Upper Potomac River - Alexandria Channel/General/Safety Zones/COPT Restrictions	Safety Zones	General/Safety Zones/COPT Restrictions From: 2025-04-01 To: 2025-09-28 Location: 38.84824° N / 77.03238° W 38.84648° N / 77.02314° W 38.83856° N / 77.0261° W 38.84017° N / 77.03498° W 38.84824° N / 77.03238° W Effective immediately, a temporary safety zone is established in accordance with 33 CFR Part 165.165.T05-0162 Safety Zone; Potomac River, District of Columbia, within an area encompassing all navigable waters from 38.846498 N 077.023108 W, South to 38.838578 N 077.026034 W, West to 38.840101 N 077.034614 W, and North to 38.848126 N 077.032286 W. The Captain of the Port (COTP) Maryland-National Capital Region is currently issuing a Broadcast Notice to Mariners (BNM) via VHF-FM marine channel 16. Mariners are requested to monitor the VHF Channel 16 for the latest information. The safety zone is intended to protect personnel, vessels, and the marine environment in these navigable waters. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. You may not enter the safety zone described above unless authorized by the COTP or COTP's designated representative. To seek permission to enter, contact the COTP or the COTP's representative by telephone at (410) 576-2693 or on Marine Band Radio VHF-FM channel 16 (156.8 MHz). Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative. The U.S. Coast Guard may be assisted in the patrol and enforcement of the safety zone by Federal, State, and local agencies. If you have any questions regarding the contents of this bulletin, please contact the Waterways Management staff <a href="mailto:mdncrwaterways@uscg.mil">mdncrwaterways@uscg.mil</a> .

Mariners are advised that an engineering firm, on behalf of North Carolina Department of Transportation, will be performing construction on the US 64 (Alligator River Bridge) Bridge over AICW (Alligator River), mile 83.5, between Dare and Tyrrell County, NC. Construction began on February 14, 2025, and will continue through November 30, 2029, Monday through Sunday, 24 hours per day. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and/or marine safety information bulletins. To facilitate bridge construction, two temporary crane work trestles will be constructed alongside the location of replacement bridge, one to the south on the west side approach and one to the north on the east side approach. One temporary material/load out trestle will be constructed off the western shoreline to the south of the location of the replacement bridge. All temporary trestles will remain in place for the duration of construction and will not affect the horizontal and vertical clearances of the existing bridge. Mooring piles (19) will be constructed outside the navigational channel to secure material barges during daily operations and inclement weather and three mooring anchoring locations will be temporally used for barges and will be outside the navigational channel. Work vessels barges may be reached on VHF-FM channel 13 and 16. The project foreman may be reached at (850) 461-6116. Mariners should use extreme caution when navigating through the area.

Alexandria Channel - Anacostia River/General/Marine Events/Fireworks	Marine Events	General/Marine Events/Fireworks From: 2025-06-19 To: 2025-07-03 Location: 38.87079° N / 77.00296° W An aerial fireworks display is scheduled to occur on the Anacostia River immediately following the conclusion of the evening MLB games at Washington Nationals Ball Park on July 3, 2025. As described in 33 CFR section 165.506, a safety zone is established for all waters of the Anacostia River within a 600-foot radius of the fireworks barge in approximate position latitude 38°52'14.84" N., longitude 077°00'10.65" W., located near the Washington Nationals Ball Park. The safety zone will be enforced from 9:30 p.m. to 10:30 p.m. on July 3, 2025. The general regulations contained in 33 CFR 165.23 apply to this fireworks safety zone. No person may enter or remain in the safety zone unless authorized by the Captain of the Port (COTP) Maryland-National Capital Region. The COTP Maryland-National Capital Region can be contacted by telephone at (410) 576-2525 or by marine band radio on VHF-FM Channel 16. All persons and vessels shall comply with the instructions of the Coast Guard COTP, Coast Guard Patrol Commander or the designated on-scene-patrol personnel. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of a vessel shall proceed as directed. All Coast Guard vessels enforcing this zone can be contacted on marine band radio VHF-FM Channel 16. Other Federal, State and local agencies may assist these personnel in the enforcement of the safety zone. Comments or questions should be directed to Coast Guard Sector Maryland-National Capital Region, Waterways Management Division, at telephone number (410) 576-2596 or (410) 576-2693. Chesapeake Channel - Chesapeake Bay (Maryland) - Fifth District/General/MSIB	MSIB	MARINE SAFETY INFORMATION BULLETIN 12-25 May 30, 2025 HURRICANE SEASONAL ALERT The Captain of the Port, Sector Maryland-National Capital Region (NCR) has set Hurricane Seasonal Alert. Seasonal alert will remain in effect through November 30, 2025, unless otherwise announced. All vessels, facilities, and marinas are asked to take adequate precautions and review their individual Heavy Weather Plans as well as the Sector Maryland-NCR’s Severe Weather Port Contingency Plan, dated 17 November 2021. Facility managers and ship agents are requested to ensure that vessels are provided with the contents of the Severe Weather Port Contingency Plan and made aware of their responsibilities regarding safety of the port in the event of a hurricane. Agents should generally act as liaisons between the Coast Guard and vessels. Facility managers and ship agents should ensure that vessels frequenting the Captain of the Port zone for Sector Maryland-NCR review the Sector Maryland-NCR’s Severe Weather Port Contingency Plan. The plan includes the following items and actions for our port partners. 1.Facility, Vessel, and Barge Actions 2.Request to Remain in Port 3.Severe Weather Checklist – Facilities 4.Severe Weather Checklist – Vessels and Barges If you have any questions regarding the contents of this bulletin or expectations of the Captain of the Port, please contact the Sector Maryland-NRC Command Center at (410) 576-2525 or by email at MDNCRWaterways@uscg.mil

