32 CFR Part 706

RIN 0703–AB03

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes Department of the Navy regulations governing Certification and Exemptions under the International Regulations for Preventing Collisions at Sea, 1972. The certification and exemption of certain naval vessels which cannot comply fully with the International Regulations for Preventing Collisions at Sea, 1972, is governed by statute and executive order which direct that notice of certification of alternate compliance be published in the Federal Register. The content of this part imposes no burden on the public, and the rule is not required. Notice will continue to be provided the public through the publication of notice documents in the Federal Register. Therefore, this rule can be removed from the CFR.

DATES: This rule is effective on January 31, 2019.

FOR FURTHER INFORMATION CONTACT:
LCDR Bradley Davis at 202–685–5040.

SUPPLEMENTARY INFORMATION: 33 U.S.C. 1605 and Executive Order 11964 of January 19, 1977, direct the Department of the Navy to provide public notice in the Federal Register of U.S. Navy vessels which display additional station and signal lights. It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since statutorily required notice will be accomplished through publication of notice documents in the Federal Register.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2018–0376]
RIN 1625–AA00

Safety Zone; Neches River, Beaumont, TX

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is extending the duration of a temporary safety zone on the navigable waters of the Neches River extending 500-feet on either side of the Kansas City Southern Railroad Bridge that crosses the Neches River in Beaumont, TX. The safety zone is necessary to protect the bridge as well as persons and property on or near the bridge from potential damage from passing vessels until missing and/or damaged fendering systems are repaired.
