LOCAL NOTICE TO MARINERS

District: 1

Week: 22/20

COASTAL WATERS FROM EASTPORT, MAINE TO SHREWSBURY, NEW JERSEY

NOTES:

- (1) Unless otherwise indicated, missing and destroyed structures are presumed to be in the immediate vicinity of assigned position. Mariners should proceed with caution.
- (2) The Local Notice to Mariners is a weekly edition.
- (3) Inquiries, published articles or Information: mail to: D1LNM@uscg.mil
- (4) The U.S. Coast Pilot supplements the navigational information shown on nautical charts.
- (5) The Coast Pilot, along with its corrections, are available online at <https://nauticalcharts.noaa.gov/publications/coast-pilot/index.html>.

The Local Notice to Mariners is available online at <https://www.navcen.uscg.gov/-pageName=lnmDistrict®ion=1>
 The updated 2017 Light List is available online at: <https://www.navcen.uscg.gov/-pageName=lightListWeeklyUpdates>
 Information on Private Aids to Navigation is available at: <http://www.usharbormaster.com/>
 Reports of Channel conditions can be found at the Army Corps of Engineers website at:
<http://www.nan.usace.army.mil/Missions/Navigation/ControllingDepthReports.aspx>.
 NOAA Tides and Currents can be found at: <http://tidesandcurrents.noaa.gov/>.

The United States Coast Guard Navigation Information Service (NIS), operated by the USCG Navigation Center, is staffed 24 hours a day, 7 days a week. The NIS provides information on the current operational status, effective policies, and general information for GPS and DGPS. The NIS also disseminates Safety Broadcasts (BNM), Local Notice to Mariners (LNM), and the latest Notice Advisory to Navstar Users (NANU). NANU notices can be obtained via email subscription through the USCG Navigation Center website: <http://cgls.uscg.mil/mailman/listinfo/nanu> . In addition, the NIS investigates all reports of degradation or loss of GPS, DGPS or AIS service. Users are encouraged to report all degradation or loss of radio navigation services to the NIS via any of the following: Phone: (703) 313-5900, mail to: tis-sg-nisws@uscg.mil, or on the internet at: <https://www.navcen.uscg.gov>.

PLEASE IMMEDIATELY REPORT DISCREPANCIES IN AIDS TO NAVIGATION TO THE NEAREST COAST GUARD UNIT

COMMANDER, FIRST COAST GUARD DISTRICT (dpw)
 408 Atlantic Avenue, Boston, Massachusetts 02110-3350
 Telephone: (617) 223-8356
 24 Hour FAX: (617) 223-8094
<http://www.uscg.mil/d1/prevention/Marineinforegulations.asp>

All bearings are in degrees TRUE - All times are in Local Time unless otherwise noted.

ABBREVIATIONS

A through H

ADRIFT - Buoy Adrift
 AICW - Atlantic Intracoastal Waterway
 AI - Alternating
 B - Buoy
 BKW - Breakwater
 bl - Blast
 BNM - Broadcast Notice to Mariner
 bu - Blue
 C - Canadian
 CHAN - Channel
 CGD - Coast Guard District
 C/O - Cut Off
 CONT - Contour
 CRK - Creek
 CONST - Construction

I through O

I - Interrupted
 ICW - Intracoastal Waterway
 IMCH - Improper Characteristic
 INL - Inlet
 INOP - Not Operating
 INT - Intensity
 ISL - Islet
 Iso - Isophase
 kHz - Kilohertz
 LAT - Latitude
 LB - Lighted Buoy
 LBB - Lighted Bell Buoy
 LHB - Lighted Horn Buoy
 LGB - Lighted Gong Buoy
 LONG - Longitude

P through Z

PRIV - Private Aid
 Q - Quick
 R - Red
 RACON - Radar Transponder Beacon
 Ra ref - Radar reflector
 RBN - Radio Beacon
 REBUILT - Aid Rebuilt
 RECOVERED - Aid Recovered
 RED - Red Buoy
 REFL - Reflective
 RRL - Range Rear Light
 RELIGHTED - Aid Relit
 RELOC - Relocated
 RESET ON STATION - Aid Reset on Station
 RFL - Range Front Light

DAYMK/Daymk - Daymark
DBN/Dbn - Daybeacon
DBD/DAYBD - Dayboard
DEFAC - Defaced
DEST - Destroyed
DISCON - Discontinued
DMGD/DAMGD - Damaged
ec - eclipse
EST - Established Aid
ev - every
EVAL - Evaluation
EXT - Extinguished
F - Fixed
fl - flash
FI - Flashing
G - Green
GIWW - Gulf Intracoastal Waterway
HAZ - Hazard to Navigation
HBR - Harbor
HOR - Horizontal Clearance
HT - Height

LNM - Local Notice to Mariners
LT - Light
LT CONT - Light Continuous
LTR - Letter
LWB - Lighted Whistle Buoy
LWP - Left Watching Properly
MHz - Megahertz
MISS/MSNG - Missing
Mo - Morse Code
MRASS - Marine Radio Activated Sound Signal
MSLD - Misleading
N/C - Not Charted
NGA - National Geospatial-Intelligence Agency
NO/NUM - Number
NOS - National Ocean Service
NW - Notice Writer
OBSCU - Obscured
OBST - Obstruction
OBSTR - Obstruction
Oc - Occulting
ODAS - Anchored Oceanographic Data Buoy

RIV - River
RRASS - Remote Radio Activated Sound Signal
s - seconds
SEC - Section
SHL - Shoaling
si - silent
SIG - Signal
SND - Sound
SPM - Single Point Mooring Buoy
SS - Sound Signal
STA - Station
STRUCT - Structure
St M - Statute Mile
TEMP - Temporary Aid Change
TMK - Topmark
TRLB - Temporarily Replaced by Lighted Buoy
TRLT - Temporarily Replaced by Light
TRUB - Temporarily Replaced by Unlighted Buoy
USACE - Army Corps of Engineers
W - White
Y - Yellow

Additional Abbreviations Specific to this LNM Edition:

SNNE- U.S. Coast Guard Sector Northern New England
SBOS- U.S. Coast Guard Sector Boston
SSENE- U.S. Coast Guard Sector Southeastern New England
SLIS- U.S. Coast Guard Sector Long Island Sound
SNEW- U.S. Coast Guard Sector New York

AIS - Automatic Identification System
AtoN - Aids to Navigation
LLNR - Light List Number
NM - Nautical Mile

SECTION I - SPECIAL NOTICES

This section contains information of special concern to the Mariner.

NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY POSTS USCG LIGHT LISTS TO NGA MARINE SAFETY INFORMATION WEBSITE

Notice Text:

Effective immediately with NGA NtM 16/2020 (18 APR 2020), NGA will now be posting fully corrected versions of the USCG Light List (LL) to their Maritime Safety Information (MSI) webpage and will suspend issuing corrections to the USCG LL within the NGA NtM.

The USCG NAVCEN provides PDF and XML versions of their weekly corrected Light List publications available at <https://www.navcen.uscg.gov/?pageName=lightListWeeklyUpdates>. USCG NVIC 01-16 allows for publications to be kept in electronic format as long as the publication updates are reasonably available. To align with the NVIC, NGA will match the USCG format and will start posting the fully corrected USCG Light List PDFs on their website at <https://msi.nga.mil/Publications/USCGLL>. This will allow the mariner to download a corrected version of the USCG Light List instead of applying notice corrections to the baseline PDFs.

Effective immediately, NGA will stop incorporating individual USCG Light List corrections in their weekly Notice to Mariners. Additionally, the "SEARCH ONLINE DATABASE" query function on NGA's MSI webpage will no longer be maintained. Until it can be removed from the MSI webpage, mariners are directed to only use the updated USCG LL PDFs for all light information. The specific USCG Light List corrections can continue to be viewed in each USCG Local Notice to Mariner by District at: <https://www.navcen.uscg.gov/?pageName=lnmMain>. Please contact the Maritime Safety Office or the Maritime Light Team at Maritime_Lights@nga.mil with any questions.

LNM: 15/20

MARINER ALERT-SHIP/WHALE COLLISIONS

NOAA just designated the North Atlantic right whale as a Species in the Spotlight because it is on the brink of extinction. Collisions between vessels and whales are a threat to a number of endangered large whale species – most notably, the right whale. The United States has established measures to reduce this threat. A vessel speed restriction requires that vessels 65 feet or greater in length travel 10 knots or less in certain areas and on a rolling basis at certain times where endangered right whales may be present: : <http://www.greateratlantic.fisheries.noaa.gov/protected/shipstrike/training/NOAA-RightWhalesCD.iso> . This rule applies within 20 nautical miles around all major ports and in other locations along the U.S. eastern seaboard. Temporary voluntary speed limits also may be imposed in other areas when an aggregation of three or more right whales is confirmed. In addition, ships 300 GT and greater are required to report their location and speed to a USCG shore station in certain prescribed areas: https://www.greateratlantic.fisheries.noaa.gov/shipstrike/doc/guidelines%20placard_high.pdf. A computer-based interactive guide and training

resource for mariners is available at: <http://www.greateratlantic.fisheries.noaa.gov/shipstrike/doc/mtr.html>. The guide provides information on endangered whales, recommended navigational actions when operating in whale habitat, a guide to reporting sightings of dead or injured right whales, and related information. Additional steps mariners can take to help reduce the chances of hitting a right whale can be found at: http://www.nero.noaa.gov/shipstrike/doc/guidelines%20placard_high.pdf.

