian Bridge across the Providence River will commence **October 24, 2016** and continue until **June 30, 2017**. During this time frame at least one of the three navigable openings will remain open. Barges will be in various locations throughout the duration of the project located at each pier including additional work floats. The barge operators can be contacted on via marine radio VHF-FM CH 13/16. Questions should be directed to the contractor, Mr. Steve Potorski at 413-246-6151. Mariners should exercise caution when transiting the area. Chart 13225 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – NEW HAVEN HARBOR – QUINNIPIAC RIVER – Bridge Inspection** – From November 29 to **November 30, 2016**, between 8 a.m. and 3:30 p.m., divers will be conducting an underwater inspection of the U.S. Route 1 Bridge (Tomlinson Bridge) across the Quinnipiac River in New Haven, Connecticut. The dive boat may be contacted via marine radio VHF-FM CH 13. The divers and dive boat will not intrude into the navigable channel. Questions should be directed to the contractor, Mr. Clay Carolson at 203-216-1766. Mariners should exercise caution when transiting the area.

Chart 12371 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – NIAN TIC RIVER – Bridge Replacement** – Construction on the Route 1 Bridge across the Niantic River at mile 3.5 is in progress. A barge or floating dock shield will be operating IVO the bridge. A minimum of half of the navigation channel will be available during hours of operation. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16. This project will be completed by **November 4, 2017**. Mariners are advised to exercise caution when transiting the area and proceed at a no wake speed.

Charts 13211 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – NEW LONDON HARBOR AND VICINITY – THAMES RIVER – Bridge Inspection** – From November 21, 2016 to **December 30, 2016** between 9 a.m. and 3 p.m., an underbridge inspection unit will be operating under the Route 2A bridge across Thames River, mile 11.4, CT. Mariners requiring full vertical horizontal clearance can contact the contractor via marine radio VHF-FM channel 13/16. Mariners are advised to exercise caution when transiting the area.

Chart 13213 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – NEW HAVEN HARBOR– MILL RIVER – Bridge Rehabilitation** – Construction to the I-91 Bridge across Mill River is in progress. A quick deck will be installed on the side of the bridge piers and to stay in place for the duration of the project. This work is to be completed by **December 1, 2016**. Mariners are advised to transit the area with caution.

Chart 12371 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – HOUSATONIC RIVER AND MILFORD HARBOR – HOUSATONIC RIVER – Bridge Replacement** – Construction to the I-95 (Moses Wheeler) Bridge at mile 3.9 across Housatonic River between Milford and Stratford, Connecticut is in progress. An unobstructed 80ft of navigation channel is available at all times through **December 31, 2016**. The project will be completed by **March 2017**. Mariners are advised to transit the area with extreme caution and reduce wake.

Chart 12370 LNM 47/16 (CGD1)

**CONNECTICUT – NEW HAVEN – HOUSATONIC RIVER – Reduction of Vertical Clearance** – A transmission cable strung across the navigation opening of the Devon Bridge across the Housatonic River at mile 3.9 has reduced vertical clearance to 57 feet at Mean High Water when the draw is open. Mariners are advised to exercise caution when transiting through the draw.  
Chart 12370 LNM 47/16 (CGD1)

**CONNECTICUT – LONG ISLAND SOUND – SHERWOOD POINT TO STAMFORD HARBOR – PEQUONNOCK RIVER – Bridge Outage** – The East Washington Street Bridge across Pequonnock River at mile 0.6 is out of service due to electrical/mechanical systems were severely damaged by the Superstorm Sandy. Mariners are advised to plan their transits accordingly.  
Chart 12369 LNM 47/16 (CGD1)

**NEW YORK – LONG ISLAND SOUND – HEMPSTEAD HARBOR TO TALLMAN ISLAND – EASTCHESTER BAY – Bridge Replacement** – Construction to the temporary City Island Bridge across Eastchester Creek at mile 2.2 is in progress. Barges are operating in and out of the navigable channel during construction. A minimum of 50ft horizontal clearance will be free of obstruction through the navigation channel at all times. Demolition of the existing bridge is in progress. Mariners can contact the Community Liaison Huascar Robles at 718-885-1247 extension 114 or hrobles@zetlin.com for any construction information. The entire project is scheduled to be completed by **June 1, 2017**. Mariners are advised to use the main navigation channel and reduce wake when transiting the area.  
Chart 12366 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY - REYNOLDS CHANNEL – Installation of Submarine Cables** – Construction to the Wreck Lead Railroad Bridge, mile 4.4, across Reynolds Channel, New York will commence on or about October 17, 2016. There are barges will be operating outside the navigation channel. There may be intermittent channel closures during installation of conduits across the waterway. Dates are to be determined. This project is to be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area.  
Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – STATE BOAT CHANNEL – Notice of Temporary Deviation from Regulations** – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Captree State Parkway (Robert Moses Causeway) Bridge at mile 30.7 across State Boat Channel at Captree Island, New York. Under this temporary deviation, the bridge will not open for marine traffic from September 6, 2016 to **December 16, 2016**. Vessels that can pass under the span without a bridge opening may do so at all times. Mariners are advised to plan accordingly.  
Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – STATE BOAT CHANNEL – Painting, Steel Repairs, and Scour Monitor Installation** – The construction to the Robert Moses Causeway Bridge across State Boat Channel at mile 30.7 will commence on August 15, 2016. Painting containment platform will be installed under the entire length of the bridge from September 6, 2016 to December 16, 2016. The platform will reduce the vertical clearance by 4 feet. Weeks barges will be operating IVO the navigational channel in December 2016. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16. This project is to be completed by **December 16, 2016**. Mariners are advised to exercise caution when transiting through the area.  
Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY – REYNOLDS CHANNEL – Underbridge Inspection Unit** – From September 26, 2016 and **January 1, 2017** between 7 a.m. and 5 p.m., underbridge inspection unit will be operating under the Atlantic Beach Bridge, mile 0.4, across Reynolds Channel at Lawrence, New York. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM channel 13/16 or call 412-779-7989. Mariners are advised to exercise caution when transiting the area.  
Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – HEMPSTEAD BAY – REYNOLDS CHANNEL – Bridge Painting/Deck Replacement** – Construction to the Atlantic Beach Bridge across Reynolds Channel, mile 0.4, at Lawrence, New York is in progress. Painting work platforms will be installed under the north/south approach and flanking spans through June 2, 2017. The vertical clearance under the north/south approach and flanking spans will not exceed 4.5ft below low steel. The painting work platforms will be installed under the bascule spans from November 4, 2016 to January 4, 2018. The vertical clearance under the bascule spans will not exceed 2.5ft below low steel. The platforms will not affect the operation of the bridge. This project will be completed by **January 10, 2018**. Mariners are advised to exercise caution when transiting the area.

Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – FALSE CHANNEL – Scour Monitor Installation** – Construction to the Meadowbrook State Parkway Bridge across False Channel at mile 0.0 is in progress. Barges will be operating IVO of the bridge. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 631-394-9618. This project is to be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area.

Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET – LONG CREEK – Diving and Scour Monitor Installation** – Diving and scour monitor installation at the Loop Parkway Bridge across Long Creek at mile 0.7 will commence on September 30, 2016 and will not affect bridge operation. Weeks barges will be operating outside the navigational channel. This project is to be completed through **March 30, 2017**. Mariners are advised to use main navigation channel and exercise caution when transiting through the area.

Chart 12352 LNM 47/16 (CGD1)

**NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – ROCKAWAY INLET – JAMAICA BAY – Notice of Temporary Deviation** – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Gil Hodges (Marine Parkway) Bridge across Jamaica Bay at mile 3.0. Under this temporary deviation, the bridge may remain in the closed position from 7 a.m. on November 15, 2016 through 5 p.m. on **May 13, 2017** in order to replace the guide rollers. Vessels that can pass under the draw without a bridge opening may do so at all times. Mariners are advised to plan their transits accordingly.

Chart 12350 LNM 47/16 (CGD1)

**NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – ROCKAWAY INLET – JAMAICA BAY – Corrective Maintenance Repairs** – Repairs to the Cross Bay Blvd Bridge across Jamaica Bay at mile 10.0 will commence on September 6, 2016. All work will be done on top of the bridge. This project will be completed by **November 30, 2016**. Mariners are advised to exercise caution when transiting the area.

Chart 12350 LNM 47/16 (CGD1)

**NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – MILL BASIN – Bridge Replacement** - Replacement of the Shore (Belt) Parkway Bridge across Mill Basin at mile 0.8 is in progress. Barges are operating in and out of the navigable channel during construction. A minimum of 65ft horizontal clearance will be free of obstruction through the navigation channel at all times. Welding (hot work) will be performed on the bridge deck grating between Monday and Friday during nighttime hours. Barge placement is authorized through **February 20, 2017**. Mariners can contact the Community Liaison at 347-702-6430 extension 114 or cell 347-203-9530 for any construction information. This project is scheduled to be completed by **February 13, 2021**. Mariners are advised to plan ahead and transit the area with extreme caution.

Chart 12350 LNM 47/16 (CGD1)

**NEW YORK – JAMAICA BAY AND ROCKAWAY INLET – GERRITSEN INLET – Bridge Replacement** - Replacement of the Shore (Belt) Parkway Bridge across Gerritsen Inlet at mile 0.0 is in progress. Two crane barges and a material barge will be operating in the navigation channel from November 28, 2016 through January 15, 2017 for the demolition of the existing bridge. A minimum of 30ft horizontal clearance will be maintained during demolition period. Demolition shield installed under the existing bridge will maintain vertical clearance at 33 feet MHW through January 6, 2017. Mariners requiring 65 feet horizontal clearance can contact the contractor Joe El-Khoury at 201-705-6569 with 24 hours advance notice. Mariners can contact the NYC Community Liaison Michael Heller at 347-702-6430 extension 114 or cell 347-203-9530 for any construction information. This project is scheduled to be completed by **October 30, 2017**. Mariners are advised to plan ahead and transit the area with extreme caution.

Chart 12350 LNM 47/16 (CGD1)

**NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Repl. of Pedestrian Sidewalk and Railings**–Replacement of pedestrian sidewalk and railings will commence on or about November 2016 and continue through **October 2017** to the Rip Van Winkle Bridge across Hudson River at mile 113.6. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.

Chart 12347 LNM 47/16(CGD1)

**NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Misc. Steel Repair**–Steel Repairs (BA 2012-RE-103-CM) to the Mid-Hudson Bridge across Hudson River at mile 75.6 is in progress. This project is expected to be completed by end of **October 2017**. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.