Sector Virginia, Submerged Land Act (SLA) - Chesapeake Channel/General/Bridges/Construction	Bridges	Mariners are advised that a construction firm, on behalf of Virginia Department of Transportation, will be constructing new approach bridges to replace the I-64/US 60 (Hampton Roads Beltway) North and South Approach Bridges, across Hampton Roads, at mile 0.0, between Norfolk, VA and Hampton, VA, commonly referred to as the Hampton Roads Bridge-Tunnel (HRBT). Construction activities will begin March 15, 2021, and are expected to continue through November, 2025. Marine construction activity will take place 24-hours per day, seven days a week. The replacement north approach bridge will be a fixed bridge with a horizontal clearance of 80 feet and a vertical clearance of 16 feet above mean high water at position 37° 00' 24.12" N, 76° 19' 18.84" W for the west span and at position 37° 00' 24.48" N, 76° 19' 15.60" W for the east span. The replacement south approach bridge will be a fixed bridge with a horizontal clearance of 100 feet and a vertical clearance of 16 feet above mean high water at position 36° 58' 15.24" N, 76° 18' 03.96" W. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Tugs, crane barges, material barges, support vessels and crew boats will be operating or stationed in the vicinity of the existing and new approach bridge spans or located within specific Mooring Areas or Safe Harbor locations. Bridge Structures/Work Trestles & Islands – Mariners are advised to maintain a safe distance of 300 feet from all HRBT bridge structures/work trestles, HRBT North Island, and HRBT South Island. Construction managers may establish safe transit corridors through bridge structures/work trestles as construction activity permits. Work trestles will be constructed extending out from the North and South shorelines next to the existing trestles for the duration of the bridge construction to facilitate construction activity. Each pile will be lit by a flashing white light. Hampton Flats Mooring Area – As charted. Changes pending. This area will contain six mooring buoys, lighted with flashing white lights, for the exclusive use of vessels involved in the HRBT Expansion project. The corners of the mooring area are marked with yellow buoys with flashing yellow lights. Mariners should use caution when transiting the area. Phoebe Safe Harbor Area – As charted. Changes pending. This area will only be used by HRBT Expansion project vessels in advance of a severe weather event that requires the vessels to be securely anchored or spudded down in that location. The corners of the safe harbor area are marked with yellow buoys with flashing yellow lights. When utilized, mariners should keep clear of the area. Willoughby Bay Mooring and Safe Harbor Area – As charted. This area contains a straight row of mooring pilings for the exclusive use of vessels involved in the HRBT Expansion project. The two end pilings are marked with a solid red light and each interior piling is marked with a solid yellow light. The perimeter of the mooring and safe harbor area is marked with yellow buoys with flashing yellow lights. Mariners are advised to keep clear of the mooring/safe harbor area. Communications: Hampton Roads Connector Partners tugs and vessels will monitor VHF-FM channels 13 and 16 when work is in progress or vessels are operating in the project area. To reach an on-scene manager, contact Shannon Gresham 757-685-3392 or Kareem Myers 757-256-9715. You may also contact Hampton Roads Connector Partners at 757-373-4799 and/or email MarineOps@hrcpv.com. In case of emergency, please contact USCG Sector Virginia Command Center on VHF-FM Channel 16 or 757-483-8567. Project information may be found at <a href="https://hrbtexpansion.org">https://hrbtexpansion.org</a> .	Lat: 36° 58' 33" Lon: -076° 18' 03"

Delaware River - Delaware River Main Channel/General/Bridges/Maintenance	Bridges	General/Bridges/Maintenance From: 2025-06-02 To: 2028-01-31 Location: 39.827997° N / 75.370962° W Bridge Name: Commodore Barry Highway Bridge Mariners are advised that maintenance work will be conducted on the Commodore Barry Bridge (US-322) over the Delaware River from April 14, 2025, to January 31, 2028. The work will include localized truss strengthening, blasting and painting, structural steel repairs, and deck and utility repairs. Temporary under-deck shielding and work platforms will be installed beneath the cantilever truss spans. These platforms will reduce vertical clearance by up to no more than 5 feet, maintaining a minimum vertical clearance of approximately 176 feet. A 60-foot by 40-foot sectional spud barge will be on station throughout the project, spudded into the nearby riverbed and positioned outside of the navigational channel. The barge will be relocated as necessary to support the work and will not restrict channel traffic. An observer with an unobstructed view both upstream and downstream will provide vessel approach warnings so that all welding and burning over the water will cease upon the approach of any vessel and will resume only once it has safely passed. A safety boat will be on site and will monitor VHF-FM channels 13 and 16 during operations. Mariners are urged to use caution when transiting the area and to monitor future notices for updates.	Lat: 39° 49' 41" Lon: -075° 22' 15"

The Dredge Delaware, along with support equipment, will commence dredging operations around April 15th 2025, through August 2025 deepening the Norfolk Harbor Inner Channel. Operations will be conducted between the Norfolk Harbor Entrance and NIT. Material will be pumped to Craney Island. Although the dredging operations will occur in and around the channel, a floating pipeline will be utilized behind the dredge which will be anchored off in and outside of the channel. Submerged pipeline will be utilized between the dredging area and Craney island. The submerged pipeline will be marked with buoys every 120' with appropriate signs and lights placed at pipeline entry and exit points. The maximum floating pipeline length will approximately be 3,000' and will be anchored and tended by tugboats. The submerged and floating pipeline will need to be moved occasionally as the dredge progresses. The Dredge Operator will standby on channels #13, #16, and #6 VHF-FM. For any emergencies the dredge operator can be reached at 757-508-2326. Traffic should call at minimum 30 minutes prior to expected time of passage. Dredging operations will be conducted 24/7. A slow NO WAKE speed is requested of transiting vessels. All vessels are requested to contact the dredge prior to passing.