LNM: 44/19

NOVEL CORONAVIRUS

"The outbreak of respiratory illness caused by the COVID-19 virus may affect mariners and maritime commerce transiting to or near New England, New York and New Jersey waters. Additional interim guidance for ships on managing suspected coronavirus disease concerns is available at <https://www.cdc.gov/quarantine/maritime/recommendations-for-ships.html>. An enclosure to this LNM includes additional information as well as a number of links to websites where additional information regarding this illness can be obtained. Mariners with questions/concerns while transiting to or near New England, New York and New Jersey should contact the nearest Coast Guard Sector Command Center at:
Sector New York: (718) 354-4353
Sector Long Island Sound: (203) 468-4404
Sector Southeastern New England: (508) 457-3211
Sector Boston: (617) 223-5757
Sector Northern New England: (207) 7670303

SEE ENCLOSURE

LNM: 10/20

NOTICE TO ALL PRIVATE BOATS AT SEA

United States laws and regulations require that ALL private boats arriving from a foreign port or place MUST report to the Bureau of Customs and Border Protection IMMEDIATELY upon their arrival into the United States. Every person entering the United States must be seen in person for immigration purposes by a Customs and Border Protection officer, except those participating in the I-68 -Canadian Border Boat Landing Program. However, holders of form I-68 are still required to report their arrival into the United States to the Bureau of Customs and Border Protection. Masters and passengers must provide proof of citizenship or legal immigration status, and be in possession of a valid passport and visa, if required. Citizens of countries that are participants in the Visa Waiver Program are not eligible to seek admission to the United States under that program via private vessel. Once your boat is anchored or tied, you are considered to have entered the United States. No one may leave the vessel until Customs and Border Protection grants permission. The only exception to this requirement is to report arrival. In order to fulfill the requirement to immediately report a private boat arrival, the master of the vessel must contact the nearest Customs and Border Protection Office, or if the arrival occurs after business hours, the nearest 24 hour port of entry. Upon reporting, you may be required to proceed to a staffed port for inspection by Customs and Border Protection. Failure to comply with these requirements could result in serious criminal and civil penalties, including seizure of the boat. International mariners are urged to report any suspicious or illegal activity to the Bureau of Customs and Border Protection at 1-800-BE-ALERT.

LNM: 13/18

NY/NJ – OPERATION CLEAR CHANNEL IN THE PORT OF NY/NJ

The Operation Clear Channel program is designed to educate boaters about the hazards of operating small vessels and personal watercraft in the confines of navigational channels used by larger commercial ships. Federal Navigation Rules, also known as the "Rules of the Road", address this safety concern by giving commercial vessels priority, or right-of-way, over smaller vessels when navigating in narrow channels. An average of 1,400 commercial vessels navigate the waters of the Port of NY/NJ every day and the masters of these vessels, while always on the lookout, cannot always see smaller vessels operating within the channels.

Recreational boaters should keep a sharp lookout and always be prepared to give way to ships constrained in their ability to maneuver, especially when operating within close proximity of a channel. U.S. Coast Guard units in New York and New Jersey actively promote boater awareness through vessel enforcement patrols and visits to local marinas. The U.S. Coast Guard focuses Operation Clear Channel efforts on high-traffic regions, such as Ambrose Channel, Sandy Hook Channel and Raritan Bay, but patrols all of New York Harbor in an effort to promote awareness. Mariners interested in increasing their knowledge of boating safety, including the "Rules of the Road", should consider a U.S. Coast Guard Auxiliary boating safety course. Course information is available online at <http://www.cgaux.org> in the "Take a Boating This free online educational resource for safe boating in the Port of NY & NJ is a cooperative effort by the I BOAT NJ program through NJ DOT and U.S. Coast Guard Sector New York. The project contains a feature length 26 minute safety video describing the challenges of the multi user Port environment and 5 sub chapters: Paddlers, Motor Boaters, Sailors, Pilots and Operation Clear Channel. Its mission is to increase safety and awareness in the Port and its target is recreational boaters who transit and operate in the PortCourse" section, or by calling 1-800-336-BOAT. Further information can be found at <http://thesafeharbor.us/index.html>

LNM: 13/18

US NOTICE TO MARINERS (NTM)

The US Notice to Mariners provides timely marine safety information for the correction of all US Government navigation charts and publications from a wide variety of sources both foreign and domestic. To ensure the safety of life at sea, the information published in the Notice to Mariners is designed to provide for the correction of unclassified nautical charts, the Unclassified NGA/DLIS Catalog of Hydrographic Products, United States Coast Pilots, NGA List of Lights, USCG Light Lists, and other related nautical publications produced by NGA, NOS and the U.S. Coast Guard. The US Notice to Mariners will contain only those chart corrections of interest to ocean going vessels. It is available online at

SECTION II - DISCREPANCIES

This section lists all reported and corrected discrepancies related to Aids to Navigation in this edition. A discrepancy is a change in the status of an aid to navigation that differs from what is published or charted.

SECTION IV - CHART CORRECTIONS

This section contains corrections to federally and privately maintained Aids to Navigation, as well as NOS corrections.

This section contains corrective actions affecting chart(s). Corrections appear numerically by chart number, and pertain to that chart only. It is up to the mariner to decide which chart(s) are to be corrected. The following example explains individual elements of a typical chart correction.

Chart Number	Chart Edition	Edition Date	Last Local Notice to Mariners	Horizontal Datum Reference	Source of Correction	Current Local Notice to Mariners
12327	91st Ed.	19-APR-97	Last LNM: 26/97	NAD 83		27/97
Chart Title: NY-NJ-NEW YORK HARBOR - RARITAN RIVER						
Main Panel 2245 NEW YORK HARBOR						
(Temp) ADD	NATIONAL DOCK CHANNEL BUOY 3				CGD01	074-02-48.001W
	Green can				at 40-41-09.001N	
Corrective Action		Object of Corrective Action			Position	

(Temp) indicates that the chart correction action is temporary in nature. Courses and bearings are given in degrees clockwise from 000 true. Bearings of light sectors are toward the light from seaward. The nominal range of lights is expressed in nautical miles (NM) unless otherwise noted.

SECTION V - ADVANCE NOTICES

This section contains advance notice of approved projects, changes to aids to navigation, or upcoming temporary changes such as dredging, etc. Mariners are advised to use caution while transiting these areas.

SUMMARY OF ADVANCED APPROVED PROJECTS

Approved Project(s)
None

Project Date **Ref. LNM**

Advance Notice(s)

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-JONES INLET

The U.S. Coast Guard will be making the following change to Aids to Navigation on or about 30 June 2020, weather and operations permitting:

CHANGE Jones Inlet Buoy 5 (LLNR 30930) to Jones Inlet Lighted Buoy 5 (LLNR 30930) Fl Green 4s Green, Removed when endangered by ice.
CHANGE Jones Inlet Buoy 7 (LLNR 30940) to Jones Inlet Lighted Buoy 7 (LLNR 30940) Fl Green 6s Green, Removed when endangered by ice.

Chart 12352

LNM: 11/20

RI-NARRAGANSETT BAY (Chart 13221)-NEWPORT HARBOR

The U.S. Coast Guard will be making the following changes to this waterway:

CHANGE the nominal range of the following aid from 11 nautical miles (NM) to 9 NM.

Newport Harbor Light (LLNR 17850)

This proposal would incorporate Light Emitting Diode (LED) technology as a light source supporting aid modernization and improving reliability.

Previously advertised as a Proposal in LNM 07/20 Refer to Project No. 01-20-014.

Charts: 13221 13223

LNM: 07/20

MA-IPSWICH BAY TO GLOUCESTER HARBOR (Chart 13279)-GLOUCESTER HARBOR

The U.S. Coast Guard will be establishing a mooring buoy as a heavy weather mooring in Gloucester Harbor, south of the Southeast Harbor Mooring Field on or about 15 June 2020 in the following position;

ESTABLISH: Gloucester Harbor CG Mooring Buoy (LLNR 9877) in position 42-35-31.560N 070-39-52.080W

Chart 13279

LNM: 18/20

SECTION VI - PROPOSED CHANGES

Periodically, the Coast Guard evaluates its system of aids to navigation to determine whether the conditions for which the aids to navigation were established have changed. When changes occur, the feasibility of improving, relocating, replacing, or discontinuing aids are considered. This section contains notice(s) of non-approved, proposed projects open for comment. SPECIAL NOTE: Mariners are requested to respond in writing to the District office unless otherwise noted (see banner page for address).

Proposed Change Notice(s)

CT-LONG ISLAND SOUND-SHERWOOD POINT TO STAMFORD HARBOR (Chart 12368)-SAUGATUCK RIVER

The U.S. Coast Guard is considering making the following change to Aids to Navigation:

CHANGE to a seasonal status of Removed when endangered by ice.

Saugatuck River Buoy 20 (LLNR 24875)

Interested Mariners are strongly encouraged to comment on this proposal in writing, either personally or through their organization. All comments will be carefully considered and are requested prior to 24 July 2020 to complete the process. In order to most effectively consider your feedback and improve the data collection, when responding to this proposal, PLEASE INCLUDE size and type of vessel, recreational or commercial, and distance from aid that you start looking for it, and if and how you use the signal in your e-mail. Please do not call the Coast Guard via telephone or other means, only written responses to this proposal will be accepted. Refer to Project No. 01-20-035. E-mail can be sent to: D01-SMB-DPWPublicComments@uscg.mil .

Chart 13229

LNLM: 13/20

SECTION VII - GENERAL

This section contains information of general concern to the Mariners. Mariners are advised to use caution while transiting these areas.

SUMMARY OF GENERAL PROJECTS STILL IN EFFECT

Enclosure

LNLM: 04/19

NY-SHINNECOCK BAY TO EAST ROCKAWAY INLET (Chart 12352)-MORICHES BAY

Severe shoaling is present in Moriches Bay along the Long Island Intracoastal Waterway in the vicinity of Moriches Bay Buoys 24, 26, 27, 28, and 29 extending the entire width of the channel at nearly all tide levels. The area from Buoys 24 to 29 is only navigable at the operators risk. The most severe area of shoaling can be found between buoys 26 and 28 and is less than half the charted channel depth in some areas. Mariners should be aware that the Aids to Navigation in these areas are unreliable due to shoaling and mariners are strongly advised to seek alternate routes.

Chart 12352

LNLM: 16/20

NY/NJ-NY LOWER BAY-SANDY HOOK CHANNEL

Dredging operations have stopped in Sandy Hook Channel between Sandy Hook Channel LGB 11 (LLNR 35155) and Sandy Hook Channel LGB 13 (LLNR 35165). Significant shoaling still extends into the channel. All mariners are urged to exercise caution while transiting this area.

Charts: 12324 12326 12327 12401

LNLM: 10/20

RI-SOUTH OF PT JUDITH

The Coast Guard received a report of a sunken fishing vessel, debris field and diesel fuel sheen approx 3nm SE of Point Judith in posn 41-21.048N 071-24.818W. Mariners are requested to proceed with caution while transiting the area.

Charts: 12300 13218

LNLM: 21/20

NY-SOUTH OF BLOCK ISLAND AND MONTAUK

Geophysical Survey are being done until July 10, 2020 The hours of operation are 7 days a week, 24 hours a day. On scene are side scan sonar, echo sounder and bottom profiler that are monitoring VHF-FM channel 16. Mariners are requested to proceed with caution and at a distance of 1,500 ft from the equipment.