Chart 12347 LNM 47/16(CGD1)

**NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Misc. Steel Repair**–Steel Repairs (BA 2012-RE-103-CM) to the Newburgh-Beacon Bridge across Hudson River at mile 62.0 is in progress. This project is expected to be completed by end of **October 2017**. This project will not affect marine traffic. Mariners are advised to exercise caution when transiting the area.  
Chart 12347 LNM 47/16(CGD1)

**NEW YORK – COXSACKIE TO TROY - HUDSON RIVER – Fender Repairs** – Repairs to the bridge fenders of the Livingston Ave RR Bridge across Hudson River at mile 146.2 will commence on November 21, 2016 and be completed by approximate **December 16, 2016**. There will be a 40ft by 120ft work barge and 40ft by 60ft material barge operated in one of the swing channel during work hours. Mariners can contact contractor via marine radio VHF-FM CH 13/16 or call 518-376-5329 for barge location. Working hours are from Monday to Friday during daylight hours. Barges will not be in the channel after work hours and will not affect operation of the bridge. Mariners are advised to exercise caution when transiting the area.  
Chart 12348 LNM 47/16 (CGD1)

**NEW YORK - NEW YORK TO WAPPINGER CREEK - HUDSON RIVER - New Bridge Construction** - Construction of the new Tappan Zee Bridge across the Hudson River, mile 27.7 is in progress. Work will continue constructing access trestles and cofferdams that extend +/- 1,100 ft. west from the Westchester shoreline and +/- 1,200 ft. east of the Rockland shoreline of the Hudson River north of the Tappan Zee Bridge. These structures will remain in place **through 2017**. Floating equipment will be located east and west of the Main Navigation channel and will include crew boats, tug boats, barge mounted cranes, barges and anchor buoys.

Work constructing the permanent bridge foundations has begun and will continue **through 2017**. The work will involve over a hundred pieces of floating equipment and support vessels that will be moored/anchored or transiting from the Westchester shoreline to the Rockland shoreline including the side channels and portions of the main navigation channel. Mariners are advised that the side channels to the east and west of the main channel are closed to vessel traffic and are advised to use only the center 600' of the main channel to navigate in a north-south direction through the area. Additionally, mariners are strongly advised to stay clear of all construction equipment and support vessels by 1000 feet or more when transiting the area.

**Crane Barge Left Coast Lifter Safety Zone:** § 165.T01-0462 Safety Zone; Tappan Zee Bridge Construction Project, Hudson River, South Nyack and Tarrytown, NY.

(a) The following area is a safety zone: All navigable waters within 200 yards of the crane barge LEFT COAST LIFTER while conducting heavy lift operations on the Hudson River.

(b) Definitions. As used in this section, designated representative means any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP's behalf. The designated representative may be on a Coast Guard vessel or New York State Police, Westchester County Police, Rockland County Police, or other designated craft; or may be on shore and will communicate with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(c) Regulations. (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or a COTP designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by VHF-FM channel 16 or by phone at (718) 354-4353 (Sector New York Command Center). Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or a COTP designated representative.

(d) Enforcement period. This section will be enforced from June 22, 2016 through **December 31, 2018**.

**Estimated full and half channel closure dates:**

**Full Channel Closures:** On Mon, Nov 28 and Fri, Dec 2, from approximately 8 am to 4 pm the entire 600 foot wide main Federal navigation channel at the Tappan Zee Bridge is scheduled to be closed to all vessel transits. Mariners exercise caution in this area.

**East Half Channel Closures:** On Wed, Nov 30 from approximately 8 am to 4 pm the eastern 300 feet of the 600 foot wide main Federal navigation channel at the Tappan Zee Bridge is closed to all vessel transits. The western 300 feet of the 600 foot wide main Federal navigation channel remains open. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway when transiting through the Tappan Zee Bridge regulated navigation areas

Additionally there are 16 equipment moorings located west of the navigation channel, 8 to the south and 8 to the north of the bridge. The buoy positions are displayed on corrected editions of NOAA Chart 12343. They are each lit with a 360 degree steady burning

white light. The Coast Guard has established a safety zone surrounding these equipment moorings. Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or a designated representative.

Nine buoys have been installed marking the equipment mooring area safety zone. Each buoy has a 39" diameter and a height of 82.5" (64" above the waterline). The buoys are white with an orange warning decal and lit with a white flashing light visible for 3 nm. The buoys are displayed on corrected editions of NOAA Chart 12343.

Mariners are advised to transit the main channel, reduce wake and use extreme caution while transiting the area in the vicinity of the Tappan Zee Bridge especially during inclement weather and darkness, and pay particular attention to vessel movements Chart 12343 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK TO WAPPINGER CREEK – HUDSON RIVER - Regulated Navigation Area and Safety Zone** – The Coast Guard is revising the current regulated navigation area (RNA) for the navigable waters of the Hudson River surrounding the Tappan Zee Bridge. First, the Coast Guard is establishing a new safety zone surrounding commercial mooring buoys installed for the ongoing Tappan Zee Bridge replacement project. The safety zone will prohibit all vessel traffic that could pose an imminent hazard to persons and vessels that will be transiting to and from the bridge site and maneuvering in close quarters between other construction vessels and large mooring buoys. Second, the Coast Guard is expanding the size of the current RNA and designating two areas within the RNA, the Eastern RNA and the Western RNA, based upon their respective locations in relation to the new safety zone. This rule is necessary to provide for the safety of life in the RNA and safety zone during the construction of the New NY Bridge and demolition of the existing Tappan Zee Bridge.

This rule is effective without actual notice from **July 25, 2014 to December 31, 2018**. Comments and related material will be accepted and reviewed by the Coast Guard through **December 31, 2018**. For the purposes of enforcement, actual notice will be used from the date the rule was signed, July 3, 2014 until July 25, 2014. If you have questions on this rule, call or e-mail Chief Craig Lapiejko, Waterways Management at Coast Guard First District, telephone 617-223-8351, e-mail [craig.lapiejko@uscg.mil](mailto:craig.lapiejko@uscg.mil) or, Mr. Jeff Yunker, Coast Guard Sector New York Waterways Management Division, U.S. Coast Guard; telephone 718-354-4195, e-mail [jeff.m.yunker@uscg.mil](mailto:jeff.m.yunker@uscg.mil). Comments and related material will be accepted and reviewed by the Coast Guard through September 23, 2014. You may submit comments, identified by docket number "USCG-2013-0705", using any one of the following methods: (1) Federal eRulemaking Portal: <http://www.regulations.gov>. (2) Fax: (202) 493-2251. (3) Mail or Delivery: Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202-366-9329.