A snooper truck will be stationed on the bridge and operate to perform inspection work between 9 a.m. and 3 p.m. The snooper truck will not encroach within the navigation span or navigational clearances. An inspection boat will perform inspection work between 8 a.m. and 5 p.m., from June 2, 2025, through June 6, 2025. Personnel and equipment may be in proximity to the navigable channel and will relocate outside the channel upon request. The bridge will operate in accordance with its normal regulations as set forth in Title 33, Code of Federal Regulations, Part 117.566. Mariners may contact the inspection boat and bridge tender on VHF-FM channel 13 or 16. Mariners should adjust their transit plans accordingly and exercise caution when transiting the area. Crandell, Inc. will be conduction mechanical dredging in the Fishing Creek navigation channel in Annapolis MD. Mechanical dredging will occur along the entire length of the channel starting around the entrance marker "2F" and going the entire channel length all the way to the USCG Annapolis Station. Mobilization will start the 2nd week in June 2025. Crandell will be using Tug "Big C Too", Crane Barge Digger 1, Excavator Barge and numerous other support barges and equipment. Tug and barge operations will be traveling in and out of the Fishing Creek Channel in Annapolis. Mariners are urged to use caution when transiting the area and reduce to a no-wake speed in the vicinity of the equipment for worker safety. Barges will be anchored in the areas. Edwin A. and John O. Crandell, Inc can be contacted via phone at the office 410-867-0200 or on cell 410-991-2376. When working we can be reached on Channel 8.

TITLE	SUBCATEGORY	DESCRIPTION	LOCATION
James River - Hampton River/General/Bridges/Modification	Bridges	General/Bridges/Modification From: 2024-09-13 To: 2026-12-31 Location: 37.03145° N / 76.33731° W Mariners are advised that an engineering firm, on behalf of Virginia Department of Transportation, will be performing construction on the I-64 Westbound Bridge over Hampton River and the East Branch of the Hampton River, and I-64 Eastbound Bridge over the Hampton River and I-64 Eastbound Bridge over the East Branch of the Hampton River, mile 1.2, at Hampton, VA. Construction began on March 4, 2024, and will continue through December 31, 2026, Monday through Saturday, from 6 a.m. to 6 p.m., daily. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Construction includes widening and repairs of the I-64 Westbound Bridge, and replacement of I-64 Eastbound bridges. Work activities include pile driving, concrete bent cap construction, erection of precast concrete girders, superstructure deck placements, structural steel erection and removal of existing structures. To facilitate bridge construction, temporary work trestles will be constructed alongside the existing bridges (Westbound and then Eastbound), and crane barges, material barges and work boats will be stationed and/or operating in the vicinity of the bridges and navigational channel. The work trestle in the vicinity of Hampton Spit has a removable trestle span. Vessels intended transit to or from Hampton Spit may do so, if at least 24-hours notice is given to the project foremen. Work vessels and barges may be reached on VHF-FM channel 13 and 16. The project foreman may be reached at (757) 639-5179 or (252) 312-4876. Mariners should use extreme caution when navigating through the area.	Lat: 37° 01' 53" Lon: -076° 20' 14"