LNLM: 22/20

ATLANTIC OCEAN-GULF OF MAINE-THREE DORY RIDGE – Sunken Vessel

All Mariners are advised the 41' fishing vessel Hayley Ann, sank between Three Dory Ridge and Harvey Blacks Ridge in the approximate position 43°10'25"N, 069°17'43"W. All vessels transiting the area should exercise caution and contact the Coast Guard at (207) 741-5465 with any questions.

MA-MARTHAS VINEYARD-MIACOMET-NEW SHOREHAM

The CG has received a report of a sunken vessel in position 41-58-21.840N 071-05-39.180W approximately 20nm southwest of Nomans Land. The wreck is marked by an unlighted orange buoy. mariners are requested to transit the area with caution and fisherman should exercise caution while engaged in fishing.

Chart 13200

LNLM: 05/20

ME – KENNEBUNK RIVER – Spirit of Massachusetts Mooring

The Spirit of Massachusetts broke free from its mooring during a recent storm and may have shifted its mooring from its charted location. A survey will be conducted to verify its current location, until completed mariners should exercise caution when transiting the area. Any questions may be directed to the Coast Guard MSD Portsmouth, at 603-433-7324.

MA-NO MAN'S LAND

The CG received a report of a sunken vessel in posn 41-58.364N 071-05.653W approximately 20nm southwest of Nomans Land the wreck is marked by an unlit orange buoy mariners are requested to transit the area with caution and fisherman should exercise caution while engaged in fishing.

LNM: 53/19

NY-UPPER BAY-MANHATTAN (REVISED)

A sheet pile has partially detached from the western face of the concrete pier located at the Coast Guard building at Battery Park in Manhattan. The pier is marked with a dayboard marked DANGER DO NOT MOOR. All mariners are advised to transit the area with caution.

LNM: 51/19

NY-FISHER ISLAND SOUND-LATIMER REEF

A sailboat has been reported sunk in (PA) 41-18-08.1N 071-55-47.5W with the mast above the water at low tide approximately 428 yards SE of Latimer Reef Light. The Coast Guard has established a temporary hazard buoy that is White with orange bands and a quick flashing white light to mark the hazard until it is removed. Mariners are urged to exercise caution when in the vicinity.

LNM: 37/19

MA - MASSACHUSETTS BAY - BROAD SOUND-Revised

An 80ft barge sank approximately 1-NM Northwest of the North Channel's BG Buoy in position 42°23.918' N, 70°52.530W/W. The charted depth of water at this location is approximately 92ft . The highest point of the barge is at approximately at -43.7ft. The barge location is marked with a large red Norwegian fender marked with the owners contact information that is attached to the sunken hull. All mariners are urged to use extreme caution when transiting this area.

MASSACHUSETTS AND RHODE ISLAND

Port Access Route Study: The Areas Offshore of Massachusetts and Rhode Island

This bulletin addresses the completion of The Areas Offshore of Massachusetts and Rhode Island Port Access Route Study.

1. From March 26, 2019 through May 14, 2020, the Coast Guard conducted The Areas Offshore of Massachusetts and Rhode Island Port Access Route Study. The study focused on the seven adjacent leased areas of the outer continental shelf south of Martha's Vineyard, Massachusetts and east of Rhode Island that together constitute the Massachusetts/Rhode Island Wind Energy Area (MA/RI WEA). The study was conducted to 1) determine what, if any, navigational safety concerns exist with vessel transits in the study area; 2) determine whether to recommend changes to enhance navigational safety by examining existing shipping routes and waterway uses as any or all of the lease areas within the MA/RI WEA are partially or fully developed as wind farms; and 3) to evaluate the need for establishing vessel routing measures.

2. The information gathered during this study resulted in the following two recommendations:

a. The MA/RI WEA's turbine layout be developed along a standard and uniform grid pattern with at least three lines of orientation and standard spacing to accommodate vessel transits, traditional fishing operations, and search and rescue operations, throughout the MA/RI WEA. The adoption of a standard and uniform grid pattern through the Bureau of Ocean Energy Management approval process will likely eliminate the need for the Coast Guard to pursue formal or informal routing measures within the MA/RI WEA at this time.

Lanes for vessel transit should be oriented in a northwest to southeast direction, 0.6 NM to 0.8 NM wide. This width will allow vessels the ability to maneuver in accordance with the COLREGS while transiting through the MA/RI WEA.

Lanes for commercial fishing vessels actively engaged in fishing should be oriented in an east to west direction, 1 NM wide.

Lanes for commercial fishing vessels actively engaged in fishing should be oriented in an east to west direction, 1 NM wide.

b. That mariners transiting in or near the MA/RI WEA should use extra caution, ensure proper watch and assess all risk factors.

3. The report is available at Federal Register docket number USCG-2019-0131, the federal portal at

<https://www.regulations.gov/docket?D=USCG-2019-0131>, or Coast Guard Navigation Center at

<https://www.navcen.uscg.gov/?pageName=PARSReports>.

4. For questions regarding this Marine Safety Information Bulletin contact Mr. Craig Lapiejko, Waterways Management at First Coast Guard District, telephone (617) 223-8351, e-mail craig.d.lapiejko@uscg.mil.

Captain Richard J. Schultz, First Coast Guard District Chief of Prevention, sends

MAINE - BOOTHBAY HARBOR TO BATH - BACK RIVER - Bridge Construction - From 1201 a.m. on June 8 to 1159 p.m. on June 12, the Back River channel through the Barters Island Bridge will be closed to all vessel traffic at the work site to allow installation of the swing span on the new bridge. No vessels will be allowed to pass under the bridge. After June 12 and until **August 15, 2020 or later**, the temporary fixed bridge will reduce the vertical clearance of the channel to 6.8 feet at mean high water (MHW). A 36-foot horizontal channel will be maintained. Temporary channel restrictions may be in effect after June 9. Questions may be directed to Glenn Philbrook, Resident Engineer, at 207-592-7819 or Glenn.philbrook@maine.gov. Mariners should plan accordingly and use caution while transiting the area.
Chart 13296 LNM 22/20 (CGD1)

MAINE - MOOSABEC REACH - Bridge Construction - Work is ongoing on the new Beals Island Bridge across Moosabec Reach between Jonesport and Beals Island, ME (mile 2.4). A temporary work trestle blocks all bridge spans other than the center navigation span. The width of the navigation channel through the center span is 75 feet with a vertical clearance of 37 feet (MHW). Temporary channel restrictions may be in effect during construction. Questions may be directed to Phil Roberts, Maine DOT Resident Engineer at 207-557-5169 or Phil.Roberts@maine.gov. Mariners should use caution while transiting the area.
Chart No. 13326, LNM 22/20 (CGD1)

MAINE AND NEW HAMPSHIRE – PORTSMOUTH TO DOVER AND EXETER – PISCATAQUA RIVER – Bridge Repairs – Bridge repairs to the I-95 Bridge will commence over the navigable waterway on **1 August 2019** between Portsmouth, New Hampshire and Kittery, Maine and will continue through **May 2022**. Working hours are scheduled daily Monday through Friday 6 a.m. to 2:30 p.m. and 9 p.m. to 3:30 a.m. Suspended platforms will be installed under the bridge but will not reduce vertical clearances or impede vessel navigation. Hydraulic suspension trucks and welding will be utilized during the duration of the project, which will temporarily reduce the vertical clearance. Welding and reduction in clearance will cease upon approach of a vessel. Questions concerning the bridge repair project should be directed to Mr. Joel Dietrich, project manager with SPS at 978-423-2438 or Mr. Craig Hurd, ME DOT Resident Engineer at 207-446-1746. The project superintendent will monitor channel 13 and 16 and a safety boat will be on scene during work over the waterway. Mariners should exercise caution while transiting the area.
Chart 13285 LNM 22/20 (CGD1)

VERMONT – LAKE CHAMPLAIN – REVIERE RICHELIEU TO SOUTH HERO ISLAND – Bridge Construction – Construction of the new US Route 2 drawbridge (mile 91.8) from North Hero to Grand Island has resumed. The temporary bridge will open at the top of the hour from 8 a.m. to 8 p.m. daily. Between openings the channel width is restricted to 20 feet from 7 a.m. to 6 p.m. Monday through Friday. The vertical clearance in the closed position is 17.5 feet at mean water level. Vessels that can pass under the bridge between openings are allowed to do so. Mariners should pass with extreme caution and No Wake. Questions may be

directed to Mr. Jeff Ramsey of the Vermont Agency of Transportation at 802-917-4467, or Jacqueline Dagesse, Public Outreach Manager, at 802-324-5522. Mariners are advised to plan their transits accordingly and exercise caution when transiting the area. Chart 14781 LNM 22/20 (CGD1)

NEW HAMPSHIRE – PORTSMOUTH HARBOR - LITTLE HARBOR – Bridge Rehabilitation – Repairs to the Shapleigh Island Bridge and Goat Island Bridge across Little Harbor will commence on March 2019 through **September 2020**. A mobile hydra platform will be utilized for the duration of the project. The platform will be deployed during working hours 7 am through 4:30 pm and removed at the end of each day. Location of the platform will be variable and time dependent reducing the vertical clearance by 6 feet and horizontal clearance by 4 feet. Small scaffolding may be utilized near bents with minimal reduction to clearances. The platform may be removed for emergency situations. Mr. Michael Ferrari may be contacted for additional information at 603-455-1791. Mariners are advised to transit the area with caution. Chart 13283 LNM 22/20 (CGD1)

MASSACHUSETTS - BOSTON INNER HARBOR - CHARLES RIVER - Bridge Repairs – Rehabilitation of the Lechmere Viaduct (mile 1.0) which carries the MBTA Green Line over the Charles River from Science Park Station in Boston to Lechmere in Cambridge will be ongoing until **August 31, 2021**. A temporary work platform will be installed on the bascule span to allow cleaning, painting, and structural repairs. The work platform will reduce the vertical clearance by 5 feet to 28 feet Average Water Level. Temporary closures of the navigable channel will occur. Work barges and work boats will be at various locations. Working hours are from 0700 a.m. to 10 p.m. daily. Mariners may contact the on-scene work boat on VHF channels 13/16 for safe passage. Questions may be directed to the Contractor, SPS New England, Inc., 24 hour POC Patrick Blais at 978-994-2741. Chart 13272 LNM 22/20 (CGD1)