**§165.T01-0174 Regulated Navigation Areas and Safety Zone Tappan Zee Bridge Construction Project, Hudson River: South Nyack and Tarrytown, NY**

(a) Regulated Navigation Area Boundaries. The following are regulated navigation areas:

(1) "Western RNA": all waters bound by the following approximate positions: 41°04'39.16"N, 073°55'00.68"W on the western shoreline; thence to 41°04'28.34"N, 073°54'47.18"W; thence to 41°04'11.28"N, 073°54'48.00"W; thence to 41°03'57.26"N, 073°54'40.73"W; thence to 41°03'57.36"N, 073°54'47.38"W; thence to 41°03'58.66"N, 073°54'56.14"W; thence to 41°04'03.00"N, 073°55'07.60"W; thence to a point on the western shoreline at 41°04'06.69"N, 073°55'14.10"W; thence northerly along the shoreline to the point of origin (NAD 83).

(2) "Eastern RNA": all waters bound by the following approximate positions: 41°04'21.96"N, 073°52'03.25"W on the eastern shoreline; thence to 41°04'26.27"N, 073°52'19.82"W; thence to 41°04'26.53"N, 073°53'20.07"W; thence to 41°03'56.92"N, 073°53'18.84"W; thence to 41°03'56.69"N, 073°52'24.75"W; thence to a point on the eastern shoreline at 41°03'46.91"N, 073°52'05.89"W; thence northerly along the shoreline to the point of origin (NAD 83).

(b) Safety Zone Boundaries: The following is a Safety Zone: all waters bound by the following approximate positions: 41°04'59.70"N, 073°54'45.54"W; thence to 41°05'00.18"N, 073°53'21.48"W; thence to 41°03'09.24"N, 073°53'16.86"W; thence to 41°03'07.08"N, 073°54'14.70"W; thence to 41°04'11.28"N, 073°54'48.00"W; 41-04-59.700"N, 073-54-00.420"W; 41-03-32.220"N, 073-53-18.180"W; 41-03-08.100"N, 073-53-40.800"W; thence to the point of origin (NAD 83).

(c) Regulations.

(1) The general regulations contained in 33 CFR 165.10, 165.11, and 165.13, 165.20 and 165.23 apply.

(2) Any vessel transiting through the Western RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations.

(3) Any vessel transiting through the Eastern RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations or they are transiting to, or from, the special anchorage area codified in 33 CFR 110.60(c)(8) located on the eastern shoreline at Tarrytown, NY and within the boundaries of the RNA.

(4) Entry and movement within the Eastern RNA or Western RNA is subject to a “Slow-No Wake” speed limit. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway. All vessels must proceed through the Eastern RNA and Western RNA with caution and operate in such a manner as to produce no wake.

(5) Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or his designated representative.

(6) All persons and vessels must comply with all orders and directions from the COTP or the COTP’s designated representative. The “designated representative” of the COTP is any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP’s behalf. The designated representative may be on a Coast Guard vessel or New York State Police, Westchester County Police, Rockland County Police, or other designated craft; or may be on shore and will communicate with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(7) Upon being hailed by a Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

(8) For the purpose of this regulation, the Federal navigation channel, located in the Eastern RNA is marked by the red and green navigation lights on the existing Tappan Zee Bridge, and the New NY Bridge. As the project progresses, the Federal navigation channel will be intermittently closed, or partially restricted, to all vessel transits. While the Federal navigation channel is closed, vessels that can safely navigate outside the Federal navigation channel would still be able to transit through the Eastern RNA. These closures or partial restrictions are tentatively scheduled to take place between March 2015 and October 2016. The COTP will cause a notice of the channel closure or restrictions by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners.

(9) Notwithstanding anything contained in this section, the Rules of the Road (33 CFR part 84—Subchapter E, inland navigational rules) are still in effect and must be strictly adhered to at all times.

(d) Enforcement Periods. This regulation will be enforced 24 hours a day from 5:00 a.m. on July 3, 2014 until 11:59 p.m. on **December 31, 2018**.

- (1) Notice of suspension of enforcement: If enforcement is suspended, the COTP will cause a notice of the suspension of enforcement by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners. Such notification will include the date and time that enforcement will be suspended as well as the date and time that enforcement will resume.
- (2) Violations of this regulation may be reported to the COTP at 718-354-4353 or on VHF-Channel 16.

Chart 12343 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK TO WAPPINGER CREEK – HUDSON RIVER – New Bridge Construction/Temporary Bridge Support Cables** – Starting on or about September 1, 2016, the ongoing bridge construction at the New Tappan Zee Bridge will require the installation of temporary cables that will extend outward and upward from the new bridge piers to the new bridge deck approximately 150-feet horizontally from the pier. These temporary cables will remain in place until the bridge is complete. The cable limits are outside of the 600’ wide Navigational Channel, and all vessels transiting the area should confine their operation and navigation to the Navigation Channel, staying clear of the new bridge piers by a distance of at least 200’. The support cables will be illuminated at night by white lights.