TITLE	SUBCATEGORY	DESCRIPTION	LOCATION

Chesapeake Channel - James River/General/Bridges/Construction	Bridges	<p>Mariners are advised that a construction firm, on behalf of Virginia Department of Transportation, will be constructing new approach bridges to replace the I-64/US 60 (Hampton Roads Beltway) North and South Approach Bridges, across Hampton Roads, at mile 0.0, between Norfolk, VA and Hampton, VA, commonly referred to as the Hampton Roads Bridge-Tunnel (HRBT). Construction activities will begin March 15, 2021, and are expected to continue through November, 2025. Marine construction activity will take place 24-hours per day, seven days a week. The replacement north approach bridge will be a fixed bridge with a horizontal clearance of 80 feet and a vertical clearance of 16 feet above mean high water at position 37° 00' 24.12" N, 76° 19' 18.84" W for the west span and at position 37° 00' 24.48" N, 76° 19' 15.60" W for the east span. The replacement south approach bridge will be a fixed bridge with a horizontal clearance of 100 feet and a vertical clearance of 16 feet above mean high water at position 36° 58' 15.24" N, 76° 18' 03.96" W. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Tugs, crane barges, material barges, support vessels and crew boats will be operating or stationed in the vicinity of the existing and new approach bridge spans or located within specific Mooring Areas or Safe Harbor locations. Bridge Structures/Work Trestles &amp; Islands – Mariners are advised to maintain a safe distance of 300 feet from all HRBT bridge structures/work trestles, HRBT North Island, and HRBT South Island. Construction managers may establish safe transit corridors through bridge structures/work trestles as construction activity permits. Work trestles will be constructed extending out from the North and South shorelines next to the existing trestles for the duration of the bridge construction to facilitate construction activity. Each pile will be lit by a flashing white light. Hampton Flats Mooring Area – As charted. Changes pending. This area will contain six mooring buoys, lighted with flashing white lights, for the exclusive use of vessels involved in the HRBT Expansion project. The corners of the mooring area are marked with yellow buoys with flashing yellow lights. Mariners should use caution when transiting the area. Phoebe Safe Harbor Area – As charted. Changes pending. This area will only be used by HRBT Expansion project vessels in advance of a severe weather event that requires the vessels to be securely anchored or spudded down in that location. The corners of the safe harbor area are marked with yellow buoys with flashing yellow lights. When utilized, mariners should keep clear of the area. Willoughby Bay Mooring and Safe Harbor Area – As charted. This area contains a straight row of mooring pilings for the exclusive use of vessels involved in the HRBT Expansion project. The two end pilings are marked with a solid red light and each interior piling is marked with a solid yellow light. The perimeter of the mooring and safe harbor area is marked with yellow buoys with flashing yellow lights. Mariners are advised to keep clear of the mooring/safe harbor area. Communications: Hampton Roads Connector Partners tugs and vessels will monitor VHF-FM channels 13 and 16 when work is in progress or vessels are operating in the project area. To reach an on-scene manager, contact Shannon Gresham 757-685-3392 or Kareem Myers 757-256-9715. Construction activities will begin March 15, 2021, and are expected to continue through November, 2025. Marine construction activity will take place 24-hours per day, seven days a week. The replacement north approach bridge will be a fixed bridge with a horizontal clearance of 80 feet and a vertical clearance of 16 feet above mean high water at position 37° 00' 24.12" N, 76° 19' 18.84" W for the west span and at position 37° 00' 24.48" N, 76° 19' 15.60" W for the east span. The replacement south approach bridge will be a fixed bridge with a horizontal clearance of 100 feet and a vertical clearance of 16 feet above mean high water at position 36° 58' 15.24" N, 76° 18' 03.96" W. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Tugs, crane barges, material barges, support vessels and crew boats will be operating or stationed in the vicinity of the existing and new approach bridge spans or located within specific Mooring Areas or Safe Harbor locations. Bridge Structures/Work Trestles & Islands – Mariners are advised to maintain a safe distance of 300 feet from all HRBT bridge structures/work trestles, HRBT North Island, and HRBT South Island. Construction managers may establish safe transit corridors through bridge structures/work trestles as construction activity permits. Work trestles will be constructed extending out from the North and South shorelines next to the existing trestles for the duration of the bridge construction to facilitate construction activity. Each pile will be lit by a flashing white light. Hampton Flats Mooring Area – As charted. Changes pending. This area will contain six mooring buoys, lighted with flashing white lights, for the exclusive use of vessels involved in the HRBT Expansion project. The corners of the mooring area are marked with yellow buoys with flashing yellow lights. Mariners should use caution when transiting the area. Phoebe Safe Harbor Area – As charted. Changes pending. This area will only be used by HRBT Expansion project vessels in advance of a severe weather event that requires the vessels to be securely anchored or spudded down in that location. The corners of the safe harbor area are marked with yellow buoys with flashing yellow lights. When utilized, mariners should keep clear of the area. Willoughby Bay Mooring and Safe Harbor Area – As charted. This area contains a straight row of mooring pilings for the exclusive use of vessels involved in the HRBT Expansion project. The two end pilings are marked with a solid red light and each interior piling is marked with a solid yellow light. The perimeter of the mooring and safe harbor area is marked with yellow buoys with flashing yellow lights. Mariners are advised to keep clear of the mooring/safe harbor area. Communications: Hampton Roads Connector Partners tugs and vessels will monitor VHF-FM channels 13 and 16 when work is in progress or vessels are operating in the project area. To reach an on-scene manager, contact Shannon Gresham 757-685-3392 or Kareem Myers 757-256-9715. You may also contact Hampton Roads Connector Partners at 757-373- 4799 and/or email MarineOps@hrcpjv.com. In case of emergency, please contact USCG Sector Virginia Command Center on VHF-FM Channel 16 or 757-483-8567. Project information may be found at <a href="https://hrbtexpansion.org">https://hrbtexpansion.org</a> .	Lat: 36° 58' 16" Lon: -076° 18' 04"
Chesapeake Channel - James River/General/Bridges/Maintenance	Bridges	General/Bridges/Maintenance Bridge Name: 156 State Route Bridge Mariners are advised that a contractor will perform maintenance on the highway drawbridge – SR 156 (Benjamin Harrison Memorial) Bridge across James River, mile 65.0, at Hopewell, VA, commencing on November 18, 2024, until December 31, 2026. The bridge maintenance project will include replacement of the existing fender systems and electrical work on the lifting tower piers. The work will be performed from outside the Federal navigation channel or behind the fender systems. Tugboat Christi (25' by 14'), a 120' by 40' barge with a Manitowoc 4000 Crawler crane, and 120' by 40' material barges will be in the vicinity of the bridge. The bridge tender and vessels/barges may be reached on VHF-FM channel 13, project superintendent at (443) 623-8412, and project engineer at (540) 845-6505. The drawbridge will operate in accordance with the operating regulations set out in Title 33 Code of Federal Regulations Part 117.5. Mariners should adjust their transits accordingly and should use caution when transiting the area.	Lat: 37° 19' 10" Lon: -077° 13' 27"
Chesapeake Channel - James River/General/Bridges/Rehabilitation	Bridges	General/Bridges/Rehabilitation From: 2025-03-11 To: 2026-11-30 Location: 37.3195° N / 77.22406° W Bridge Name: Benjamin Harrison Memorial State Route Bridge Mariners are advised that an engineering firm, on behalf of the Virginia Department of Transportation, will be performing construction of a bridge protection system on the Benjamin Harrison Memorial Bridge over the James River, at mile marker 65.0, near Hopewell, VA. Construction will commence on March 17, 2025, and continue through November 30, 2026, Monday through Friday, from 7 a.m. to 5 p.m. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and/or marine safety information bulletins. To facilitate fender rehabilitation, a working barge will be on scene 24/7 and will be located near the existing fendering systems reducing the horizontal clearance of the bridge approximately 10 feet to approximately 290 feet horizontal clearance. The waterway will remain open to navigation. Work vessels and barges may be reached on VHF-FM channel 13 and 16. The project manager may be reached at (360) 585-7203 and area manager at (912) 438-1058. Mariners should use extreme caution when navigating through the area.	Lat: 37° 19' 10" Lon: -077° 13' 27"
Chesapeake Channel - James River/General/Bridges/Inspection	Bridges	General/Bridges/Inspection From: 2025-05-20 To: 2025-07-27 Location: 37.3195° N / 77.22406° W Bridge Name: Benjamin Harrison Memorial State Route Bridge Mariners are advised that an engineering firm, on behalf of the Virginia Department of Transportation, will be performing an inspection on the Benjamin Harrison Memorial Bridge over the James River, at mile marker 65.0, near Hopewell, VA. To facilitate bridge inspection, the bridge will be maintained in the closed-to-navigation position from 9 a.m. to 3 p.m., Monday through Friday, from July 14, 2025, through July 18, 2025, with alternate dates scheduled from 9 a.m. to 3 p.m., Monday through Friday, from July 21, 2025, through July 25, 2025. A snooper truck will be located in and around the navigation channel, reducing the vertical clearance of the bridge in the closed-to-navigation position by approximately 10 feet, providing approximately 40 feet of vertical clearance above mean high water. During the closure, the bridge will open on signal if at least one hour notice is given. Vessels able to pass through the bridge in the closed-to-navigation position with the reduced vertical clearance may do so at any time. The bridge tender may be reached on VHF-FM channel 13 and (757) 630-5522. At all other times, the drawbridge will operate in accordance with the operating regulations set out in Title 33 Code of Federal Regulations Part 117.5. Mariners should use caution when transiting the area. MSI # 19226.	Lat: 37° 19' 10" Lon: -077° 13' 27"
Chesapeake Channel - James River/General/Marine Construction (Excluding Bridges)/Dredging	Marine Construction (Excluding Bridges)	General/Marine Construction (Excluding Bridges)/Pipeline Installation From: 2024-09-13 To: 2026-01-01 Location: 36.94862° N / 76.41957° W 36.9045° N / 76.43139° W Continuing through December 2025, approximately 17,970 feet of new pipeline will be installed beneath the bottom of the James River by marine trenching operations from the south side of the federal shipping channel and federally maintained anchorage area to the Suffolk shoreline along a non-linear path, between latitudes/longitudes 36.94862°N, 076.41957°W and 36.904509°N, 076.431395°W. Pipe installations will be conducted using a "train", consisting of four (4) individual barges in succession and moving in unison, including: two (2) trench excavation barges; one (1) pipe laying barge; and, one (1) trench restoration barge. Under normal conditions, it is expected the "train" will progress at the average rate of approximately 100 feet per day, with marine trenching, pipe installation and backfill efforts taking approximately 210 days to complete, including allowances for adverse weather conditions. Additional barges will be required for the delivery and storage of pipe and other construction materials. Each individual barge associated with these operations are expected to be approximately 60 feet in width and 180 feet in length and will be individually equipped with four (4) 360-degree visible white warning lights, one (1) light at each corner. Mariners are advised to avoid crossing, and use caution while transiting in proximity to, the "train". At no time will this construction project affect, interfere with, obstruct, nor otherwise adversely impact marine traffic in the federal navigation channel or federally maintained anchorage area. Tug, barge and other vessel operations associated with these construction activities will monitor VHF-FM channels 13 and 16 when work is in progress, or when vessels are operating in the project area. To reach an on-scene manager, contact Tommy Worten 813-957-7000. In case of emergency, please contact USCG Sector Virginia Command Center on VHF-FM Channel 16 or 757-483-8567. Updated project information can be obtained from <a href="https://www.hrsd.com/boat-harbor-underwater-transmission-pipe-installation">https://www.hrsd.com/boat-harbor-underwater-transmission-pipe-installation</a> .	