MASSACHUSETTS – BOSTON INNER HARBOR - CHARLES RIVER – Bridge Construction – Construction of fenders for the temporary North Washington Street Bridge starts on May 26, 2020, and will be ongoing until **June 27, 2020**. One channel through the existing bridge and the temporary bridge will be open at all times. A crane barge and other construction barges will be in various locations. The commercial lock of the adjacent New Charles River Dam will be blocked from June 8 to June 17, but the recreational locks will remain open. Vessels requiring access to the commercial lock during this period should contact the Project Superintendent in advance to arrange passage. All vessels should contact the on-scene foreman on VHF channel 13 to arrange passage. The Project Superintendent is Patrick Wilson, J.F. White Contracting Company, at 617-680-7537. Mariners should use caution while transiting the area. Chart 13272 LNM 22/20 (CGD1)

MASSACHUSETTS – BOSTON INNER HARBOR – MYSTIC RIVER – Bridge Repairs – Bridge repairs continue at the Tobin Bridge, mile 0.1, across the Mystic River between Boston and Chelsea through **October 2020**. Working hours are 6 a.m. to 4 p.m., Monday through Saturday. The main channel horizontal clearance will be temporarily reduced to 328 feet by the two temporary scaffolding platforms on the north and south side; this will reduce the vertical clearance by 4 feet for the remaining horizontal clearance of the channel. Signage and red lights will mark the work platforms and a snooper truck will be utilized to install the platforms. Questions concerning this bridgework may be directed to the contractor, J.F. White Contracting Company, 24 hour POC Mr. Eric Ruth at 617-799-2018. Mariners should use caution while transiting the area. Chart 13272 LNM 22/20 (CGD1)

MASSACHUSETTS - BOSTON HARBOR - NEPONSET RIVER - Bridge Repairs - Bridge repairs at the Granite Ave Bridge, mile 2.5, across the Neponset River between Boston and Milton will be conducted through **August 14, 2020**. Working hours are 8 p.m. to 6 a.m., Monday through Friday with some daytime work 7 a.m. to 5 p.m. The main channel horizontal clearance may be temporarily reduced by a working 20'x 50' barge; however, the bridge operating regulation will not be affected. Outside the navigation channel the vertical clearance will be reduced by 5 feet due to scaffolding. Questions concerning this bridge work may be directed to the contractor, SPS Contracting Company, 24 hour POC Mr. William Schurman at 978-265-7263 or to the work barge and draw tender on VHF Channel 13/16. Mariners should use caution while transiting the area. Chart 13272 LNM 22/20 (CGD1)

MASSACHUSETTS - CAPE COD CANAL AND APPROACHES - Bridge Inspection and Maintenance - National Grid will conduct inspections and maintenance under the Sagamore Highway Bridge over the Cape Cod Canal from April 9, 2020 to **October 1, 2020**. Scaffolding will reduce the vertical clearance from 135 feet to 131.5 feet. Questions concerning the project should be directed to Joe Mazzola, Deputy Canal Manager, US Army Corps of Engineers, Cape Cod Canal Field Office at 978-318-8545 or the Army Corp Cape Cod Canal Control office on VHF Channel 13. Mariners should exercise caution while transiting the area. Chart 13236 LNM 22/20 (CGD1)

RHODE ISLAND – MOUNT HOPE BAY – Bridge Repairs – Bridge repairs at the Mount Hope Bridge, mile 0.0, across Mount Hope Bay between Aquidneck Island and Bristol will commence on March 30, 2020 and continue through **December 15, 2020**. Work will occur beneath all spans of the bridge including the center navigation span. Work platforms will be in place beneath the bridge deck; however, they will not extend below existing low steel. There will be no support vessels in the water other than a life-saving skiff. Work hours will typically be from 7 a.m. to 5 p.m. Monday through Friday. Questions should be directed to the Piasecki Steel Construction Corp., Mr. William Bruno at 518-378-1349 (m). Mariners should use caution when transiting the area. Charts 13226 LNM 22/20 (CGD1)

RHODE ISLAND – SEEKONK RIVER - Bridge Repairs - Repairs to the fender system of the Henderson Bridge over the Seekonk River will be conducted from November 1, 2019 to **October 16, 2020**. Work barges will be operating in various locations. Work hours are from 6 a.m. to 6 p.m. Work crews will monitor channels 13/16. Mariners can contact the Aetna Bridge Company at 401-663-6052 for more information. Mariners are advised to use caution when transiting the area. Chart 13224 LNM 22/20 (CGD1)

RHODE ISLAND – SEEKONK RIVER - Bridge Repairs - Repairs to the fender system of the Crooks Point Railroad Bridge, mile 1.2, over the Seekonk River will be conducted from November 1, 2019 to **October 16, 2020**. Work barges will be operating in various locations. Work hours are from 6 a.m. to 6 p.m. Work crews will monitor channels 13/16. Mariners can contact the Aetna Bridge Company at 401-663-6052 for more information. Mariners are advised to use caution when transiting the area. Chart 13224 LNM 22/20 (CGD1)

RHODE ISLAND – NARRAGANSETT BAY - Newport Bridge Repairs – Repairs to the East and West highway approaches to the Newport Claiborne Pell Bridge, mile 4.0, Narragansett Bay will be conducted through **December 15, 2020**. Work barges and support vessels will be operating in various locations outside of the navigation Channel and will monitor channels 13 and 16. Work hours are from 6 a.m. to 6 p.m.; however, barges will remain on scene continuously. Mariners can contact the Aetna Bridge Company at 401-663-6257 or Steve Aguiar, Superintendent, at 401-663-6125 for more information. Mariners are advised to use caution when transiting the area. Chart 13223 LNM 22/20 (CGD1)

RHODE ISLAND – NARRAGANSETT BAY – Jamestown Bridge Repairs - The Rhode Island Bridge & Turnpike Authority and Aetna Bridge Company are conducting repair work on the Jamestown Bridge over the West Passage of Narragansett Bay. Work will take place from November 15, 2019 and continue until **December 1, 2020**. A crane barge, material barge, diving operations and support vessels will be in the vicinity of the bridge. Mariners are requested to operate with no wake & keep clear of diving operations. Work hours are 6:00 a.m. to 6:00 p.m. Project operations will monitor VHF Channels 13 and 16. Questions may be directed to the Project Manager, Steve Aguiar at (401) 663-6125. Mariners are advised to use caution when transiting the area. Chart 13221 LNM 22/20 (CGD1)

CONNECTICUT – CONNECTICUT RIVER – Bridge Repairs – A bridge repair project is underway on the Arrigoni Highway Bridge (Route 66) across the Connecticut River in Middletown **fall 2022**. A working platform/debris shield will reduce the vertical clearance by 10.5 feet throughout the duration of the project. No in water work is planned at this time. Mariners are advised to exercise caution when transiting the area. The CONNDOT point of contact is Barak Brako Frempong, 860-594-3167. Chart 12378 LNM 22/20 (CGD1)

CONNECTICUT – NEW HAVEN HARBOR – QUINNIPIAC RIVER – Bridge Construction – Starting March 9, 2020 until **December 31, 2021**, the City of New Haven will be performing construction activities for the rehabilitation of the Grand Ave Bridge over Quinnipiac River at mile 1.3. The Swing Bridge will remain in the open position the entire duration of the project. Barges and floating dock will occupy one navigational channel leaving the remaining navigational channel open for mariners to transit. All docks and barges will be light with constant red lights for visibility. Mariners with any questions or concerns may contact Project Manager Daniel Butler (860) 250-7128. Mariners are advised to exercise caution when transiting the area. Charts 12371 LNM 22/20 (CGD1)

CONNECTICUT – LONG ISLAND SOUND – NORWALK RIVER – Bridge Repairs – Starting December 7, 2018 ConnDOT will be performing repairs on the Yankee Doodle Bridge over Norwalk River at mile 0.7. A working platform will be installed beneath the bridge deck, which will reduce the navigational vertical clearance from 60 feet to 56 feet at MHW. There will be a 28'x10' aluminum workboat tied to the fender system during construction hours, Monday through Friday 6:30 a.m. to 2:30 p.m. This work is expected to be completed by **May 1, 2021**. Mariners requiring full horizontal clearance can call Kevin Dorynioski at 860-993-6491, Jerry Mals at 860-982-4294, John Jakobeit at 860-229-4853. Mariners are advised to exercise caution when transiting the area. Charts 12364 LNM 22/20 (CGD1)

CONNECTICUT – NORTH SHORE OF LONG ISLAND SOUND SHERWOOD POINT TO STAMFORD HARBOR – NORWALK RIVER – Under Bridge Inspections – From June 17, 2020 to **June 19, 2020** between 8 a.m. and 2 p.m., a 60' under bridge inspection unit (UBIU) will be operating at the Route 136 Bridge across Norwalk River at mile 0.0. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call Luke Cardone (860) 594-3345. Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12368 LNM 22/20 (CGD1)

CONNECTICUT – NIAN TIC BAY – NIAN TIC RIVER - Notice of Temporary Deviation - The Coast Guard has issued a temporary deviation from the regulation governing the S156 Bridge over the Niantic River between East Lyme and Waterford at mile 0.1. Under this temporary deviation, the S156 Bridge may remain in the closed to navigation position from **November 1, 2020 to March 30, 2021**. The deviation supports needed repairs to the bridge. The vertical clearance of the bridge will be reduced from 32 feet to 21.1 feet at mean high water and horizontal clearance will be reduced to 60 feet when the work barge is in the channel. The barge will monitor channels 13/16 and will be moved out of the channel after working hours. Vessels able to pass under the temporary bridge in the closed position may continue to do so. The bridge will not be able to open for emergencies. Questions may be directed to Ms. Rosmary Rodriguez, Connecticut Department of Transportation at 860-594-2127 or the Harbormaster, Ron Johnson at 860-649-0228. Mariners are advised to plan their transits accordingly and exercise caution when transiting the area.
Chart 12372, LNM 22/20 (CGD1)

NEW YORK – LONG ISLAND SOUND – HEMPSTEAD HARBOR TO TALLMAN ISLAND – WESTCHESTER CREEK – Bridge Replacement – There are two temporary lift bridges located North and South of the existing Unionport Bridge across Westchester Creek at mile 1.7. Beginning August 5, 2019, the temporary bridges will be operational and will provide minimum vertical clearance of 17'-2" in closed position and 35' in open position. These temporary bridges will temporarily alter the existing vertical clearance from 53 feet to 35 feet from the above MHW EL+1.78 until **September 2021**. Mariners can contact Abdi Hedayati at (347) 885-8613 regarding the temporary bridges and John Albano at (732) 272-7837 if requiring full horizontal clearance. Mariners are advised to exercise caution and reduce wake when transiting the area and find alternate routes if the vessel exceeds vertical clearance.
Chart 12366 LNM 22/20 (CGD1)