The contractor's on-scene workboats monitor VHF channels 13 and 16. Questions or concerns regarding navigation issues associated with these operations may be addressed at the USCG Command Center of Sector of New York. Chart 12343 LNM 47/16 (CGD1)

**NEW YORK – HUDSON RIVER– UPPER HUDSON RIVER – Bridge Railing Replacement** – Railing replacement at the Walkway over the Hudson Bridge across Hudson River at mile 76.1 will commence on or about 28 March 2016. Hours of operation will be 0700 to 1600 and 2100 to 0500, Monday through Saturday. This project is expected to be completed by **end of 2016**. All work will be performed on top of the bridge and will not impact marine traffic. Mariners are advised to exercise caution when transiting the area.

Chart 12347 LNM 47/16(CGD1)

**NEW YORK – HUDSON RIVER– Misc. Repair**– Misc. Steel and concrete repairs, Catwalk and Maintenance platform rehabilitation to the George Washington Bridge across Hudson River at mile 11.0 will commence on or about 22 August 2016. Work platform will be installed underneath the span above the lowest point of the bridge; it will not reduce the available vertical clearance of the bridge. Hours of operation will be 0700 to 1500, Mondays through Fridays.

From 22 August through 9 September a tug and barge measuring 183ft X 40ft will be operating next to the NY towers outside the navigable channel, lowering the old movable platform into the barge.

This project is expected to be completed by **end of 2017**. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12343 LNM 47/16(CGD1)

**NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – FLUSHING RIVER – Bridge Rehabilitation** – Construction to the Roosevelt Ave Bridge across Flushing River at mile 0.8 is in progress. There will not be any construction equipment in the navigable channel. The project will be completed by **May 7, 2019**.

Chart 12339 LNM 47/16 (CGD1)

**NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – FLUSHING RIVER – Replacement of the Fender System** – Construction to the Whitestone Expressway (I-678) Bridge across the Flushing River at mile 0.2 will commence on or about September 8, 2016. Construction and material barges will be operating in the navigable channel during working hours. Hours of operations are from Monday to Friday during daylight hours. Mariners requiring full horizontal clearance to transit the channel can contact the bridge contractor via mariner radio VHF-FM CH 13/16 or call 516-315-7645 to ensure construction vessels are removed from the channel prior to their transit. The project will be completed by **April 30, 2017**. Mariners are advised to transit the area with caution and reduce wake.

Chart 12339 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER – Notice of Temporary Deviation** – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Spuyten Duyvil Bridge across Harlem River at mile 7.9 at New York City, New York. Under this deviation, the bridge need not open for the passage of vessel traffic from 10 p.m. on December 9, 2016 to 7 a.m. on **December 11, 2016**. Vessels able to pass under the closed draw may do so at any time. Mariners are advised to plan their transits accordingly.

Chart 12338 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK HARBOR – EAST RIVER – NEWTOWN CREEK - Notice of Temporary Deviation** – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Pulaski Bridge across Newtown Creek at mile 0.6 at New York City, New York. Under this temporary deviation, the Pulaski Bridge will remain in the closed position as follows:

November 15, 2016 between 12:01 a.m. and 5 a.m.

November 16, 2016 between 12:01 a.m. and 5 a.m.

November 17, 2016 between 12:01 a.m. and 5 a.m.

November 18, 2016 between 12:01 a.m. and 5 a.m.

November 22, 2016 between 12:01 a.m. and 5 a.m.

November 23, 2016 between 12:01 a.m. and 5 a.m.

November 24, 2016 between 12:01 a.m. and 5 a.m.

November 25, 2016 between 12:01 a.m. and 5 a.m.

November 29, 2016 between 12:01 a.m. and 5 a.m.

November 30, 2016 between 12:01 a.m. and 5 a.m.

December 1, 2016 between 12:01 a.m. and 5 a.m.

**December 2, 2016** between 12:01 a.m. and 5 a.m.

Vessels able to pass under the closed draw may do so at any time. This deviation is necessary to facilitate span lock adjustments at the bridge. Mariners are advised to plan their transits accordingly.

Chart 12338 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK HARBOR – EAST RIVER – NEWTOWN CREEK – Bike Path Installation** – Construction to the Pulaski (McGuinness Blvd) Bridge across Newtown Creek at mile 0.6, Brooklyn, New York will commence on October 1, 2016 and will be completed on **November 30, 2016**. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 914-484-4044 or 917-710-4128. Mariners are advised to exercise caution when transiting the area.

Chart 12338 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK HARBOR – EAST RIVER – NEWTOWN CREEK – Bridge Replacement** – Construction to the Kosciuszko New Eastbound (EB) Bridge across Newtown Creek at mile 2.1 is in progress. A temporary construction traveler will be operating over the navigable channel and will reduce the vertical clearance by approx. 10 feet. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 360-516-0208/646-235-7819 with 48 hours advance notice. The temporary construction traveler is authorized through September 30, 2016. The project will be completed by **March 31, 2017**. Mariners are advised to exercise caution when transiting the area.

Chart 12338 LNM 47/16 (CGD1)

**NEW YORK – LONG ISLAND SOUND AND EAST RIVER – HEMPSTEAD HARBOR TO TALLMAN ISLAND - EAST RIVER – Bridge Inspection** – Inspection to the approach viaducts of the Throgs Neck Bridge across East River at mile 15.8 will commence on October 24, 2016. Hours of operation are from 8 a.m. to 4 p.m. A barge with manlift will be operating IVO the bridge outside the navigation channel. Mariners can contact the contractor via marine radio VHF-FM CH 13/16 or call 646-961-1105 for barge location. This project will be completed by **December 30, 2016**. Mariners are advised to exercise caution when transiting the area.

Chart 12366 LNM 47/16 (CGD1)

**NEW YORK - NEW HARBOR – EAST RIVER – Bridge Rehabilitation – Scaffolding** – Rehabilitation of Bronx-Whitestone Bridge across the East River at mile 13.8 will commence or about 13 June 2016. Scaffolding will be installed under the bridge and will **NOT** reduce the available vertical clearance. This project is expected to be completed by **mid-2019**. Mariners are advised to exercise caution when transiting the area.