Chesapeake Channel - James River/General/Marine Construction (Excluding Bridges)/Dredging	Marine Construction (Excluding Bridges)	General/Marine Construction (Excluding Bridges)/Dredging From: 2025-05-07 To: 2025-07-16 Location: 36.94167° N / 76.43611° W Mariners are advised that H & L Contracting will be conducting dredging operations in the Lower James River, VA from 05/29/2025 thru 07/15/2025 for the purpose of harvesting oyster shells. Work hours are 24 hours a day, 7 days a week. A mooring will be anchored South-West of the dredging area to create an anchorage for six or less (unnamed) deck barges, ranging from; 110'-260'L x 30'-60'B (for oyster shells and depositing). The anchorage area will be at approximately 36°56'30"N / 76°26'10"W. All vessels will be marked and lighted in accordance with USCG regulations. All marine equipment operators will be monitoring VHF-FM channel 63 and channel 16 and 13. Dredge and work vessels will monitor VHF-FM channel 13 and 16. H & L Supervisors, Keith Johnson (631-553-1034), and Jordy Johnson (850-557-8593). All Superintendents will be available 24 hours per day. Mariners are advised to reduce speed and proceed with caution in the area.	Lat: 36° 56' 30" Lon: -076° 26' 10"

Cape May Inlet - New Jersey Intracoastal Waterway/General/Bridges/Proposal	Bridges	General/Bridges/Proposal From: 2025-05-09 To: 2025-11-05 Location: 39.20337° N / 74.65674° W Bridge Name: 619 County Route Bridge All interested parties are notified that the Commander, Fifth Coast Guard District has received a proposal from the Cape May County Bridge Commission to convert an existing drawbridge to a permanently fixed bridge over a navigable waterway of the United States. WATERWAY AND LOCATION: Corson Inlet, mile 0.9, at Strathmere, NJ. CHARACTER OF WORK: The proposed project is not for physical modifications for repairs or improvements to the bridge. This is to convert the existing 0.28-mile long, 2-lane highway drawbridge to a permanently fixed bridge. The existing drawbridge has a horizontal clearance of 50 feet and vertical clearance of 15 feet above mean high water in the closed position and unlimited vertical clearance in the open position. The proposed fixed bridge will have a horizontal clearance of 50 feet and vertical clearance of 15 feet above mean high water. A copy of Preliminary Public Notice D05PPN-03-2025, which describes the proposal in detail, can be obtained by calling (206) 815-5085 or by viewing at <a href="https://www.navcen.uscg.gov/?pageName=pnBridges">https://www.navcen.uscg.gov/?pageName=pnBridges</a> . Comments will be received for the record via email to D5Portsmouth-BridgesPublicNotice@uscg.mil by June 10, 2025.	Lat: 39° 12' 12" Lon: -074° 39' 24"

Cape May Inlet - New Jersey Intracoastal Waterway/General/Bridges/Closure (Scheduled Or Emergency)	Bridges	General/Bridges/Closure (Scheduled Or Emergency) From: 2025-05-23 To: 2025-06-30 Location: 39.34163° N / 74.47827° W Bridge Name: Dorset Avenue Bridge The Dorset Avenue Bridge, over the New Jersey Intracoastal Waterway, mile 72.1, in Ventnor City, NJ, is stuck in the closed-to-navigation position until further notice, due to an electronic malfunction for control of the bridge. During the closure, vessels able to safely transit through the bridge in the closed-to-navigation position may do so at any time. Mariners should adjust their transits accordingly and use caution when transiting the area.	Lat: 39° 20' 30" Lon: -074° 28' 42"