NEW YORK – HEMPSTEAD HARBOR TO TALLMAN ISLAND – NEW ROCHELLE HARBOR – Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Glen Island Bridge across New Rochelle Harbor, mile 0.8, at New Rochelle, New York due to COVID-19 testing site near the bridge. Under this temporary deviation, the Glen Island Bridge shall open on signal as follows: From June 1, 2020 to **June 30, 2020**: between 6 a.m. to 8 a.m.; between 11 a.m. and 2 p.m.; between 6 p.m. and 12 midnight; and two hours advance notice for bridge openings between 12 midnight and 6 a.m. At all other times, the bridge need not open for the passage of vessel traffic. Vessels that can pass under the span without a bridge opening may do so at all times. Mariners are advised to plan accordingly and exercise caution when transiting the area.
Chart 12366 LNM 22/20 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET- SLOOP CHANNEL - Notice of Temporary Deviation - The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Wantagh State Parkway Bridge across Sloop Channel at mile 15.4. The deviation will accommodate the Jones Beach State Park July 4th Fireworks. Under this temporary deviation, the Wantagh State Parkway Bridge may remain in the closed position on **July 4, 2020** from 9:00 p.m. to midnight. Mariners are advised to exercise caution when transiting the area.
Chart 12352 LNM 22/20 (CGD1)

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET- LONG CREEK - Notice of Temporary Deviation - The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Loop Parkway Bridge across Long Creek at mile 0.7. The deviation is needed for the Annual Salute to Veterans and Fireworks Display. Under this temporary deviation, the Long Beach Bridge may remain in the closed position on **June 27, 2020** (rain date June 28, 2020) from 9:30 p.m. until 12:00 a.m. Mariners are advised to exercise caution when transiting the area.
Chart 12352 LNM 22/20 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET- JAMAICA BAY - Notice of Temporary Deviation - The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Marine Parkway Bridge across Jamaica Bay at mile 3.0 to accommodate steel painting. Under this temporary deviation, the Marine Parkway Bridge, from April 15, 2020 through **October 15, 2020**, Monday through Friday between the hours of 8 a.m. and 4 p.m., the draw shall open on signal if notice is given at least two hours in advance of a vessel's time of intended passage through the draw. Questions may be directed to the Marine

Parkway Bridge Desk at (718) 692-5501, or Nicolae Popescu, at (917) 577-3734. Mariners that can pass without a bridge opening may do so and are advised to exercise caution when transiting the area.

Chart 12350 LNM 22/20 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET –JAMAICA BAY– Scour and Fender Repairs – Contractors will be performing fender repairs at the Cross Bay Blvd Bridge over Jamaica Bay at mile 6.0. Contractors will be installing scour and fender protection utilizing barges. At all times there will be a minimum of 100 feet available for mariners' passage. From January 13, 2020 to **August 20, 2020**, a barge (50'x267') and a crane barge (120'x45') will be working at Pier 7 and 8, outside of the navigational channel. From June 17, 2020 to **February 8, 2021**, a barge (150'x40') and a crane barge (267'x50') will be working at pier 3 and pier 6, along the channel. Mariners can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Anthony Macca at (917) 243-0498. Mariners are advised to exercise caution when transiting the area.

Chart 12350 LNM 22/20 (CGD1)

NEW YORK – LONG ISLAND – SHINNECOCK BAY TO EAST ROCKAWAY INLET – REYNOLDS CHANNEL – Bridge Inspections – From June 1, 2020 to **June 12, 2020** between 9 a.m. and 3 p.m., an under bridge inspection unit will be operating at the Long Beach Bridges over the Reynolds Channel at mile 4.7 for bridge inspections. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch 13/16 or call Jan Pawluczuk (646) 872-2967. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12352 LNM 22/20 (CGD1)

NEW YORK – JAMAICA BAY AND ROCKAWAY INLET –JAMAICA BAY– Fender Repairs – From August 17, 2020 to **September 30, 2021** contractors will be replacing the fender protection at the Marine Parkway (Gil Hodges) Bridge over Jamaica Bay at mile 1.0. Contractors will be utilizing a crane barge (50'x267') and a material barge (150'x40') will be working outside of the navigational channel. Any questions or comments can be addressed to Anthony Macca at (917) 243-0498. Mariners are advised to exercise caution when transiting the area.

Chart 12350 LNM 22/20 (CGD1)

NEW YORK –JAMAICA BAY AND ROCKAWAY INLET- MILL BASIN– Bridge Construction – From April 20, 2020 to **December 31, 2020**, there will be barges placed at the Belt Parkway Bridge across Mill Basin at mile 0.8, for construction activities. This will reduce the horizontal navigational channel to 100 feet. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Carl Ortmann (920) 539-2460. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12350 LNM 22/20 (CGD1)

CONNECTICUT – NORTH SHORE OF LONG ISLAND SOUND – GREENWICH POINT TO NEW ROCHELLE – COS COB HARBOR - Inspection – From June 7, 2020 to **June 25, 2020** between 9:00 a.m. and 3:00 p.m., a safety boat performing general bridge inspections will be operating at the Metro-North New Haven Railroad Bridge over the Cos Cob Harbor at mile 0.0. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Kirshna Mehta (215) 872-2347. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12367 LNM 22/20

CONNECTICUT – NORTH SHORE OF LONG ISLAND SOUND – GREENWICH POINT TO NEW ROCHELLE – SAUGATUCK RIVER - Inspection – From June 7, 2020 to **June 25, 2020** between 9:00 a.m. and 3:00 p.m., a safety boat performing general bridge inspections will be operating at the Metro-North Railroad Bridge across Saugatuck River at mile 1.1, in Westport, CT. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Kirshna Mehta (215) 872-2347. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12367 LNM 22/20

CONNECTICUT – NORTH SHORE OF LONG ISLAND SOUND – GREENWICH POINT TO NEW ROCHELLE – PEQUONNOCK RIVER - Inspection – From June 7, 2020 to **June 25, 2020** between 9:00 a.m. and 3:00 p.m., a safety boat performing general bridge inspections will be operating at the Peck Railroad Bridge across Pequonnock River at mile 0.3, in Bridgeport, CT. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Kirshna Mehta (215) 872-2347. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12367 LNM 22/20

CONNECTICUT – NORTH SHORE OF LONG ISLAND SOUND – GREENWICH POINT TO NEW ROCHELLE – HOUSATONIC RIVER - Inspection – From June 7, 2020 to **June 25, 2020** between 9:00 a.m. and 3:00 p.m., a safety boat performing general bridge inspections will be operating at the Devon Railroad Bridge across Housatonic River at mile 3.9, in

Stratford, CT. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Kirshna Mehta (215) 872-2347. Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12367 LNM 22/20

NEW YORK – SHINNECOCK BAY TO EAST ROCKAWAY INLET- LONG CREEK - Notice of Test Deviation - The Coast Guard has issued a test deviation from the regulation governing the operation of the Loop Parkway Bridge across Long Creek at mile 0.7. Under this temporary deviation, the draw of the Loop Parkway Bridge across Long Creek, mile 0.7, may deviate 30 January 2020 to **28 July 2020** as listed below:

For commercial vessels engaged in commerce, the draw shall open Monday thru Friday from 6:20 a.m. to 9:50 a.m. and 3:20 p.m. to 7:20 p.m. at 20 and 50 minutes after the hour, and on signal at all other times.

For all other vessels, the draw shall open on Monday thru Friday from 6:20 a.m. to 7:20 p.m. at 20 and 50 minutes after the hour, on Saturday, Sunday and Federal Holidays from 7:20 a.m. to 8:20 p.m. at 20 and 50 minutes after the hour, and on signal at all other times. Mariners are advised to exercise caution when transiting the area.

Chart 12352 LNM 22/20 (CGD1)

NEW YORK – COXSACKIE TO TROY - HUDSON RIVER – Bridge Rehabilitation – Repairs to the Route 7 (Hoosick Street) Bridge across Hudson River at mile 153.1 will commence on June 4, 2020. There will be hanging temporary platform scaffold at piers 10 and 11. No equipment in the navigation channel. This project is to be completed by **November 30, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12348 LNM 22/20 (CGD1)

NEW YORK – COXSACKIE TO TROY - HUDSON RIVER – Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Livingston Ave RR Bridge across Hudson River at mile 146.2 due to COVID-19 staffing and mechanical support issues. From May 1, 2020 to **June 30, 2020**, the bridge will open on signal at least 4 hours advance notice to the Amtrak dispatcher at 212-630-7465. Mariners are advised to plan accordingly and exercise caution when transiting the area.

Chart 12348 LNM 22/20 (CGD1)

NEW YORK – HUDSON RIVER TO WAPPINGER CREEK – HUDSON RIVER – Pedestrian Walkway Steel Repairs – Construction to the South Span of the Newburgh-Beacon Bridge across Hudson River at mile 62.0 is in progress. All work will be done on top of the bridge. There will not be any obstruction in the channel. Mariners can contact the NYSBA 845-691-4077 for project construction. This project is to be completed by **October 31, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12343 LNM 22/20 (CGD1)

NEW YORK - NEW YORK TO WAPPINGER CREEK - HUDSON RIVER - New Bridge Construction/Demolition – Construction and demolition work continues at the Tappan Zee Bridge across the Hudson River, mile 27.7 and will continue through **July 1, 2020**. The work will involve over one hundred pieces of floating equipment and support vessels that will be moored/anchored or transiting between the Westchester and Rockland county shorelines, including the side Channels and portions of the main navigation Channel. Mariners traveling northbound and southbound are advised that the side Channels to the east and west of the main Channel are closed to vessel traffic. Additionally, mariners are strongly advised to stay clear of all construction equipment and support vessels by 1,000 feet or more when transiting the area.

Estimated full and half Channel closure dates:

The contractor does not expect any additional work to impact the 600 foot wide main Federal navigation channel through 11:59 p.m. on July 1, 2020. Mariners exercise caution in this area.

For the current channel impact status call the project's 24-hour automated message system at (914) 789-3224.