Chart 12339 LNM 47/16 (CGD1)

**NEW YORK - HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67<sup>TH</sup> STREET – EAST RIVER – Biennial Bridge Inspection**-Biennial Bridge inspection of the Williamsburg Bridge across the East River, mile 2.3, will commence on or about 2 May and continue through **31 December 2016**. At times the traveler platform which will reduce the vertical clearance by approximately 15 feet will be operating at various locations over the navigable channel. Bridge inspectors, equipped with marine radios, will be monitoring Chan. 13/16 VHF-FM. Mariners requiring full vertical clearance under the bridge can contact the bridge inspector and request the traveler platform be moved out of the navigable channel. Hours of operation are from 0800 to 1600, Mondays through Fridays. The traveler platform will be moved out of the navigable channel after work hours, or when not in use. Mariners are advised to exercise caution when transiting the area.

Chart 12335 LNM 47/16 (CGD1)

**NEW YORK – HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67<sup>TH</sup> STREET – EAST RIVER – Bridge Inspection** – From October 24, 2016 to **December 23, 2016** between 8 a.m. to 2 p.m., bridge traveler will be operated under Manhattan Bridge across East River at mile 1.1 in order to perform bridge inspection. The traveler platform will reduce the vertical clearance by approximately 10.1ft. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call 917-887-0772. The traveler platform will be moved out of the navigable channel after work hours or when not in use. Mariners are advised to exercise caution when transiting the area.

Chart 12335 LNM 47/16 (CGD1)

**NEW YORK - HUDSON AND EAST RIVERS – GOVERNORS ISLAND TO 67<sup>TH</sup> STREET – EAST RIVER – Bridge Painting & Rehabilitation** – Painting/approach rehabilitation of the Brooklyn Bridge across the East River, mile 0.8, is in progress. Contractor has installed scaffolding from the Brooklyn side through mid-channel. Scaffolding reduces the available vertical clearance under the bridge by approx. 6 feet. The scaffolding will be marked by three red lights, one at each end of the scaffolding and one at the center. The remainder of the channel between mid-channel and the Manhattan side will provide full vertical clearance and is clear of any obstructions, however, at times the movable platforms will be in use and occupy part of the Brooklyn half channel, the traveler platform can be move for passage of large vessels, with a one hour advance notice. Large vessels requiring the full vertical clearance of the bridge should contact the resident engineer in advance at 347-242-6442 for up to date information. This project is expected to

be completed by end **January 2017**. Mariners are advised to exercise caution when transiting the area and large vessels are reminded to transit the Manhattan half of the channel.

Chart 12335 LNM 47/16 (CGD1)

**NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER - Fender System Damaged** – The 207 St. (University Ave.) Bridge across Harlem River at mile 6.0 suffered a major fender collapsed at the East draw (Bronx side) and the bridge cannot be opened due to the major damaged sustain during Hurricane Sandy. To prevent further damage until it can be permanently repaired NYCDOT is **requesting all mariners to transit the West Draw** (Manhattan side) until further notice. From October 17, 2016 to December 14, 2016 between 6 a.m. and 2:30 p.m., a 30ft by 90 ft barge will be operated in the west channel (draw). Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call 718-796-1971. Estimated completion of this project **31 August 2017**. Bridge is unable to open for marine traffic. Mariners are advised to plan accordingly, exercise extreme caution and reduce wake when transiting the area.

Chart 12327 LNM 47/16 (CGD1)

**NEW YORK - NEW YORK HARBOR – EAST RIVER - HARLEM RIVER – Bridge Rehabilitation** – Mechanical, Electrical and fender rehabilitation of the Macombs Dam Bridge across Harlem River, mile 3.2 is in progress. Floating equipment will be operating in and around the fender system. This project is expected to be completed by end of December 2017. Mariners are advised to reduce wake and exercise caution when transiting the area.

Chart 12342 LNM 47/16 (CGD1)

**NEW YORK – NEW JERSEY - NEW YORK HARBOR – KILL VAN KULL – Vertical Clearance Reduction** – On or about 15 August through **31 December 2016** a temporary work platform measuring 16ft X 2 1/2ft will be operating at various locations under the Bayonne Bridge reducing the available vertical clearance by approx. 5 feet. Bridge Engineer/contractor is equip with marine radio and will be monitoring Chan. 13/16 VHF-FM, when the work platform is in use. Mariners requiring the full vertical clearance can contact the bridge engineers/contractor one hour in advance to move the work platform above the bottom girder. The work platform will be pulled up above the bottom girder when not in use. Mariners are advised to exercise caution when transiting the area.

Chart 12327 LNM 47/16 (CGD1)

**NEW YORK AND NEW JERSEY – NEW YORK HARBOR – KILL VAN KULL – Bridge Construction** - The construction project for the raising of the Bayonne Bridge navigational clearance across the Kill Van Kull, mile 1.5, is in progress. Phase 1 is removal of the west side sidewalk. Phase 2 involves the demolition of the eastern half approach of the span deck. All work at this time is above the bridge deck and on the bridge approaches and will not impact marine traffic. This project is expected to be completed by the end of **2016**. More information will be provided as the project progresses. Mariners are advised to exercise caution when transiting the area.