The size of the safety zone extends approximately 300 yards offshore from the fireworks launch area located at the high-water mark on the beach at Ocean City, MD. This safety zone will be enforced on July 4, 2025, from 8:30 p.m. to 10:30 p.m. (rain date July 5, 2025) for a fireworks display scheduled at 9:30 p.m.	
Ocean City Inlet/General/Safety Zones/Temporary Regulated Navigation Zones	Safety Zones	General/Safety Zones/Temporary Regulated Navigation Zones From: 2025-05-27 To: 2025-06-16 Location: 38.36356° N / 75.06947° W 38.35889° N / 75.05333° W 38.32297° N / 75.06931° W 38.32736° N / 75.08483° W 38.36356° N / 75.06947° W The 2025 Ocean City Air Show is scheduled to occur above the North Atlantic Ocean during June 14-15, 2025, between 10 a.m. and 5 p.m. both days. High-speed, low-flying aircraft will operate adjacent to the beach area at Ocean City, MD. In addition to these show performance dates, an air show practice and rehearsal is scheduled for June 12-13, 2025, between 10 a.m. and 5 p.m. As described in 33 Code of Federal Regulations (CFR) 100.501, a regulated area is established for all navigable waters of the North Atlantic Ocean within an area bounded by the following coordinates: commencing at a point near the shoreline in vicinity of 33rd Street, Ocean City, MD, latitude 38°21'48.8" N, longitude 075°04'10" W, thence eastward to latitude 38°21'32" N, latitude 075°03'12" W, thence south to latitude 38°19'22.7" N, longitude 075°04'09.5" W, thence west to latitude 38°19'38.5" N, longitude 075°05'05.4" W, thence north along the shoreline to point of origin, located adjacent to Ocean City, MD. This regulated area will be enforced from 9 a.m. to 6 p.m., on each day, June 12-15, 2025. The Captain of the Port (COTP) Maryland-National Capital Region may assign one or more official patrol vessels, as described in § 100.40, to each regulated event listed in the table. For each event assigned a patrol vessel, an Event PATCOM will be designated to oversee the patrol. The patrol vessel and the Event Patrol Commander (PATCOM) may be contacted on VHF-FM Channel 16. The Event PATCOM may terminate the event, or the operation of any vessel participating in the marine event, at any time if deemed necessary for the protection of life or property. The Event PATCOM or official patrol vessel may forbid and control the movement of all persons and vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, the person or vessel being hailed must immediately comply with all directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both. The operator of a vessel in the regulated area must stop the vessel immediately when directed to do so by an official patrol vessel and then proceed only as directed. A person or vessel must comply with all instructions of the Event PATCOM or official patrol vessel. A vessel operator may request permission to enter and transit through a regulated area by contacting the Event PATCOM or official patrol vessel on VHF-FM channel 16. When authorized to transit through the regulated area, the vessel must proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the event area. The air show aerobatics area located within the regulated area is restricted to participants. For any comments or questions contact U.S. Coast Guard Sector Maryland-National Capital Region, Waterways Management Division, at (410) 576-2674 or (410) 576-2693.