Mooring buoys and Safety Zone: There are 16 equipment moorings located west of the navigation Channel, eight to the south and eight to the north of the bridge. The buoy positions are displayed on corrected editions of NOAA Chart 12343. Each are lit with a 360-degree steady burning white light. The Coast Guard has established a safety zone surrounding these equipment moorings. Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or a designated representative.

Nine buoys have been installed marking the equipment mooring area safety zone. Each buoy has a 39" diameter and a height of 82.5" (64" above the waterline). The buoys are white with an orange warning decal and lit with a white flashing light visible for three nm. All buoys are displayed on corrected editions of NOAA Chart 12343.

Permanent Travelers: Ongoing bridge construction at the New Tappan Zee Bridge will require permanent travelers suspended from and travel east and west along the bottom of both the north and south spans of the new bridge's structures. Each traveler is approximately 18ft wide, and will reduce the vertical clearance by approx. 13ft below low steel. These travelers are mobile and capable of transiting from side to side under the span, and at any time may be located anywhere under the span. Available vertical clearance under traveler platforms is approximately 134ft at MHW near the channel edge and 136ft at MHW at center channel. From March 14, 2019 to **May 31, 2020**, between 7 a.m. and 5 p.m., mariners requiring full vertical clearance in the 600 ft. navigation channel can contact Davin Hazirjian at 914-907-1970 with a minimum of **30 minutes advance notice**. The construction access traveler platforms will move out of the navigation channel after work hours. Mariners can contact CG Sector NY VTS at 718-354-4088 for platform locations. For more information, please see the project website at <https://www.newnybridge.com/>.

Hot work: Burning activities on the existing Tappan Zee Bridge superstructure are ongoing. Operations will take place from 07:00 through 16:30 daily along the remaining in-place western cantilever truss. All petroleum, chemical and hazardous cargo carrying vessels, including barges, cargo ships, tankers and other vessels passing underneath the Tappan Zee Bridge are advised to contact TZC tugs on Ch. 13/16 or alternative TZC rep (**914-907-1970**) at least 30 minutes before they approach, so burning operations can be halted until said vessels are safely through the channel and clear of the bridges. Mariners are advised to reduce wake and use extreme caution while transiting in the vicinity of the Tappan Zee Bridge especially during inclement weather and darkness, and pay particular attention to vessel movements.

NEW YORK – NEW YORK TO WAPPINGER CREEK – HUDSON RIVER - Regulated Navigation Area and Safety Zone – §165.T01-0970 Regulated Navigation Areas and Safety Zone Tappan Zee Bridge Construction Project, Hudson River; South Nyack and Tarrytown, NY

(a) Regulated Navigation Area Boundaries. The following are regulated navigation areas:

(1) "Western RNA": all waters bound by the following approximate positions: 41°04'39.16"N, 073°55'00.68"W on the western shoreline; thence to 41°04'28.34"N, 073°54'47.18"W; thence to 41°04'11.28"N, 073°54'48.00"W; thence to 41°03'57.26"N, 073°54'40.73"W; thence to 41°03'57.36"N, 073°54'47.38"W; thence to 41°03'58.66"N, 073°54'56.14"W; thence to 41°04'03.00"N, 073°55'07.60"W; thence to a point on the western shoreline at 41°04'06.69"N, 073°55'14.10"W; thence northerly along the shoreline to the point of origin (NAD 83).

(2) "Eastern RNA": all waters bound by the following approximate positions: 41°04'21.96"N, 073°52'03.25"W on the eastern shoreline; thence to 41°04'26.27"N, 073°52'19.82"W; thence to 41°04'26.53"N, 073°53'20.07"W; thence to 41°03'56.92"N, 073°53'18.84"W; thence to 41°03'56.69"N, 073°52'24.75"W; thence to a point on the eastern shoreline at 41°03'46.91"N, 073°52'05.89"W; thence northerly along the shoreline to the point of origin (NAD 83).

(b) Safety Zone Boundaries: The following is a Safety Zone: all waters bound by the following approximate positions: 41°04'59.70"N, 073°54'45.54"W; thence to 41°05'00.18"N, 073°53'21.48"W; thence to 41°03'09.24"N, 073°53'16.86"W; thence to 41°03'07.08"N, 073°54'14.70"W; thence to 41°04'11.28"N, 073°54'48.00"W; 41-04-59.700"N, 073-54-00.420"W; 41-03-32.220"N, 073-53-18.180"W; 41-03-08.100"N, 073-53-40.800"W; thence to the point of origin (NAD 83).

(c) Regulations.

(1) The general regulations contained in 33 CFR 165.10, 165.11, and 165.13, 165.20 and 165.23 apply.

(2) Any vessel transiting through the Western RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations.

(3) Any vessel transiting through the Eastern RNA must make a direct and expeditious passage. No vessel may stop, moor, anchor or loiter within the RNA at any time unless they are working on the bridge construction operations or they are transiting to, or from, the special anchorage area codified in 33 CFR 110.60(c)(8) located on the eastern shoreline at Tarrytown, NY and within the boundaries of the RNA.

(4) Entry and movement within the Eastern RNA or Western RNA is subject to a "Slow-No Wake" speed limit. All vessels may not produce a wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway. All vessels must proceed through the Eastern RNA and Western RNA with caution and operate in such a manner as to produce no wake.

(5) Entry into, anchoring, loitering, or movement within the Safety Zone is prohibited unless the vessel is working on the bridge construction operations or authorized by the Captain of the Port New York (COTP) or his designated representative.

(6) All persons and vessels must comply with all orders and directions from the COTP or the COTP has designated representative. The "designated representative" of the COTP is any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP's behalf. The designated representative may be on a Coast Guard vessel or New York State Police, Westchester County Police, Rockland County Police, or other designated craft; or may be on shore and will communicate

with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(7) Upon being hailed by a Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

(8) For the purpose of this regulation, the Federal navigation Channel, located in the Eastern RNA is marked by the red and green navigation lights on the existing Tappan Zee Bridge, and the New NY Bridge. As the project progresses, the Federal navigation Channel will be intermittently closed, or partially restricted, to all vessel transits. While the Federal navigation Channel is closed, vessels that can safely navigate outside the Federal navigation Channel would still be able to transit through the Eastern RNA. The COTP will cause a notice of the Channel closure or restrictions by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners.

(9) Notwithstanding anything contained in this section, the Rules of the Road (33 CFR part 84—Subchapter E, inland navigational rules) are still in effect and must be strictly adhered to at all times.

(d) **Enforcement Periods.** This regulation will be enforced 24 hours a day from 11:59 p.m. on **December 31, 2019 to 11:59 p.m. on July 1, 2020.**

(1) Notice of suspension of enforcement: If enforcement is suspended, the COTP will cause a notice of the suspension of enforcement by appropriate means to the affected segments of the public. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners. Such notification will include the date and time that enforcement will be suspended as well as the date and time, that enforcement will resume.

(2) Violations of this regulation may be reported to the COTP at 718-354-4353 or on VHF-Channel 16.

Chart 12343 LNM 22/20 (CGD1)

NEW YORK – NEW YORK TO WAPPINGER CREEK - HUDSON RIVER – Main Cable Rehabilitation and Sidewalk Modification – Construction to the main cable rehabilitation and sidewalk modification at the George Washington Bridge across the Hudson River at mile 11.0 is in progress. There will not be any obstruction in the Channel. Welding (hot work) may be performed during working hours. The resident engineer or contractor will be equipped with a VHF-FM marine radio and will be monitoring Channel 13/16 during hours of operation. Mariners can contact Marc Helman at 212-435-6112 for construction details. This project is to be completed by **February 15, 2026**. Mariners are advised to exercise extreme caution when transiting the area.
Chart 12343 LNM 22/20 (CGD1)

NEW YORK – NEW YORK TO WAPPINGER CREEK - HUDSON RIVER – Rehabilitation of Lower Level Structural Steel, Painting and Replacement of Maintenance Travelers – Construction to the rehabilitation at the George Washington Bridge across the Hudson River at mile 11.0 will commence on July 1, 2020. Temporary work platform will be installed under the entire length of the bridge. The temporary work platform will reduce the vertical clearance by 3ft 9in plus 2ft sag max. below the low steel. Welding (hot work) may be performed during working hours. The resident engineer or contractor will be equipped with a VHF-FM marine radio and will be monitoring Channel 13/16 during hours of operation. Mariners can contact project manager Chad Ford at 917-559-3235 for construction details. This project is to be completed by **June 30, 2024**. Mariners are advised to exercise extreme caution when transiting the area.
Chart 12343 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – Deck Replacement – Construction on the Throgs Neck Bridge across East River at mile 15.8 is in progress. Temporary work platform will be installed under the main span over navigation channel. The temporary work platform will reduce the vertical clearance by 4ft 6in max. (Including deflection) from the low steel of the bridge. Hot work operations will be performed through November 30, 2022. A barge will be operating IVO Bronx Anchorage through May 29, 2020. A safety boat will be operating IVO the bridge. Any questions regarding construction can contact Jeff Brugge via marine radio VHF-FM Ch. 13/16 or 516-445-3495. This project is to be completed by **November 30, 2022**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – Rehabilitation Approach Spans – Construction on the Throgs Neck Bridge across East River at mile 15.8 is in progress. Temporary work platform will be installed under the Bronx and Queens approach spans. The temporary work platform will reduce the vertical clearance by 3ft max. (Including deflection) from the low steel of the bridge. A barge will be operating under the Queens/Bronx approach spans during installation and removal of the platforms. A safety boat will be operating IVO the bridge. Any questions regarding construction can contact Herbert Negron via marine radio VHF-FM Ch. 13/16 or 718-904-4364. This project is to be completed by **August 31, 2023**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – Misc. Repairs – Construction on the Bronx Whitestone Bridge across East River at mile 13.8 is in progress. Temporary work platforms will be installed immediately adjacent to the Queens and Brooklyn tower. The platforms will extend 45ft on both sides of the centerline of both towers. There is no horizontal or vertical clearance reduction in the navigation channel. Hot work operations may be performed throughout the project. A safety boat will be operating IVO the bridge. Any questions regarding construction can contact Omar Fernandez at 646-661-0918. This project is to be completed by **June 30, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – Replacement of Upper Roadways – Construction on the Queensboro Bridge over East River at mile 5.5 is in progress. All work are on top of the bridge. Hot work operations will be performed through **October 28, 2022**. A safety boat will be operating IVO the bridge. Any questions regarding the construction please contact Anthony Grosso at 718-685-3990 or 347-242-6442. This project is to be completed by **October 28, 2022**. Mariners are advised to exercise caution when transiting the area.
Chart 12342 LNM 22/20 (CGD1)