Chart 12327 LNM 47/16 (CGD1)

**NEW YORK AND NEW JERSEY – NEW YORK HARBOR – ARTHUR KILL – Bridge Construction**- Construction for the replacement of the Goethals Bridge across the Arthur Kill, mile 11.5, is in progress. The installation of the main span over the navigable channel is in progress. See attached work schedule over the navigable water below. Two 8ft by 12ft and two 4ft by 10ft movable platforms will be operating under the new installed span to complete the installation. Hours of operations are from 7 a.m. to 5:30 p.m. Monday to Friday and 7 a.m. to 3:30 p.m. on Saturday. Upon 2 hours advance notice during work hours the movable platform can be move, after work hours it will require a 6 hours advance notice to mobilize the crew to move the traveler platform. Mariners can contact 360-601-6182 or 201-394-6702 for the required advance notice. Mariners are advised to exercise caution when transiting the area

**CONSTRAINTS:**

1. SEE E8-8 FOR CONSTRAINTS REGARDING THE BOLTING CONNECTION.
2. STEEL DIRECTION SHALL BE NO MORE THAN TWO SEGMENTS AHEAD OF WIND FARRING AND BAFFLE INSTALLATION.

**NOTES:**

1. MAIN SPAN EDGE GIRDERS ARE TO BE AT THE AS-FABRICATED ALIGNMENT RELATIVE TO THE MOUNTING GIRDERS AND THE SPICES ARE TO BE MADE TO THE AS-FABRICATED AND TRAIL ASSEMBLED ALIGNMENT WHEN CRANE SUPPORT IS IN PLACE.
2. THE BACK SPAN SUPERSTRUCTURE WILL BE CONSTRUCTED TO THE AS-FABRICATED ALIGNMENT.

**EASTBOUND MAIN BRIDGE PLAN VIEW**

**EASTBOUND MAIN BRIDGE ELEVATION (LOOKING NORTH)**

**SEGMENT 208:**

1. ERECT THE EDGE GIRDERS, FLOORBEAMS, STAY ANCHORS AND REDUNDANCY TRUSS STEEL GRILLAGE FOR MAIN SPAN SEGMENT 208. INSTALL SEGMENTED FAIRINGS ON THE SOUTH EDGE GIRDER, TEMPORARY FAIRINGS ON THE NORTH EDGE GIRDER AND BAFFLE PLATES ON THE NORTH REDUNDANCY TRUSS.
2. PERFORM SURVEY 1.
3. COMPLETE STAGE 2 STRESSING FOR STAY C208.
4. COMPLETE STAGE 2 STRESSING OF STAY C108.

**EASTBOUND MAIN BRIDGE PLAN VIEW**

**EASTBOUND MAIN BRIDGE ELEVATION (LOOKING NORTH)**

**SEGMENT 306:**

1. DICT THE EDGE GIRDERS, FLOORBEAMS, REDUNDANCY TRUSS STEEL GRILLAGE FOR MAIN SPAN SEGMENT 306. INSTALL SEGMENTED FARRINGS ON THE SOUTH EDGE GIRDER, TEMPORARY FARRINGS ON THE NORTH EDGE GIRDER AND BAFFLE PLATES ON THE NORTH REDUNDANCY TRUSS.
2. CONCRETE BARRIER MAY BE CONSTRUCTED ON SEGMENTS 400 THROUGH 402.
3. INSTALL ALL STAY CABLE STRANDS FOR STAY
4. PERFORM SURVEY 1.
5. COMPLETE STAGE 2 STRESSING FOR STAY C306.
6. COMPLETE STAGE 2 STRESSING OF STAY C406.
7. PERFORM SURVEY 2.
8. COMPLETE THE STITCH POUR FOR THE FLOORBEAMS AND EDGE GIRDERS.

**CONSTRAINTS:**

1. SEE ES-24 FOR CONSTRAINTS REGARDING THE BOLTING CONNECTION.
2. STEEL ERECTION SHALL BE NO MORE THAN TWO SEGMENTS AHEAD OF WIND FARRING AND BAFFLE INSTALLATION.
3. BACK SPAN STEEL DECK FINISHES, GIP AND THE PIER 2 COUNTERWEIGHT MUST BE COMPLETED PRIOR

**NOTES:**

1. MAIN SPAN EDGE GIRDERS ARE TO BE AT THE AS-FABRICATED ALIGNMENT RELATIVE TO THE WATING GIRDERS AND THE SPLICES ARE TO BE MADE TO THE AS-FABRICATED AND TRIAL ASSEMBLED ALIGNMENT WHEN CRANE SUPPORT
2. THE BACK SPAN SUPERSTRUCTURE WILL BE LIFTED OFF THE SHORING TOWERS AND INTO THE SHIP LIFT TRUCKS IN THE CRACKING PHASE

**NOTES:**

- MAIN SPAN EDGE GIRDERS ARE TO BE AT THE AS-FABRICATED ALIGNMENT RELATIVE TO THE MATING GIRDERS AND THE SPLICES ARE TO BE MADE TO THE AS-FABRICATED AND FINAL ASSEMBLED ALIGNMENT WHEN CRANE SUPPORT IS INSTALLED.
- THE BACK SPAN SUPERSTRUCTURE WILL LIFT OFF THE SHALING TOWERS AND INTO THE

**NEW JERSEY- NEWYORK HARBOR - NEWARK BAY – HACKENSACK RIVER-HACKENSACK AND PASSAIC RIVER - Notice of Temporary Final Rule** - The Coast Guard is temporarily modifying the operating schedule that governs the operation of the Route 1 & 9 (Lincoln Highway) Bridge across the Hackensack River, mile 2.0. New Jersey Department of Transportation, requested to temporarily restrict bridge openings during the morning and afternoon rush hour periods to alleviate traffic congestion resulting from area (Pulaski Skyway) roadway closures. Effective **March 1, 2014** through **September 30, 2017**, the draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 2.0, across the Hackensack River shall open on signal; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependent deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m. provided at least a twelve hour advance notice is given by calling 973-589-5143. It is expected that this temporary change to the regulations will provide relief to vehicular traffic while continuing to meet the reasonable needs of navigation. Mariners are advised to plan their transits accordingly.  
Chart 12327 LNM 47/16 (CGD1)