## Phoebus Channel

### Additional MSI Categories

TITLE	SUBCATEGORY	DESCRIPTION	LOCATION
James River - Phoebus Channel/General/Bridges/Construction	Bridges	Mariners are advised that a construction firm, on behalf of Virginia Department of Transportation, will be constructing new approach bridges to replace the I-64/US 60 (Hampton Roads Beltway) North and South Approach Bridges, across Hampton Roads, at mile 0.0, between Norfolk, VA and Hampton, VA, commonly referred to as the Hampton Roads Bridge-Tunnel (HRBT). Construction activities will begin March 15, 2021, and are expected to continue through November, 2025. Marine construction activity will take place 24-hours per day, seven days a week. The replacement north approach bridge will be a fixed bridge with a horizontal clearance of 80 feet and a vertical clearance of 16 feet above mean high water at position 37° 00' 24.12" N, 76° 19' 18.84" W for the west span and at position 37° 00' 24.48" N, 76° 19' 15.60" W for the east span. The replacement south approach bridge will be a fixed bridge with a horizontal clearance of 100 feet and a vertical clearance of 16 feet above mean high water at position 36° 58' 15.24" N, 76° 18' 03.96" W. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Tugs, crane barges, material barges, support vessels and crew boats will be operating or stationed in the vicinity of the existing and new approach bridge spans or located within specific Mooring Areas or Safe Harbor locations. Bridge Structures/Work Trestles & Islands – Mariners are advised to maintain a safe distance of 300 feet from all HRBT bridge structures/work trestles, HRBT North Island, and HRBT South Island. Construction managers may establish safe transit corridors through bridge structures/work trestles as construction activity permits. Work trestles will be constructed extending out from the North and South shorelines next to the existing trestles for the duration of the bridge construction to facilitate construction activity. Each pile will be lit by a flashing white light. Hampton Flats Mooring Area – As charted. Changes pending. This area will contain six mooring buoys, lighted with flashing white lights, for the exclusive use of vessels involved in the HRBT Expansion project. The corners of the mooring area are marked with yellow buoys with flashing yellow lights. Mariners should use caution when transiting the area. Phoebus Safe Harbor Area – As charted. Changes pending. This area will only be used by HRBT Expansion project vessels in advance of a severe weather event that requires the vessels to be securely anchored or spudded down in that location. The corners of the safe harbor area are marked with yellow buoys with flashing yellow lights. When utilized, mariners should keep clear of the area. Willoughby Bay Mooring and Safe Harbor Area – As charted. This area contains a straight row of mooring pilings for the exclusive use of vessels involved in the HRBT Expansion project. The two end pilings are marked with a solid red light and each interior piling is marked with a solid yellow light. The perimeter of the mooring and safe harbor area is marked with yellow buoys with flashing yellow lights. Mariners are advised to keep clear of the mooring/safe harbor area. Communications: Hampton Roads Connector Partners tugs and vessels will monitor VHF-FM channels 13 and 16 when work is in progress or vessels are operating in the project area. To reach an on-scene manager, contact Shannon Gresham 757-685-3392 or Kareem Myers 757-256-9715. You may also contact Hampton Roads Connector Partners at 757-373- 4799 and/or email MarineOps@hrcpjv.com. Chesapeake Channel - Potomac River/General/MSIB	MSIB	MARINE SAFETY INFORMATION BULLETIN 13-25 – UPDATE 2 June 6, 2025 ARMY 250TH ANNIVERSARY (Security Zone and Procedures) 1. On June 14, 2025, a celebration of the Army’s 250th anniversary will occur in Washington, D.C. 2. A temporary security zone in accordance with CFR 33 Part 165.508 Security Zone; Potomac River and Anacostia River, and adjacent waters; Washington, D.C. has been established upon the waters of the Potomac River, within an area encompassing all waters from the 14th Street Bridge to the Theodore Roosevelt Bridge and the Tidal Basin. The Washington Channel will remain open to all vessel traffic. The Security Zone will be established from June 13, 2025, at 2:00 PM until June 14, 2025, at 10:00 PM. 3. From 2:00 PM on June 13, 2025, to 1:00 PM on June 14, 2025, if law enforcement vessels are present, mariners may need to seek permission to enter the zone by contacting the Captain of the Port via VHF-marine band radio channel 16 (156.8 MHz) or by telephone number (410) 576 2693. On June 14, 2025, from 1:00 PM until 10:00 PM, no persons or vessels will be cleared to operate within or in the immediate vicinity of this zone. The U.S. Coast Guard may be assisted in the patrol and enforcement of the zone by federal, state, and local agencies. 4. Mariners are encouraged to read and thoroughly understand the boundaries and procedures of the security zone found in the Code of Federal Regulations at <a href="https://www.ecfr.gov/current/title-33/section-165.508">https://www.ecfr.gov/current/title-33/section-165.508</a> .	
Chesapeake Channel - Potomac River/ATON/Proposed Notice of Change	Proposed Notice of Change	ATON/Proposed Notice of Change From: 2025-05-23 To: 2025-11-19 Location: 38.34009° N / 76.9935° W Aid Name: Potomac River Channel Light 33 LLNR: 17710 Action: CHANGE Action Type Change Aid Subtype Due to the deteriorated condition of Potomac River Channel Light 33 (LLNR 17710) which has been deemed unsafe to access. The Coast Guard is proposing the following changes. Change: Potomac River Channel Light 33 (LLNR 17710) to Potomac River Warning Daybeacon A; until it can be removed, with NW dayboards worded “Danger”. Establish:(New) Potomac River Light 33 in approximate position:38 20 25.153N-76 59 33.457W with a flashing 2.5 second green LED light that has a nominal range of 4nm and SG dayboards on pile. New position is approximately 480' Northeast of old structure. Interested Mariners and other stakeholders are strongly encouraged to comment on the potential impacts this proposal would have on navigational safety. You may provide feedback using the U. S. Coast Guard Fifth District Waterway Data Sheet, available online at: D05_LNM_Special_Notice_Waterway_Proposal_Feedback_Form_Indefinite.pdf (uscg.gov). All comments will be carefully considered and are requested prior to July 22, 2025 to be considered in the analysis. Refer to project number 05-25-034(D). The U.S. Coast Guard has established 179 temporary 500-meter safety zones around the construction of 176 wind turbine generators and three (3) offshore substations in Federal waters on the Outer Continental Shelf, east northeast of Virginia Beach, Virginia. This action is necessary to protect life, property and the environment during construction of the foundations and the subsequent installation of the turbine components, from May 1, 2024, to May 1, 2027. When enforced, only attending vessels and those vessels specifically authorized by the Fifth Coast Guard District Commander, or a designated representative, are permitted to enter or remain in the temporary safety zones. Each of the 179 temporary safety zones will be enforced individually, for a period lasting approximately 48 hours, as construction progresses from one structure to the next. See Dominion Energy Monthly Mariner's Update for all activity. https://safe.menlosecurity.com/https://coastalvawind.com/resources.aspx All offshore construction activities are weather dependent and may be pushed out due to projected weather conditions. F/Vs NOREEN MARIE and ALLIANCE will be providing safety vessel duties in the wind energy area and the export cable corridor and can be hailed on CH 16 24/7. Mariners are encouraged to reference the latest Mariner's Update publication for further information on project planning and progress.

Sector Virginia, Exclusive Economic Zone (EEZ) - Sector Virginia, Territorial Sea/General/Hazards To Navigation/Obstructions	Hazards To Navigation	General/Hazards To Navigation/Obstructions From: 2025-04-15 To: 2025-10-12 Location: 36.80794° N / 75.83652° W An underwater obstruction has been reported at position 36° 48' 28.602"N, 075° 50' 11.4612"W in the cable laying corridor for CVOW of the Virginia Beach VA coast. Uncertain nav draft in the area within 100 yards of that position created by a temporary UNDERWATER buoy attached to a cable line that was damaged, to mark the site for future repairs. Mariners should proceed with caution and adjust course to transit around the obstruction while depths above the underwater buoy are unknown pending cable repairs.	Lat: 36° 48' 29" Lon: -075° 50' 11"

Sector Virginia, Exclusive Economic Zone (EEZ) - Sector Virginia, Territorial Sea/General/Safety Zones/Temporary Regulated Navigation Zones	Safety Zones	General/Safety Zones/Temporary Regulated Navigation Zones From: 2025-04-04 To: 2025-08-31 Location: 36.80592° N / 75.70167° W 36.79694° N / 75.69878° W 36.79486° N / 75.69878° W 36.80417° N / 75.71928° W 36.80592° N / 75.70167° W Starting April 4 and until mid-August of 2025 IAW 33CFR 165.501(f)(1) Mariners are requested to maintain a minimum 500 yards safe passing distance from the M/V Livingstone conducting Infrastructure installation; and to use extreme caution when transiting the area to avoid other vessels also altering course to avoid the M/V Livingstone. Crews will be working on Electrical Export Cables offshore from the Virginia State Military Reservation. During this infrastructure construction phase, the M/V Livingstone and supporting vessels will be working on lines laying on the sea floor. This will require the vessel have no maneuverability or opportunity to yield to avoid collision. The boundary of the area the work will be conducted is: 36° 48' 15" N, 075° 43'09.4" W; 36° 48'21.3" N, 075° 42'06" W; 36° 47'49" N, 075° 41'55.6" W; and 36° 47'41.5" N, 075° 43'02.6" W. This vessel movement control measure is only in effect while the M/V Livingstone is operating inside this boundary. Dominion Energy requests concerned vessels contact the onsite safety vessel within this boundary to determine if safe transit is possible before passing within 500 yards of the M/V Livingstone.