NEW YORK – HUDSON AND EAST RIVERS – EAST RIVER – Bridge Inspection – Inspection to Queensboro Bridge across East River at mile 5.5 is in progress. From July 6, 2020 to **August 28, 2020** during daylight hours, bridge traveler will be operated under the bridge in order to perform bridge inspection. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Pedro Sanchez at 917-769-3029. The traveler platform will be moved out of the navigable channel after work hours or when not in use. This project is to be completed by **December 31, 2021**. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – EAST RIVER – Bridge Maintenance – On June 5 and June 9, 2020 between 9:30 a.m. and 2 p.m.; and on June 6, 2020 between 6 a.m. and 2 p.m., a bridge traveler will be operated under the Queensboro Bridge over East River at mile 5.5 to perform bridge maintenance. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call 917-295-1856. The traveler platform will be moved out of the navigable channel after work hours or when not in use. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – EAST RIVER – Bridge Construction – Construction to the East Midtown Waterfront Esplanade Bridge, mile 5.1 – 5.7 across East River is in progress. There will be crane, deck and material barges placed between 53rd Street and 61st Street along East River bulkhead. All equipment are operated outside the navigation channel. Mariners with questions regarding the equipment in the waterway may contact Ms. Prybylski at 212-312-3577. This project is to be completed by **January 30, 2022**. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – HUDSON AND EAST RIVERS – EAST RIVER – Bridge Inspection – From May 20, 2020 to **August 20, 2020** during daylight hours, bridge traveler will be operated under the Williamsburg Bridge over East River at mile 2.3 to perform bridge inspection. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call 848-219-5811 or 917-295-1856. The traveler platform will be moved out of the navigable channel after work hours or when not in use. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – EAST RIVER – Bridge Rehabilitation – Three localized underdeck platforms are installed under the Manhattan Bridge across East River at mile 1.1 and will not reduce vertical clearance in the navigation channel more than three feet. Hot work will be performed during this construction period. A 50ft by 110ft barge will be operating IVO Manhattan Tower from January 22, 2020 to April 24, 2020 during daylight hours. Mariners can contact Chad Umphred at 908-307-3890 or Daniel Chasse at 646-522-1248 for barge equipment. This project is to be completed by **April 16, 2021**. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – EAST RIVER – Bridge Maintenance – On **June 4, 2020** between 9:30 a.m. and 2 p.m., a bridge traveler will be operated under the Brooklyn Bridge over East River at mile 0.8 to perform bridge maintenance. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call 917-295-1856. The traveler platform will be moved out of the navigable channel after work hours or when not in use. Mariners are advised to exercise caution when transiting the area.
Chart 12339 LNM 22/20 (CGD1)

NEW YORK – HUDSON AND EAST RIVERS – EAST RIVER – Bridge Inspection – Inspection to Brooklyn Bridge across East River at mile 0.8 is in progress. From June 15, 2020 to **November 12, 2020** during daylight hours, bridge traveler will be operated under the bridge in order to perform bridge inspection. Mariners requiring full vertical clearance can contact the contractor via marine radio VHF-FM Ch. 13/16 or call Robert Drew at 917-573-8229. The traveler platform will be moved out of the navigable channel after work hours or when not in use. This project is to be completed by **December 31, 2021**. Mariners are advised to exercise caution when transiting the area.

Chart 12339 LNM 22/20 (CGD1)

NEW YORK – TALLMAN ISLAND TO QUEENSBORO BRIDGE – EAST RIVER – Bridge Rehabilitation – Construction to the Brooklyn Bridge over East River at mile 0.8 is in progress. Approximate four barges will be operating at the Manhattan Tower from May 28, 2020 to May 28, 2021. No construction equipment will be operating in the navigation channel during rehabilitation. Mariners can contact Bill Ferdinandsen Resident Engineer at 347-242-6203 for construction status. This project is to be completed by **February 28, 2023**. Mariners are advised to exercise caution and reduce wake when transiting the area.

Chart 12339 LNM 22/20 (CGD1)

NEW YORK – EAST RIVER – GOWANUS CANAL – HUTCHINSON RIVER – NEWTOWN CREEK – ENGLISH KILLS – DUTCH KILLS – WESTCHESTER CREEK - Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the following bridges due to COVID-19 staffing and mechanical support issues:

From April 2, 2020 to **June 15, 2020**, the Hamilton Ave Bridge, mile 1.2 over Gowanus Canal and Pelham Parkway Bridge, mile 0.4 over Hutchinson River will open on signal at least 4 hours advance notice to the bridge section office at 212-839-3740.

Mariners are advised to plan accordingly and exercise caution when transiting the area.

Charts 12327, 12338, 12339, 12366 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER - Bridge Rehabilitation – Rehabilitation of the Henry Hudson Bridge over Harlem River at mile 7.2 is in progress. A tug and 20ft by 40ft barge will be operating near Manhattan abutment on May 21, 2020 between 7 a.m. and 7 p.m. to remove hanging temporary platform on the Manhattan abutment. Hot work may be operating within the platform area. All work are locating outside the navigation channel. Mariners can contact Steve Nastro at 646-569-4243 or via marine radio VHF-FM CH 13/16 for barge status. This project is delayed through **September 30, 2020** due to COVID-19 restrictions. Mariners are advised to reduce wake and exercise caution when transiting the area.

Chart 12342 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER – Misc. Structure Rehabilitation and Repairs of Overcoat Painting – Rehabilitation of the Henry Hudson Bridge over Harlem River at mile 7.2 is in progress. A tug and 300ft by 90ft barge will be operating in the navigation channel (during installing and removing of temporary work platform). Temporary work platforms will be installed under the entire arc span and will reduce the vertical clearance by approximately 67in below the low steel. Hot work may be operating within the platform area. Mariners requiring full horizontal clearance can contact Rafael De Soto via marine radio VHF-FM CH 13/16 or call 347-843-8440. This project is to be completed by **March 23, 2023**. Mariners are advised to reduce wake and exercise caution when transiting the area.

Chart 12342 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER – Emergency Closure – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Broadway Bridge across Harlem River at mile 6.8 to facilitate emergency repairs. The bridge need not open for the passage of vessel traffic **through March 14, 2023**. Vertical clearance is approx. 24 feet at MHW. NYCDOT is in contract to repair the bridge. Vessels that can transit under the closed span may do so at any time. Mariners are advised to plan accordingly and exercise extreme caution when transiting the area.

Chart 12342 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – EAST RIVER – HARLEM RIVER – Bridge Inspection – Inspection to the 207th Street Bridge across Harlem River at mile 6.0 will commence on June 8, 2020. Hours of operation are from 8 A.M. to 4 P.M. A barge with lift will be operating under one draw span and the other draw will remain free of obstructions. After work hours, the barge will be moored outside the navigational channel. Mariners can contact the contractor via marine radio VHF-FM Ch 13/16 or 917-498-9956 or 845-641-2008 for barge location. This project is to be completed by June 12, 2020. Mariners are advised to exercise caution when transiting the area.

Chart 12342 LNM 22/20 (CGD1)

NEW YORK - NEW YORK HARBOR – EAST RIVER - HARLEM RIVER – Electrical/Mechanical Rehabilitation – Construction to the Madison Ave Bridge across Harlem River at mile 2.3 is in progress. A protective shield will be installed around the center pier. This shield will not affect operation of the bridge. Any questions to this project can contact Kambiz Riazi at 646-246-6666. This project is to be completed by **April 13, 2022**. Mariners are advised to exercise caution when transiting the area.
Chart 12342 LNM 22/20 (CGD1)

NEW YORK - NEW YORK HARBOR – EAST RIVER - HARLEM RIVER - Fender Damaged - It was reported that the fender system of the Metro North (Park Ave) Bridge across Harlem River at mile 2.1 is deteriorated and missing planks. Horizontal clearance under the bridge is approx. 225ft. Mariners are advised to reduce wake and exercise caution when transiting the area.
Chart 12342 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – Structural Steel Repairs and Painting – Repairs to the Verrazano Narrows Bridge over New York Harbor are in progress. Temporary safe-span platforms will be installed under the entire length of the bridge and will reduce the vertical clearance by approximately 2 ft. below the traveler rail with maximum two feet sag. The temporary platform for 250ft on both sides of the centerline of the bridge for a total of 500ft must maintain less than one foot of vertical clearance reduction below the traveler rail at all times unless approved by Coast Guard Vessel Traffic Service New York (CG VTS-NY). Four corners of temporary platforms marking the 500ft center of the span where less than one foot of vertical clearance reduction is maintained will be lighted with constant burning red lights. Any questions regarding the platforms please contact Chris Daskalakis at 718-639-5880 or CG VTS-NY at 718-354-4088. This project is to be completed by **November 30, 2021**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK – NEW YORK HARBOR – Rehabilitation of the Tower Pedestals, mooring platforms and elevators – Construction on the Verrazano Narrows Bridge over New York Harbor is in progress. A spud barge will be operating IVO Brooklyn or Staten Island tower (outside navigation channel). Hours of operation are from Monday to Saturday between 6 a.m. and 5 p.m. Any questions regarding the spud barge or work please contact James Shimalla at 607-376-6486. This project is to be completed by **November 30, 2020**. Mariners are advised to exercise caution and reduce wake when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – NEWARK BAY – Structural Steel Repairs – Construction to the New Jersey Turnpike Newark Bay (I-78) Bridge, across Newark Bay at mile 4.0 will commence on March 1, 2020. Safe span platforms will be installed under the east and west approach spans and will reduce vertical clearance by 2 feet. POC for this project is William Ritter and can be reached at 973-390-7221. This project is to be completed by **March 30, 2023**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – ARTHUR KILL – Inspections – Inspections to the Goethals Bridge across the Arthur Kill, mile 11.5 is in progress. Hours of operations are from 7 a.m. to 4 p.m. At times, an underdeck traveler will be operating at various locations over the navigation channel. Mariners requiring full vertical clearance can contact Carlo Thompson via marine radio VHF-FM Ch. 13/16 or call 848-231-3359. This inspection is to be completed by **June 30, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – ARTHUR KILL – Biennial Inspection – Inspection to the Outerbridge Crossing Bridge across the Arthur Kill, mile 2.0 will commence on June 8, 2020. Hours of operations are from 6 a.m. to 3 p.m. At times, a 32ft long by 3ft wide movable scaffold or underbridge inspection unit will be operating at various locations over the navigation channel. When a movable scaffold in use, the unit will reduce the vertical clearance by approximately 5ft. Mariners requiring full vertical clearance can contact Joel Bautista via marine radio VHF-FM Ch. 13/16 or call 201-696-6742. This inspection is to be completed by **November 13, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12327 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER – Fender Replacement – Construction to the Routes 1 & 9 Bridge, across Hackensack River at mile 1.8 is in progress. Temporary false work and turbidity barrier will be installed at the existing fender location, which will reduce horizontal clearance by approximately 10 feet. Crane and material barges will be operating in the navigation Channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum of 100 feet of unobstructed Channel at all times. Mariners requiring more than 100 feet of horizontal clearance can contact Jack Clark at 215-815-1251 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER - New Bridge Construction – Replacement of the Wittpenn Bridge across the Hackensack River at mile 3.1 is in progress.