**NEW JERSEY - NEW YORK HARBOR – NEWARK BAY - HACKENSACK RIVER - New Bridge Construction** – Replacement of the Whitt-Penn Bridge across the Hackensack River at mile 3.1 is in progress. At this time work on the waterway has been completed, and the channel are free and clear of any obstruction. More information will be published as received. Mariners are advised to exercise extreme caution when transiting the area.  
Chart 12337 LNM 47/16 (CGD1)

**NEW JERSEY – NEW YORK HARBOR - NEWARK BAY – HACKENSACK AND PASSAIC RIVER - Notice of Temporary Final Rule** - The Coast Guard is temporarily modifying the operating schedule that governs the operation of the Route 1 & 9 (Lincoln Highway) Bridge across the Passaic River, mile 1.9. New Jersey Department of Transportation, requested to temporarily restrict bridge openings during the morning and afternoon rush hour periods to alleviate traffic congestion resulting from area (Pulaski Skyway) roadway closures. Effective **March 1, 2014** through **September 30, 2017**, the draw of the Route 1 & 9 (Lincoln Highway) Bridge, mile 2.0, across the Hackensack River shall open on signal; except that, the draw need not open for the passage of vessel traffic between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m., Monday through Friday, except holidays. Tide dependent deep draft vessels may request bridge openings between 6 a.m. and 10 a.m. and between 2 p.m. and 6 p.m. provided at least a twelve hour advance notice is given by calling the 973-589-5143. It is expected that this temporary change to the regulations will provide relief to vehicular traffic while continuing to meet the reasonable needs of navigation. Mariners are advised to plan their transits accordingly.

**NEW JERSEY- RARITAN RIVER – Pier Repairs**– Sub-structure rehabilitation at the NJTRO Raritan River Drawbridge across Raritan River at mile, 0.5, at Perth Amboy, New Jersey is in progress. 3 spud barges measuring 24ft X 48 ft coupled together will form a 30ft X 40ft work platform. Barges will be operating at various locations on the east side of the bridge. No work will be done on the movable span or the navigational channel. After work hours work platform will be moored in place outside the navigable channel. This project is expected to be completed by **30 November 2016**. Mariners are advised to reduce wake and exercise caution when transiting the area.  
Chart 12332 LNM 47/16(CGD1)

**NEW YORK AND NEW JERSEY- RARITAN BAY – KEYPORT HARBOR – MATAWAN CREEK – Bridge Replacement** – Replacement of the Amboy Avenue/W Front Street Bridge across Matawan Creek, mile 0.6 is in progress. All work equipment will be in operation on the land side and will not impact marine traffic, except during demolition of the old and installation of the new span over the waterway. This project is expected to be completed by **spring of 2018**. Mariners are advised to reduce wake and exercise caution when transiting the area.

Coast Guard Sector New York

**Marine Safety Information  
Bulletin – 01-14**

**Vessel Air Drafts and  
Bayonne Bridge Allisions**

April 18, 2014

The Bayonne Bridge is undergoing a two-year construction project to raise the roadway an average of 65 feet. The associated demolition activities and work platforms outside of the navigable channel present serious safety considerations for mariners. Despite previous Coast Guard advisories, the Bayonne Bridge has been struck twice within the past four months. The most recent allision demasted a ship's INMARSAT C and Ship Safety Alert System antennas. In this case, the Coast Guard is pursuing a civil penalty against the ship's owner.

To ensure the safety of the bridge work crews, as well as ships navigating in the vicinity of the construction project, each vessel owner, master, or person in charge is reminded to review and update as necessary their ship's particulars. In accordance with Title 33 Code of Federal Regulations Section 164.11(k), this includes knowing the distance from their ship's keel to its highest point, providing accurate information to the Pilot and the ship's agent for safe navigation, and clearly indicating whether vessel modification data or any adjustable or whip antennas are included.

Bridge allisions, including ship antenna and mast strikes, may cause severe property damage or even loss of life. Vessels must take proactive measures to ensure they can safely navigate under bridges and other overhead obstructions before attempting such transits. Depending on the facts of future incidents, the Coast Guard will likely pursue civil penalties against any vessel owner, master, or person in charge that provides inaccurate vessel information that contributes to a bridge allision within the New York-New Jersey Captain of the Port Zone. The maximum penalty authorized by the Ports and Waterway Safety Act is \$40,000 per incident.

For current vertical and horizontal clearance information and construction status at the Bayonne Bridge, refer to NOAA Chart 12333, the First Coast Guard District Local Notice to Mariners (LNM) at <http://www.navcen.uscg.gov>, and <http://www.nws.noaa.gov/om/marine/ports.htm>.

**NEW YORK -VERMONT- LAKE CHAMPLAIN – CUMBERLAND HEAD TO FOUR BROTHERS ISLAND – Submarine Cable Installation-** Starting August 20, 2016 through

**December 15, 2016** the waters between Cumberland Head Point, NY and South Hero, VT will have construction crews working on deck barges conducting Horizontal Directional Drilling operations for a future submarine power cable installation project. The navigational channel **will remain open** and all vessel traffic will be allowed to transit. Mariners are requested to maintain a separation of 600 yards from the working vessels and should exercise caution while transiting the area. Contact Paul Larrabee of Cadwell Marine International at (732) 620-3938 with any questions or concerns. This work zone will be lighted and manned 24 hours a day with appropriate signage posted throughout the period of construction.