Work will begin on March 17, 2025, and continue until December 30, 2027. Commerce Construction will have a crane barge and multiple material barges on site, all work vessels will be outside of the navigational channel. The crane barge will monitor VHF radio channels 13 and 16. Mariners are cautioned to stay clear of the crane barges, operating wires, anchors, buoys, small boats, tenders, and divers associated with the marine activities. Mariners are requested to transit the area at the slowest safe speed to maintain navigation and minimize wake.

This project is scheduled from April 15th, 2024 to February 1st, 2027; with waterside activities being completed by the end of 2026. Starting in mid-June of 2024, one (1) temporary trestle will be installed between 38.8805754591474N, -77.04249015204742W and will extend approximately 94 feet into the river. In July 2024, one additional (1) temporary trestle in the Tidal Basin will be installed at 38.88154282457337N, -77.04085444069864W and will extend approximately 55 feet into the basin. The work area in the Potomac River will span from Arlington Memorial Bridge to The Inlet Bridge following the shoreline of West Potomac Park in stages starting in March of 2025. Directly surrounding the work areas we will have turbidity curtain deployed to contain the work impact zone, two (2) Turbidity Monitoring Bouy's Twenty-Five (25) LF upstream and downstream from the immediate work area. Additional equipment such as boats, crane barges, and material barges in the Potomac River to facilitate the completion of the work. While work is in proximity to a navigable channel, mariners are asked to refrain from entering the work area and maintain a respectful distance with minimize wake to prevent any hazardous conditions from arising for the safety of our Team Members and the traveling public.

Potomac River - Upper Potomac River/General/Bridges/Maintenance	Bridges	General/Bridges/Maintenance From: 2025-06-02 To: 2025-11-29 Location: 38.881149° N / 77.029977° W Bridge Name: Interstate 395 Bridge Mariners are advised that maintenance work will be conducted on the Rochambeau Memorial Bridge (I-395 HOV Bridge, Bridge No. 169-1) across the Potomac River, mile 109.9, from April 30, 2025, to April 30, 2026. The work will include fender system replacement, underwater pier repairs, and topside concrete repairs. Maintenance operations will involve two 40' x 20' sectional spud barges and two 250 HP push boats, which will remain in place on the Northeast span for the duration of the project. The presence of this equipment will necessitate a temporary 20-foot reduction in the width of the navigational channel, leaving approximately 86 feet of horizontal clearance. Due to topside repairs, the installation of temporary work platforms beneath the bridge will reduce the vertical clearance by no more than 5 feet, leaving approximately 19 feet of vertical clearance. Crews will monitor VHF-FM Channels 13 and 16. Mariners should exercise caution and adjust transits accordingly.	Lat: 38° 52' 52" Lon: -077° 01' 48"

Construction will start 7 a.m. July 07, 2025, and will continue through 5 p.m. May 29, 2026. 34' X 110' Barge will be on scene 24/7 and will be located in between both bridge fendering systems in the navigational channel. Work vessels may be reached on VHF-FM channel 13 and will be in contact with the bridge tender. The project manager may be reached at (724) 814-6879. The Barge will relocate and not interfere with the draw bridges normal operations. The drawbridge will operate in accordance with the operating regulations set out in Title 33 Code of Federal Regulations Part 117.579, the draws of West Mains Street and U.S. 50 Business Bridges shall open on signal if at least 4-hour notice is given by calling the bridge operator at (410) 430-7461. Mariners should use extreme caution when navigating through the area.	Lat: 38° 21' 55" Lon: -075° 36' 15"

James River - Willoughby Bay/General/Bridges/Modification	Bridges	General/Bridges/Modification From: 2024-10-07 To: 2026-08-01 Location: 36.96379° N / 76.2791° W Bridge Name: Interstate 64 Westbound Bridge Mariners are advised that a construction firm, on behalf of Virginia Department of Transportation, will be modifying the existing bridge I-64/US 60 (Hampton Roads Beltway/Willoughby Bay) Bridge across Willoughby Bay, mile 1.5, at Norfolk, VA, commonly called the Willoughby Bay Bridge. Construction activities will begin on June 7, 2021, and are expected to continue through December, 2025. Marine construction activity will take place 24-hours per day, seven days a week. The project will involve widening the existing two-lane eastbound and westbound structures into two four-lane structures. This will be done by constructing an additional vehicular lane on each side of the existing eastbound structure and constructing an additional vehicular lane on each side of the existing westbound structure. The modified bridge will be a fixed bridge with a horizontal clearance of 50 feet and a vertical clearance of 25 feet above mean high water. Detailed project information and information concerning waterway closures will be provided via updated local notice to mariners, broadcast notice to mariners and marine safety information bulletins. Tugs, crane barges, material barges, support vessels and crew boats will be operating or stationed in the vicinity of the existing and new bridge spans or located within the specific Mooring/Safe Harbor area. Bridge Structures/Work Trestles: Mariners are advised to maintain a safe distance of 300 feet to the south and 50 feet to the north from the Willoughby Bay Bridge. Construction managers may establish safe transit corridors through bridge trestles as construction activity permits. Work trestles will be constructed extending on out from the North and South shorelines. Willoughby Mooring and Safe Harbor Area – As charted. Mariners are advised to keep clear of the mooring/safe harbor area and are not permitted entry or mooring within the exclusion zone throughout the duration of the project. Communications: Hampton Roads Connector Partners tugs and vessels will monitor VHF-FM channels 13 and 16 when work is in progress or vessels and channels 67 & 71 while operating in the project area. To reach an on-scene manager, call Hampton Roads Connector Partners at 757-703-6060 and the call will be forwarded to an On-Call Hampton Roads Connector Partners Marine contact. You may also contact Hampton Roads Connector Partners via email at MarineOps@hrcpjv.com. In case of emergency, please contact USCG Sector Virginia Command Center on VHF-FM Channel 16 or 757-483-8567.