The following TENTATIVE Channel closure schedule will be utilized during the construction of the new bridge towers and lift span: Dates for Daily Full Channel Closure from 6:00 am – 6:00 pm – April 11, 2020. (Full channel closures on April 8-10, 2020 were cancelled).

Full Channel Closure to install the liftspan, 5 days – Early-Mid July 2020.

Dates for approx. 21, daily (24-hour) Channel closures – Early-Mid July to August 2020.

Dates for 74-days of 70 foot vertical clearance restriction – August to October 2020.

12-Hour Advance Notice Protocol: While CCA (contractor) is working in the navigable Channel, other than during the daily/full Channel closures, CCA would like to implement the following 12 Hour Advance Notice Protocol.

1. Mariners will call one of the following three personnel and provide a 12-hour advance notice of their travel time through the Channel, including possible return trips:
 - a. Kevin Brown – Superintendent – 201-708-3776
 - b. Mark White – Mechanical Manager – 973-997-4792
 - c. Pableo Lemus – Project Engineer – 732-433-3827
2. CCA will prepare barges to be moved from the Channel prior to the vessel(s) arrival onsite.
3. Tugboats will move CCA barges from the work hour location in the Channel to the off-hour work location.
4. Mariners will safely transit through the navigable Channel.
5. CCA will remobilize barge(s) back into prior work position(s) once the vessel(s) are safely past the Channel and clear of the jobsite.

Under this protocol, Mariners will provide a 12 Hour Advance Notice, stating when they will be transiting the Channel. Once CCA receives notice from a mariner, the barge(s) will be moved from the navigable waterway and allow the vessel(s) to pass.

Please email “raab_evan@ChinaConstruction.us” if you would like to receive email updates during this portion of the contract. This project will be completed by **January 31, 2021**. Mariners are advised to exercise extreme caution when transiting the area.

Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER – Fender Replacement –

Construction to the Route 3 Eastbound Bridge, across Hackensack River at mile 8.8 is in progress. Temporary false work and turbidity barrier will be installed at the existing fender location, which will reduce horizontal clearance by approximately 10 feet.

Crane and material barges will be operating in the navigation Channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum of 74 feet of unobstructed Channel at all times. Mariners requiring more than 74 feet of horizontal clearance can contact Jack Clark at 215-815-1251 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER – Fender Replacement –

Construction to the Route 3 Westbound Bridge, across Hackensack River at mile 8.9 is in progress. Temporary false work and turbidity barrier will be installed at the existing fender location, which will reduce horizontal clearance by approximately 10 feet.

Crane and material barges will be operating in the navigation Channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum of 75 feet of unobstructed Channel at all times. Mariners requiring more than 75 feet of horizontal clearance can contact Jack Clark at 215-815-1251 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER – Monitoring Equipment

Installation – GPI will be performing interim monitoring at the Piers 15 and 18 of New Jersey Turnpike Bridge across Hackensack River at mile 11.8 is in progress. Nylon ropes/wire cables rigging will be installed around each pier base and to the immediate adjacent shoreline approximately 3ft above mean high water. Ropes/cables will be equipped with reflective tapes/flagging and flashing red lights. This project is to be completed by **June 30, 2020**. Mariners are advised to use main navigation channel and exercise caution when transiting the area.

Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – HACKENSACK RIVER – Fender Replacement –

Construction to the Route 46 Bridge, across Hackensack River at mile 14 is in progress. Temporary false work and turbidity barrier

will be installed at the existing fender location, which will reduce horizontal clearance by approximately 10 feet. Crane and material barges will be operating in the navigation Channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum of 75 feet of unobstructed Channel at all times. Mariners requiring more than 75 feet of horizontal clearance can contact Jack Clark at 215-815-1251 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – BERRY’S CREEK CANAL – Bridge Rehabilitation – Construction to the New Jersey Turnpike Authority Bridge, across Berry’s Creek Canal at mile 0.1 is in progress. There’s no obstruction in the navigation channel. All work are on top of the bridge. Any questions regarding this project can contact Alex Bushong at 201-681-5594. This project will be completed by **September 1, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – PASSAIC RIVER - Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Route 1 & 9 Bridge across Passaic River at mile 1.8. Under this temporary deviation, the bridge need not open for the passage of vessel traffic from February 17, 2020 to **June 19, 2020** in order to facilitate structural repairs. A work platform will be installed under the lift span (above navigation lights) and will maintain 40ft of vertical clearance at mean high water. Vessels that can pass under the span without a bridge opening may do so at all times. Mariners are advised to plan their transits accordingly.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – PASSAIC RIVER – Fender Replacement – Construction to the Routes 1 & 9 Bridge, across Passaic River at mile 1.8 is in progress. Temporary false work and turbidity barrier will be installed at the existing fender location, which will reduce horizontal clearance by approximately 10 feet. Crane and material barges will be operating in the navigation Channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum of 149 feet of unobstructed Channel at all times. Mariners requiring more than 149 feet of horizontal clearance can contact Jack Clark at 215-815-1251 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – PASSAIC RIVER - Notice of Temporary Deviation – The Coast Guard has issued a temporary deviation from the regulation governing the operation of the Point No Point Railroad Bridge across Passaic River at mile 2.6. Under this temporary deviation, the bridge need not open for the passage of vessel traffic from March 23, 2020 to **July 20, 2020** in order to facilitate hydraulic bridge operating equipment. (The repairs delayed due to COVID-19 restrictions affecting parts and labor.) Vessels that can pass under the span without a bridge opening may do so at all times. Mariners are advised to plan their transits accordingly.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – PASSAIC RIVER – East Rest Pier Repairs – Repairs to the Point No Point Railroad Bridge across Passaic River at mile 2.6 will commence on June 15, 2020. Crane and material barges will be blocking under the east draw during construction through **July 13, 2020**. Mariners are advised to use west channel to transit the bridge and to exercise caution when transiting the area.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – PASSAIC RIVER AND HACKENSACK RIVER – PASSAIC RIVER – Notice of Temporary Deviation from Regulations/Emergency Repairs – The Coast Guard has issued a temporary deviation from the regulations governing the operation of the Clay Street Bridge, mile 6.0, Bridge Street Bridge, mile 5.6 and Jackson Street Bridge, mile 4.6, all across Passaic River between Essex and Hudson Counties, New Jersey for emergency repairs. Under this temporary deviation in effect from 12:01 a.m. on October 24, 2019 to 11:59 p.m. on **June 30, 2020**, the draws will open on signal if at least 24 hours advance notice Monday through Friday and 48 hours advance notice Saturday through Sunday is given by calling Luis Rodriguez at 973-332-7281. Vertical clearance at mean high water for the Clay Street Bridge is approx. 8ft; Bridge Street Bridge is approx. 7ft; and Clay Street Bridge is approx. 15ft. Vessels that can transit under the closed span may do so at any time. During this deviation period, all bridges are operating under an Emergency Standard Operating Procedures (ESOP). Mariners are advised to refrain from entering the navigable channel until such time as the span has come to a complete halt. Mariners are advised to plan accordingly and exercise extreme caution when transiting the area.
Chart 12337 LNM 22/20 (CGD1)

NEW JERSEY – RARITAN BAY TO NEW BRUNSWICK - RARITAN RIVER – Bridge Inspection – Inspection to the I-95 Bridge across Raritan River at mile 10.2 will commence on June 8, 2020. Hours of operation are from 8 a.m. to 5 p.m. A 30ft pontoon with 65ft bucket lift will be operating IVO the bridge. Mariners requiring full horizontal clearance can contact the contractor via marine radio VHF-FM CH 13/16 or call Captain Mitchell at 717-715-9830. This project will be completed by **June 11, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12332 LNM 22/20 (CGD1)

NEW JERSEY – RARITAN BAY AND SOUTHERN PART OF ARTHUR KILL – WOODBRIDGE CREEK (RIVER) – Bridge Rehabilitation – Construction to the New Jersey Turnpike Authority Bridge, across Woodbridge Creek at mile 2.3 is in progress. There's no obstruction in the navigation channel. All work are on top of the bridge. Any questions regarding this project can contact Alex Bushong at 201-681-5594. This project will be completed by **August 4, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12331 LNM 22/20 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – CHEESEQUAKE CREEK – Fender Replacement – Construction on the Route 35 Bridge, across Cheesequake Creek at mile 0.0 is in progress. A turbidity barrier will be installed at the existing fender location and will not reduce horizontal clearance in the navigation channel. Crane and material barges will be occupying the navigation channel 7-days per week between 6 a.m. and 6 p.m. through March 25, 2020. Mariners requiring full horizontal clearance can contact Troy Hoffman at 215-208-1759 or Steve Carullo at 609-313-2912 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice on weekdays and 12-hour advance notice on weekends. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.

Chart 12327 LNM 22/20 (CGD1)

NEW YORK AND NEW JERSEY – NEW YORK HARBOR – MATAWAN CREEK – Fender Replacement – Construction on the Route 35 Bridge, across Matawan Creek at mile 0.9 is in progress. A turbidity barrier will be installed at the existing fender location and will not reduce horizontal clearance in the navigation channel. Crane and material barges will be operating in the navigation channel from Monday to Friday between 7 a.m. and 7 p.m. Contractor will maintain a minimum half of unobstructed channel at all times. Mariners requiring full horizontal clearance can contact Jack Clark at 215-815-1251 or Steve Carullo at 609-313-2912 or via marine radio VHF-FM CH. 13/16 with 24-hour advance notice. This project will be completed by **December 31, 2020**. Mariners are advised to exercise caution when transiting the area.
